

LIVE SPORTING NEWS

C.L.S. vs. BANKERS.

Thursday night C.L.S. and Bankers met again to settle the last two games in which they were tied, and the C.L.S. certainly fixed it for the financiers by the score of 9 to 8.

There was an extra large crowd on hand and they left well pleased after the game. The splendid playing of McHugh for the C.L.S., and Langdon and Cain for the Bankers were the main features of the game.

Duck did not pitch up to his usual mark, only having two put-outs. Langdon, on the other hand, after being put in the box in the fourth and fifth innings, and after Koyl had failed to control his twisters, introduced a little more vim in the game and he played up to his mark by having two assists and three put-outs.

Cain, for the C.L.S., held down backstop fine, and invariably sent them down to O'Neill, and got after some wild throws from different parts of the diamond.

It was in the second and fifth that the Bankers did the trick, batting Duck pretty hard and striking them out to all parts of the field, first one side then the other, everyone making a run on the Bankers line-up except Langdon and Touchburn, Stalker having two in the second and third innings, making the score between the seven players 8 runs.

McHugh, for the C.L.S., played a star game by having nine put-outs and one error.

Cain and J. Spratt played good ball by having put down their credit one assist and two put-outs for Cain, and two assists and one put-out for Spratt.

In the first innings the C.L.S. were first up; J. Spratt went to bat and took a walk to first, but wasn't there long before he was put out. O'Neill was next up, but did not swing the willow fast enough for those zig-zag twisters of Koyl's. Cain was next man up to the pan and touched a nice one out to Langdon who failed to catch him at first. McHugh was next batter and certainly did touch the ping-pong, landing it out between right field and centre, bringing in Cain. Fee was next to swing the willow and landed one out in Stalker's direction, bringing in McHugh. Duck was next and touched a little one out to O'Neill and reached first safely, leaving Fee on the third bag. Primeau was next, but instead of landing one on the race track, put it into Stalker's mitt, leaving three men out and two runs chalked down.

The Bankers were the next up, but did not get past first base.

The C.L.S. did nothing in the second, but the Bankers did by scoring five runs by Greene, Cotton, Stalker, Logan and Bloomfield. In the third the C.L.S. followed the Bankers and also scored five runs by Cain, McHugh, Fee, Duck and Primeau. In the fourth neither team got past first bag, but in the fifth the Bankers almost tied the score by the two runs by Dobson and Koyl, and the C.L.S. again scored two runs on Fee and Duck, leaving the victory to them by the close score of 9 to 8, and getting one victory put down on the schedule. The score was as follows:

| C. L. S. | |
|------------------------|----------------|
| J. Spratt, 3rd b..... | 4 0 0 1 2 0 |
| O'Neill 2nd b..... | 3 0 0 0 2 0 |

WHIP THEM ANYHOW.

Because the British tug-of-war team at the Olympiad wore heavy boots when they defeated the Americans, the latter protested, but the committee declined to uphold the protest, and awarded the Britishers the victory they rightfully won. Then, with indomitable British pluck the champions called the Yankee bluff and issued a challenge for a match, the members of both teams to appear in any attire the Americans might suggest, the contest to be for love, charity or marbles.

HOUSETOP GRAND STANDS.

Chicago, July 22.—When Joe Tucker smashed out a home run on Friday, winning the game from the Giants, William Hudson, West Madison-st., witnessing the play from the top of a four-storey flat just outside the park, became so enthusiastic that he fell off the building and his neck was broken.

The incident may result in stringent legislation forbidding the housetops "grand stands" which hang around both parks. The owners of the houses sell seats at reduced rates and reap a large harvest every season. The park owners have so far fought them unavailingly, but the death of Hudson is likely to bring results.

STURGEON POINT REGATTA.

