ent" in spirit and in practice. "Both these gentlemen realize that way. the independent vote at the last election produced a result quite unlooked nothing to fear. He has done won- resting up against harvest time?

ders in the short time at his disposal to clear the province of political refuse, much of which was attached to his own party and was an incubus to its progress; and yet he has placed before the province, in a practical way a series of questions of deep interest a chance to develop them; at the first sign of weakening, however, the first indication of subordination-interests inimical to those of the public and he must be left out. This, we take it, is practically the attitude of the "Independent," and we look to see the Whitney candidates receive their support in the elections of June 8th.

EDITORIAL NOTES.

Life is a cocktail, made up for the most part of sweet things, and tinged with a dash of bitters. We must drain it to the dregs to get at the cherry, just as we must live a full and rounded life to know all its pleasures.

The British House of Lords is making a timely move by promoting a bill to prevent the importation of bird plumage, except that of certain specified varieties. It seems the only way to prevent the extermination of some of the most teautiful southern and tropical birds.

The mayor of Belleville vetoed a water power deal which, in his opinion, involved the city in an outlay amounting to \$300,000. That is the sort of mayor to have-one who can do his own thinking, and with the nerve to act according to his dictates. Lindsay has such a man in Mayor

Weekly Sun: It is impossible for any open-minded person to look at the configuration of this continent without thinking that Nature points to a union of the English-speaking race upon it. But the question is not at present being stirred on either side of the line; or, if it is, the stir is that of nervous anxiety on the part of the Imperialists. Meantime nothing but a political line remains to divide Canada from the United States. In every other respect fusion is complete.

Edmonton, the Chicago of the Canadian Northwest, has either committed a great municipal folly or is The Daily Free Press-Delivered by about to commit a blunder of farinflated idea of the place and its The Weekly Free Press, \$1 per year future, when stone, iron and wood the modern method of getting about should be installed.
