Many farmers' sons in this county have this summer passed the entrance examination! These boys are still too young to do very much on the larm, and now is their opportunity of a lifetime for securing an education. For these boys and for the elder boys, who may have been out of school for a few years, this course in agriculture at the collegiate offers a golden opportunity. A year or two now spent in the colleg iate, wil, be of incalculable benefit throughout their whole lives. Mr. Reid, the agricultural teacher in Collegiate, will be pleased at any time to give full information concerning the course, either to boys who may be thinking of attending the collegiate, or to their parents. A large number of Farmers' sons should enter this course when the collegtate opens in September.