The coming regatta is now the topic of conversation among the cottagers at the Point and the residents of the town. Many entries have been coming in for every race, and it is believed that the regatta this year will excel anything ever attempted before. Mr. Reg. Bloomfield will have everything in the canoe line cinched, but there are several husky paddlers coming up against him. Bloomfield, while out paddling the other day, kept in line with a gasoline launch for over 300 yards. The race was very exciting, and the canoeist was in splendid form for such a contest.

ORIENTALS VS. WIDEAWAKES.

Friday night the Wideawakes and Orientals met again in an exciting game of ball, in which the Wideawakes pulled out with a close victory 4 to 3.

There was a large crowd on hand and left well pleased after the exhibition. "Davie" Kerr's decisions were to the satisfaction of all.

The playing of Dick Gray and Cinnamon for the Wideawakes, and Dusty and Menzies for the Orientals, was a feature of the game, "Dickey" having 9 strike-outs, one of the highest this season, and Dusty but 1 strike-out, but his playing to the bases was the main feature of the game, although he had about six stitches in his scalp from the lacrosse game with Peterboro.

Cinnamon caught for the Wideawakes and was up to the old notch reached in the game with the Redskins in the years gone by. His throwing from home to Workman was excellent.

Menzies played a good game at short stop, and certainly put his mit on those hot ones of the last year's champions.

It was in the first and third in-

nings that the Wideawakes did the trick by the scoring of Williams, Cinnamon and Workman, batting Suggitt, who was in the box in the first innings, pretty hard, but at times "Dickey" also got his share.

In the first innings the Orientals were first to bat. Williams poked a nice one out in Long's direction and Cinnamon also sent one out to the pines to Dusty. Workman was next to the pan, and put one out over Long's fingers, bringing in Williams and Cinnamon and landing himself on second base. Hopkins was the next batter, but did not know there was a hole in the bat, causing him to fan before those zig-zag twisters of Suggitt. J. Gray was next up, and on the first ball poked one out in Long's direction and landed himself on second bag, but was caught out while stealing home.

Dick Gray and Nesbitt followed, leaving two bags full and Moynes to bat, but struck at the first ball, landing it into Suggitt's mit, making three men out and two on bases.

When the Orientals came up, Dusty made a touch to short landing on first bag. Long died before those twisters of Gray's, and Anderson who followed next landed the sphere out in Mc Mahon's direction, bringing in Dusty. Miller was caught out at first, but Calder succeeded in bringing in Anderson and himself on an error by Cinnamon. Menzies followed, but was put out at first before he could hit the ball, leaving three men gone and the score 3-3.

In the second neither team scored, but in the third another run was chalked down for the Wideawakes by Workman. In the fourth and fifth neither team scored again after a tight struggle, leaving the victory to the Wideawakes by the close score of 4-3.

The score was as follows:

| Wideawakes. | |
|---------------------------|----------------|
| Williams, l. f..... | 3 1 2 0 0 0 |
| Cinnamon, c..... | 3 1 0 10 2 2 |
| Workman, 2nd b..... | 2 2 0 0 0 1 |
| Hopkins, 1st b..... | 2 0 0 4 0 1 |
| J. Gray, 3rd b..... | 2 0 1 0 3 1 |
| D. Gray, p..... | 2 0 0 1 9 0 |

| Total..... | 19 3 1 12 13 5 |

Summary.

Two-base hits—Workman, J. Gray. Struck out—by Suggitt, 1; by Dusty, 1; by Gray, 1; off Dusty, 0. Home runs—Calder, on error. Umpire—Kerr.

LONG RUN TO NEW YORK.

Star: T. J. McAughey is going to run some next week. He is going to leave the City Hall here in an effort to run all the way to New York, under the auspices of the West End Young Men's Christian Association. McAughey has trained faithfully for the severe task, and expects to establish a new record between here and New York, if any really exists.

BOBBY KERR WINS GLORY.

