MICHAEL LOWES.

On Sunday evening, Oct. 20th, there pas ed away in the person of Michael Lowes, one of the oldest and most espected residents of the Township of Emily. The deceased was born in the ounty of Limerick, Ireland, and when very young came with his parents to this country. He was in his eightieth witnessed many changes in a country which was then in its virgin state. Fifty five years ago Mr. Lowes was married to the widow who survives han, and came to live on the farm in the 7th Concession of Emily, where he resided until his death. Of his four children only one survives him, Mr. Wm. Lowes, the present Reeve of the

A Woman's Back

Has many aches and pains caused by weaknesses and falling, or other displacement, of the pelvic organs. Other symptoms of female weakness are frequent headache, dizziness, imaginary specks or dark spots floating before the eyes, gnawing sensation in stomach, dragging or bearing down in lower abdominal or pelvic region, disagreeable drains from pelvic

organs, faint spells with general weakness. If any considerable number of the above symptoms are present there is no remedy that will give quicker relief or a more permagent core than Dr. Pierce's Favorite
Pressiption It has a record of over forty
years of cures It is the most potent
invigorating tenic and strengthening pervine known to medical science. It is made of the glyceric extracts of native medicinal roots found in our forests and contains not a drop of alcohol or harmful, or habit-forming drugs. Its ingredients are

all printed on the bottle-wrapper and attested under oath as correct. Every ingredient entering into "Favorite Prescription" has the written endorsement of the most eminent medical writers of all the several schools of practice-more valuable than any amount of non-professional testimonials—though the latter are not lacking, having been contributed voluntarily by grateful patients in numbers to exceed the endorsements given to any other medicine extant for

the cure of woman's ills. You cannot afford to accept any medicine of unknown composition as a substitute for this well proven remedy of KNOWN COMPOSITION, even though the dealer may make a little more profit thereby. Your interest in regaining health is paramount to any selfish interest of his and it is an insult to your intelligence for him to try to palm off upon you a substitute. dealers. People speak of this as a young man's age, and they tell us that if you are no body at forty, nobody you will remain. Facts could be recited in rebuttal of this theory, but it is not necessary at the moment to do more than , mention the case of Jimmie Reynolds the Port Hope barber who, at the age of 57, 18 showing younger men how to walk the round trip between Port Hope and Toronto, a distance of 128 miles, in thirtysix hours On two occasions young men, claiming to be athletes, have tried to heat the record made by old Mr. Reynolds last year, but they failed. This man of nearly three score has shown a greater capacity and endurance as a walker than any younger man has done, and even should some husky youth come forward and lower the record, all elderly persons, that is to say, all men over forty, will still owe thanks to James Reynolds of Port Hope, for giving the dust to younger men and setting them a pace that few, if any, could follow.
