TOWN TOPICS. Peel-st. is being rapidly graded and rolled. A large number of people left this morning to pick berries at the rocks. A large number of Italians passed through town last evening for the north. However, every man that comes to make a touch isn't a friend in need. Mr. J. M. Chalmers has improved his new home by having fresh sod laid. The farmers on the Oakwood road laid a telephone system of their own last week. Why is it that trousers buttons never fall off until the day after your wife goes away? One of the things that will set you thinking is to see the man that owes you money going away for a three weeks' vacation. A lynx tree by a dog and shot by Mr. Reading, of Rackety Ranch, Gull Lake, when straightened out, reached from the ground to the shoulders of the man. There was received at the Parliament buildings yesterday a cheque for the sum of \$38,264.92, which is the royalty on the output of the O'Brien mine for the three months ending June 30, last. Peterboro Review: As a result of the epidemic of typhoid fever which is raging among the horses of this county, another animal has died. This is the third horse which has succumbed to the disease in the last week, and the farmers are becoming very much alarmed at the rapid spread of the disease. Including factories and stables the Eaton Co. have twenty-five and a quarter acres floor space in Toronto. Wanamaker's premises in Philadelphia are larger than this. Many acres of this great area has been added by the people of the towns and villages of Ontario, who send to Eaton's the money they should spend with their own merchants. Exchange: The ideas of some Southern law-makers are peculiar, to say the least. A bill introduced in the Georgia legislature, aimed at the wives of women, will render a marriage null and void that has been secured by the aid of scents, false teeth and hair, low cut waists, seductive hosiery, and other auxiliary means used to ensnare the guileless male. A few years ago an equally drastic measure was hurled against the kissing habit, but it realized the fate of the fools who rush in where angels fear to tread.
