Nearly all our duck shooters have returned. Though some fared well, many were not so fortunate. Game was not so plentiful as in former years.

One young man had a narrow escape from drowning. While out in his canoe he thoughtlessly administered a broadside salute to a passing duck: when his canoe capsized.

It is a wonder more serious accidents do not occur as guns should not be so frequently found in the hands of boys who so seldom realize the dangers there are in handling such weapons.

## Verdict for Dr. Pierce

AGAINST THE Ladies' Home Journal.

Sending truth after a lie. It is an old maxim that "a lie will travel seven leagues while truth is getting its boots on," and no doubt hundreds of thousands of good people read the unwarranted and malicious attack upon Dr. R. V. Pierce and his "Favorite Prescription "published in the May (1904) number of the Ladies' Home Journal, with its great black display headings, who never saw the humbie, groveling retraction, with its inconspicuous heading, published two months later. It was boldly charged in the slanderous and libelous article that Dr. Pierce's Favorite Prescription, for the cure of woman's weaknesses and ailments, contained alcohol and other harmful ingredients. Dr. Pierce promptly brought suit against the publishers of the Ladies' Home Journal, for \$200,000,00 damages. Dr. Pierce alleged that Mr. Bok, the editor, maliciously published the article containing such false and defamatory matter with the intent of injuring his business furthermore, that no alcohol, or other bjurious, or habit-forming, drugs are, or over were, contained in his "Fa-vorite prescription"; that said medicine is made from native medicinal roots and contains no harmful ingredients what-

ever and that Mr. Bok's malicious state-ments were wholly and absolutely false. In the retraction printed by said Journal they were forced to acknowledge that they had obtained analyses of "Favorite Prescription," from eminent chemists, all of whom certified that it did not contain alcohol or any of the alleged harmful drugs! These facts were also proven in the trial of the action in the Supreme Court. But the business of Dr. Pierce was greatly injured by the publication of the libelous article with the publication of the libelous article with its great display headings, while hundreds of thousands who read the wickedly defamatory article never saw the humble groveling retraction, set in small type and made as incon-spicuous as possible. The matter was, however brought before a jury in the Supreme Court of New York State which promptly rendered a verdict in the Doctor's favor.
Thus his traducers came to grief and their
base slanders were refuted.