(Special to Free Press.) London, July 23rd, 1908.—Bobby Kerr, of Hamilton, wins finals in 200 metres race in 22 2-5, finishing nine inches ahead of Cloughen, United States. Cartmell, United States, third. Kerr led all the way.

THE ELASTIC MILE.

The English and American mile is 1,760 yards, or 5,280 feet. In France, Holland and Belgium it is 1,000 meters, or 1,094 yards; in Spain it is 1,522 yards; in Russia, 1,167 yards; in China, 609 yards; in Norway and Sweden, 1,160 yards; in Germany it equals three English miles; in Italy 2,025 yards; in Portugal, 2,250 yards; in Austria, 8,297 yards, and in Denmark, 8,238 yards.

KERR BEATEN IN FINALS.

London, July 22.—Walker, of South Africa was a full half yard ahead of Rector, who was three inches ahead of Bobby Kerr. The time, 10 4-5 seconds.

Walker jumped into the lead, with Kerr behind Rector. The Canadian came fast, and just failed to overhaul the American. Walker's last ten yards were a wonderful effort. Near the end Kerr glanced sideways at the expected danger from Walker, thereby possibly forfeiting the place. This crowd cheered several minutes. This is the first colonial success.

The enthusiasm was great, since it was a Yankee reverse. Walker, the winner, was presented to the Duke of Con-

SPORTING SUMMARY.

Buffalo Driving Club will distribute \$29,000 at the grand circuit meeting. The Lindsay lacrosse team are keeping up their nightly practices and will be in fine shape to go to Peterboro.

The Prince of Wales started the lacrosse game between Toronto and the Nationals. Toronto won the gold medals by a score of 6 to 1.

Thos. McAughey, of the West End Y.M.C.A., Toronto, started yesterday on a 600 mile run to New York. He expects to cover the distance in 12 days.

Canada should have an Olympic meet of her own next year. We understand the Yankees better than the English do. They are not used to fighting in the bush.

Haekenschmidt, the great wrestler, has recovered from his illness, and says he will visit America again. He offers to wager \$25,000 or more that he can defeat Frank Gotch, who won the world's championship from him at Chicago a few months ago.

The way the American athletes behaved at the Olympic games is characteristic of the race. In a boat race, if they lose the first two races, a new commodore is generally imported who can win. This has been done during the two recent meets.

The Examiner road race in Peterboro should be more popular than ever this year. Simpson ran his first race there, and his splendid showing in England should make the race more popular.

Counting the cost of the present trip, the New Westminster Lacrosse Club has spent about \$6,000 in trying to lift the Minto cup.

Flanagan named the donkey that pulled Longboat over the country roads to church in Ireland "Jimie S." after the United States commissioner of the Olympic games.

The Amateur Athletic Association of Alberta has forwarded articles of alliance with the C.A.A.U. The C.A.A.U. chain is now complete from Atlantic to Pacific, with the exception of Quebec.

Robert Harriman, of Yale, arrived in Syracuse Monday afternoon, in a two thousand mile walk, in which twenty-four students are engaged. They represent McGill, Toronto, Harvard, Yale, Cornell and Princeton, and are walking under the auspices of the Canadian Amateur Athletic Union. The route leads from Montreal to Chicago, returning by way of Columbus, Ohio, Pittsburg and Philadelphia to New York. Harriman, now in the lead, left Montreal with the other contestants at five o'clock on Wednesday morning, July 15th.

The Lanark Era reports a Longboat performance by Abraham Robinson, of that place. "Abe" was visiting at Dalhousie Lake, and when taking a walk along an old shanty road was confronted by a bear and two cubs. The distance not being measured and nobody having a stop watch, it is not known to what extent the sprinting record was smashed.

After this season, says the Herald, the citizens of Marmora will not need to talk about what the old lacrosse team did. The present team so far this year have not lost a game and have scored 24 goals to their opponents' two.

