ECHOS FROM THE FAIR.

In our hurried write-up of the Millbrook Fair we failed to mention a few very important items and with limited space this week we can only call attention to a couple of them:

The Millbrook Citizen's Band, under the able leadership of Mr McKim, certainly deserve great praise for their excellent music that day, and many compliment ary remarks were heard on every hand concerning their splendid appearance and high-class and well rendered selections.

Mr. George Lock's exhibit of Carriages was one of the best we have ever seen at this big Fair. His up to-date rigs were admired by the five thousand people present. He was awarded three first and two second prizes. This is a most creditable showing, when there was such strong competition Mr. Lock's works on King

A Very Pretty Church Wedding.

A very pretty, though quiet wedding took place in St. Thomas' Church, Millbrook, on Wednesday morning, October 17th, when the Rev. Alexander Allen, Rector of St. Paul's Church, Oakland, California, and Miss Anna Louise Wood, daughter of the late Archibald Wood, were united in the bonds of matrimony. The bride, who was given away by her brother, Mr. William Taylor Wood. wore her going-away gown of brown pongee and was unattended. The Rev. William C. Allen. Special to the Mirror.

Scarcely one but visited Millbrook Fair this year and all were loud in their praise of the increasing popular. ity of our local exhibitions. From early morn till about 1 p.m., there were conveyances of all grades and make-ups, carrying their loads of precious human its to the scene of their annual recrea. tion and profit. That the President and Directors of the Show are deserning of appreciation is evidenced in the large crowd that attended despite the hreatening weather of the morning in the increased finances. Peterboro and Lindsay papers praised their own local Exhibitions to the top notch and perhaps justly, but where were they compared with Millbrook Show? Would a comparison put them first? A tabulated comparison of expenses, receipts, etc., would make interesting reading.
