GIRL WANTED.—Apply McARTHUR HOUSE, Fenelon Falls.—wt.
The scholars of Miss Williams class of the Cambridge-st. Methodist Sunday School met at her home on Saturday afternoon and formed a Missionary Club.
The subscription list for the interior decoration of St. Mary's church is still increasing. The amount subscribed up to the present time is in the neighborhood of \$1,400.
The sale of the Str. Manita to the Otonabee Navigation Co., partly carried out last season, has been completed by the Trent Valley Navigation Co., who likewise wish to sell the Str. Esturion. Private launches and yachts are killing the steamboat business.
Mr. Wallace Jones, of Toronto, was in town Thursday for the purpose of placing his order with the Lindsay Boat Works for a new launch, which will be up-to-date in every respect. Mr. Perrin has several other orders to fill.
The garret or store room of the average home contains many articles that have "seen their best days," which could, with very little trouble, or expense, be converted into "things of beauty" as well as use with a coat of Wood-Lac. Ask Mr. D. Cinnamon for Color Card.
The young people of the town held a very interesting dance and tea, the latter being served at Mr. F. Taylor's restaurant, while the dance took place in the town hall. There were in attendance about one hundred and twenty people and an enjoyable evening was spent.
Wolves are plentiful in the vicinity of Jacks and Serpentine Lakes, Apsley, and are killing off the deer in that section. They refuse to take poison set out for them, as they prefer the warm meat of the deer. It is said that the wolves have killed off more deer than hunters and poachers for the past ten years together.
Mr. R. Neill, the big shoeman, has added another to the several stores he now holds. The Galv Reformer says: Mr. L. W. Johnson, who has conducted the American Shoe Store for the past five years, has sold out to Mr. R. Neill, of the widely known Neill firm, which has stores all through Ontario. The new proprietor took charge to-day.
Bobcaygeon Independent: It is understood that Dr. McCamus has disposed of his lot on Bolton street, between the Cain and Taylor blocks, to Mr. James Capstick, and that Mr. Capstick purposes building.—Mr. W. C. Moore has sold a quarter acre lot next to Mr. Gardens to Mr. E. J. Woolard, who intends erecting a residence, the plans of which are being considered by the contractors.
In touching on the efforts of the Peterboro Temperance League to obtain local option for that city, The Minden Echo winds up by saying, "the city is said to be completely surrounded by local option townships." This would bring Peterborough under the geographical head of "an island" as it is "entirely surrounded by water"—not to mention patent medicines and woodpile jags.
The following Oddfellows were guests at the Pym house Monday ev'g: Byron A. Bowins, W. E. McDonald, Woodville, Jos. Somer, Trout Creek, P. King, A. Doble, H. Scheuter, E. E. Willis, Exbridge, Chas. Kelley, A. Kiers, M. Stillman, W. T. Robson, Fenelon Falls; J. C. Mark, Kinmount; W. T. Stone, Beaverton; Wesley Mark, Chas. River; Chas. McCall, A. Mur-son, Wilbert Lilltrap, Woodville.
The Church of the Sacred Heart, the new Catholic Church in the south ward, Peterboro, will be ready for service by the first of August, according to the statement of one of the contractors. It will be rushed to completion so that this may be accomplished as early as possible. The work is well advanced. The new church will seat about one thousand and will be almost as large as St. Peter's in Peterborough.
INDIGESTION ENDS.
You can eat anything your stomach craves without fear of a case of Indigestion or Dyspepsia, or that your food will ferment or sour on your stomach if you will occasionally take a little Diapensin after eating.
Your meals will taste good, and anything you eat will be digested; nothing can ferment or turn into acid by reason of stomach gas, which causes Belching, Dizziness, a feeling of fullness after eating, Nausea, indigestion (like a lump of lead in stomach), Biliousness, Heartburn, Water brash, Pain in stomach and intestines or other symptoms.
Heretics from the stomach are also nearly unknown where this effective remedy is used. Diapensin really does all the work of a healthy stomach. It digests your meals when your stomach can't. Each triangle will digest all the food you can eat and leave nothing to ferment or sour.
Get a large 50-cent case of Pape's Diapensin from your druggist and start taking to-day and by to-morrow you will actually brag about your healthy, strong stomach, for you then can eat anything and everything you want without the slightest discomfort or misery, and every particle of impurity and gas that is in your stomach and intestines is going to be carried away without the use of laxatives or any other assistance.