STRAYED OR STOLEN.—From J. H. Brandon's pasture (formerly T. Roberts), some time between June 18th and 20th, a Bay Mare coming five years old, with a white spot on forehead. Any person giving information as to her whereabouts will be liberally rewarded. CHAS. SMITH, Fenelon Falls.—w4.

Canadian Performances At the Olympic Games

NAMES AND RECORDS OF MEN WHO HELPED TO MAKE CANADA FAMOUS IN ATHLETICS.

Winners of Canada's 12 Points.

Con. Walsh, 3rd, hammer-throwing 1 Cote, bronze medal, wrestling 1 Bicycle team pursuit race 1 Dr. Bricker, running broad jump... 1 Bobby Kerr, 3rd, 100 metre race... 1 Bobby Kerr, 1st, 200 metre race... 2 E. B. Archibald, 2nd, pole vault... 2 Bobby Kerr made six points, or half the total.

Flat Races.—Outside of Kerr's showing in the short distances, Meadows ran third in the first heat of the 1,500 metres and second in the fourth heat of the five mile run. Sebent won his heat in the 400 metres, and Lukeman finished third in the third heat of the heat of the 200. Tait was fourth in the 500 metre finals. Fitzgerald and Galbraith were also second in their heats of the five mile run.

Walking.—Goulding was fourth in the finals of the 3,500 metre walk; he won the third heat in 15 min. 54 sec., maintaining fifty yards lead throughout.

Steeplechasing.—Galbraith won third heat in the 3,200 metre steeplechase in 11:12 2-5. He fed for a couple of laps in the final, but became tired and finished behind.

Hammer Throwing.—Con. Walsh, Woodstock, was third in the finals, with a distance of 159 1-2. He threw the same distance in the first section. In the international contest on opening day he defeated Nicholson, the champion, by throwing 161 feet, and was credited with 167.7, but in this instance his feet crossed the line.

Jumping.—Outside of Bricker's third in the standing broad, Barber and MacDonald were contenders in the high jump, but failed to keep up to Tscolitaris, Greece, and competitors from the United States and Belgium.

Cycling.—Canadians were frequently well up in the bicycles races, without getting inside the money. Young was third in his heat of the 20 kilometres, and qualified for the finals in the 100 kilometres, as did Andrews. In the finals, however, Young was disqualified, and Anderson and Morton were unplaced.

Wrestling.—Cote got the bronze medal, winning two straight falls from Tompkins, and getting the decision over Davis in the catch-as-catch-can. Zimmerman's screw diving won him applause, and Archibald scored in pole-vaulting yesterday, as shown above.

Third Reading of the Waterworks By-Law

MR. BRIDGE WILL NOW GO ON WITH THE WORK—\$10,000 IN DEBENTURES.

The Water Commissioners met the town Council Monday afternoon in reference to the passing of the third reading of the by-law relating to the installation of the filtration plant. The members present were Mayor Begg and Messrs. Smale, Jordan, Rae, Eyres, Campbell, McGeough, Dobson. The Commissioners present were Messrs. Flavelle and Rae, also Mr. Bridge, representing the Ozone System.

Mr. Flavelle read the contract between the town and Mr. Bridge, and pointed out that he, and not the town, was taking all the responsibility. Mr. Bridge was asked to describe the ozone system to the Council, which he did to the satisfaction of all. Mr. Dobson then took the chair. It was moved by Deputy-revee Eyres and seconded by Ald. Jordan, to authorize the issue of debentures for the sum of \$10,000 for the improvement of the present filtration plant. This was the third reading, and it passed unanimously.

'IM' AFRAID TO GO HOME IN THE DARK' IS IMMORAL

WRITER ON THE EDITORIAL SECTION OF ROCHESTER POST CONDEMNS COMPOSER.