Report of High School Inspector on the L. C. I.

A VERY SATISFACTORY REPORT IN GENERAL BUT ACCOMMODATION IS STRONGLY OBJECTED TO—SOME RECOMMENDATIONS—BOARD CONGRATULATED ON SPLENDID STAFF.

The following is the text of the report of Mr. J. E. Wetherell, High School Inspector, on the Lindsay Collegiate Institute as read at the meeting of the Board of Education Wednesday night.—
High School Inspector's Annual Report 1909.
Any improvements in the accommodations and any additions to the equipment, reported to the Department before the 31st day of December next will be taken into account in the ensuing distribution of the High School grant.
Grading of Accommodations.
Water closets 1, water supply 1, school grounds 1, school buildings 2, class rooms 1, halls 1, waiting rooms 3, cap rooms 2, teachers' private rooms 3, desks 1, blackboards 1, lighting 1, heating 1, ventilation 2, gymnasium 3.
I have restored the original grading the W. C.'s on account of the improvement. The blackboards are now in first-rate condition. The accommodations in the teachers' private rooms are quite inadequate. See general remarks. The waiting rooms should be provided with large, strong deal tables.
The grading of the ventilation has been lowered as soot escapes into the class rooms apparently from a defective furnace. The walk to the gymnasium is in bad condition. The gymnasium needs lining throughout, as it is most uncomfortable in the winter weather.
2... Value of Equipment, Etc.
I have deducted from the High School equipment of the Agricultural department (not in use). The inflated values of the old maps has been reduced as in other schools. Still further additions should be made to the art models.
3. Organization.
1. Ratio of pupils to teachers: Form 1, Form 2B and Form 3A are all too large. No class should have more than 40 pupils.
2. Division of duties among teachers.—Satisfactory.
3. Provision for teaching the courses.—The time-table meets the needs of all the pupils and complies with the regulations of the Education Department. Some necessary changes were made during the time of my visit. The work in oral composition should be still further developed.
4. Miscellaneous.
1. Staff—All qualified.
2. Discipline—Excellent.
3. Attendance—All regularly admitted; boys 131, girls 123, 254.
4. Text—All authorized.
5. Registers—Daily, satisfactory, general, properly kept.
6. English literature texts in lower school. The English Master will improve the course.
7. Supplementary reading—I have discussed with the English Master some advisable changes.
8. Sight translation in Latin, Greek, French and German, satisfactory.
9. School flag. This school has a flag.
10. Additions to class room decoration. Nothing done. This important matter should receive early attention.
11. Fire drill. I witnessed a satisfactory fire drill.
5. Character of the Teaching.
The grading under each head ranges as follows: 1 good, 11 fair, 111 poor.
4 bad.
English and history, 1, 2.
Mathematics 1.
Science 1.
Latin and Greek 1.
French and German 1.
Commercial 1.
Art 1.
Reading 1.
Drill, Calisthenics, Gymnastics 11.
This grading does not include the work of the junior teacher, who is doing this term his first High School teaching.
6. Character of the Pupils' Work.
1. Reading—(2A)—Of 36 examined, 21 are good, 17 fair, 1 is poor and 0 bad.
Other pupils (2B)—Of 39 examined, 21 are good, 17 fair, 1 is poor and 0 bad.
Writing of last admitted pupils. 45 examined, 7 are good, 21 fair, 17 poor.
3. Work of pupils in any other lower school object. Spelling, only 10 good in form 1.
4. Bookkeeping-sets. Satisfactory.
5. Work in Art. Last year's course not covered. This year a good beginning, more model drawing desirable.
6. Note books in science. Last year's course not covered. This year's course satisfactory.
7. Drill, Calisthenics and Gymnastics. Calisthenics very good. Drill only elementary.
7. Special Report Under Regulations as to Approved High School.
This School will be placed on the "approved list," IF
1. The Board at once provide \$30 worth of apparatus for pupils sets in physics.
2. The Principal arranges for the deficiencies in the science work of Form 3A, so that the work may be completed before June 15th, and if he continues the special class in Art till Easter.
8. General Remarks.
The Board are to be congratulated on the strong staff which they have secured and on the excellent tone that prevails throughout the whole school while there are of course degrees of merit among the teachers, the people of Lindsay should know that there are but few better staffs in the Province. With a successful future assured, the Board should at once take under consideration the important question of improved accommodation. An addition should be made to the present building to provide more class rooms, a physical laboratory and a good gymnasium.
The accommodation for the teachers should be improved thus:
1. The present room should be retained for the principal alone.
2. The small vacant room upstairs should be fitted up for the lady teachers.
3. The assistant master's should be provided for in the library.
I recommend the purchase of the following accommodations at one: (1) a movable screen to place in front of the heat register in Form 3B. (2) a cabinet or book case for preserving the pupils exhibits required under the approved school schemes.
A new floor should be laid down over the present floor in the laboratory to improve present conditions and to deaden the noise of the constant moving of feet.
Date of inspection, Jan. 13th, 14th, 15th, 1909.
J. E. WETHERELL, Inspector.

Seed Peas For Farmers

We are now giving out peas to grow on contract and as the prices on some varieties have advanced they are going very fast.
Those who have left their order for peas we wish would call and get them and those who have not but intend to grow, write to our office or call at once and select the kind you want before the varieties are all gone.
James M. Squier & Son will give a SPECIAL PRIZE OF TEN DOLLARS for the largest yield of any variety of peas of over ten bushels of sowing in each of the following townships:—Verulam, Ops, Emily, Fenelon and Manvers.
The Blue Imperial and Harrison Glory peas as you all know are old favorites with the farmers around here and of which large quantities are grown every year.
Squier & Flavelle will also give a SPECIAL PRIZE OF TEN DOLLARS in each of the above townships for the largest yield from over ten bushels of sowing of either of these two varieties.
Do Not Delay, But Come in at Once and Leave Your Order.

WEDDING AT FENELON FALLS.

In the presence of only the immediate friends of the contracting parties at the hour of 1.30 p.m. Wednesday, 10th inst., the marriage ceremony of Mr. Ernest Glover, of Toronto, and Miss Mabel, eldest daughter of Mrs. R. McFarland, of Fidler's Hill, was solemnized. Rev. Mr. Cragg, of the Methodist church, officiated. The bride, who was most becomingly attired in a suit of brown broadcloth, with hat to match, was assisted by her sister, Miss Carrie White. Mr. Greer, of Cobourg, performed the duties of best man. After a dainty luncheon had been served, the happy couple left on the evening train for their future home in Eglinton.

LARGEST FUNERAL IN YEARS.

The funeral of the late Mr. Philip Meagher, of Ops, who died Friday evening, took place Saturday a.m., and was one of the largest attended funerals in this section for some years. In terment took place in the R. C. cemetery, after service in St. Mary's church.
The late Philip Meagher was born in Limerick, Ireland, in 1839. He has resided in Ops for forty-five years and during all that time has enjoyed the highest respect and esteem of those who knew him. Five sons and two daughters are left to mourn his loss, in addition to the sorrowing widow. The sons are: William, of Grand Forks, B.C.; and Edward, John, Thomas and Joseph, at home. The two daughters, Misses Mary and Liz-zie Meagher reside at hbv.