A writer on the editorial section of the Rochester Post states that there is a tendency towards the immoral in many of the popular songs. A part of the article follows: "For instance, take the latest popular song, 'I'm Afraid to Go Home in the Dark.' If stark immorality is not in that title there is no such word in the dictionary. No man with a clear conscience is afraid of the dark. The man who has been 'out with the boys,' who has overstayed the midnight hour with boon companions in a friendly game, who has made merry the early hours with wine and song, and who has concocted a glib story to deceive his lonely and affectionate wife—such a man slinks reluctantly homeward through the dark and lonely thoroughfares. The good man, the noble man, the man with a clear conscience, walks blithely through the black pall of night unshamed and unafraid. Ergo, a composer who deliberately puts a composition on the market with such immoral title exposes his head, metaphorically speaking, to Homo's bludgeon; for it naturally follows that if a title is immoral the music is likewise immoral."

Low Special Issues of Stamps go up in Prices

DIAMOND JUBILEE STAMPS NOW 10 TIMES THEIR MARKED VALUE—TERCENTENARY STAMPS WILL GO UP

In connection with the issue of the Tercentenary style of postage stamps it is interesting to note how some of the denominations of recent special issues of Canadian stamps have risen in value. The six cent stamp of the Diamond Jubilee issue are now quoted by wholesale stamp dealers at 35 cents each for unused specimens. The half-cent of the same issue is quoted wholesale at 18 cents each. With the exception of the one and two cent denominations, all the stamps of the Jubilee issue are now worth something over face value.

Unused specimens of nearly every issue of Canadian stamps are now worth a premium on face value. The exception in nearly every case are the one and two cent stamps of which a large number are always issued.

CANADA'S GROWTH IS PHENOMENAL

KING EDWARD PAID US A VISIT LESS THAN 50 YEARS AGO, SAYS N. Y. SUN.

New York, July 23.—The Sun says: "The Prince of Wales has crossed the Atlantic to dedicate the Plains of Abraham to a united Canadian people, and as he plays his part in the impressive ceremony, there can hardly fail to sweep across his mind a vision of the tremendous changes that have taken place on both sides of the Great Lakes since his father, then bearing the same title, paid a visit to North America. Less than fifty years have elapsed since Edward VII., then a boy of nineteen, was welcomed in Canada and the United States, but not often in the world's history has a similar period been fraught with more momentous events.

The paper then briefly reviews Canada's history, and continues: "To-day the monument erected to Wolfe and Montcalm symbolizes the conversion of Canada into a consolidated and self-sufficing nation, who asks nothing but friendship of her southern neighbor, and whose surviving tie to Britain is one of sentiment alone. Extraordinary has been the growth since 1850 of the Provinces composing the British Dominion, in population and in wealth. The inhabitants are now computed at about six millions, about as many as England contained when Quebec was surrendered. In 1905-6 the foreign trade of the Dominion had reached a volume which would have seemed entirely incredible forty-eight years ago for the total exports exceeded \$246,000,000 and imports \$294,000,000. At the same date deposits in the banks reached \$531,000,000 and the total mileage of Canadian railways in June, 1905, was upwards of 20,000 miles, and it has since been increasing rapidly. We add that the yearly value of Canadian fish-ery is now not far from \$25,000,000, and that in 1906 the national revenue exceeded \$80,000,000. None unification is held North America, which is aptly called a "Dominion," for in the number of its citizens, in the plenitude of its financial resources, and in the high level of its civilization it outshines many a European monarchy."

On Monday the whole camp rose early and went in for two hours' drill, after which the soldiers were allowed their freedom for the rest of the day. Tuesday, Wednesday, Thursday and Friday were all big days, and the whole camp participated in a ten mile march each day.

On Wednesday the Lindsay boys were among the party who lined the streets. This was the greatest day of all, the arrival of the Prince. He came along through the crowded boulevards cheered by the entire citizens, and it was on this occasion that the Prince was so favorably impressed with the genuine loyalty of the French Canadians. He was followed in another auto by Lord Lansdowne and several high officers in the army and navy. Lindsay was well represented in the next automobile, which carried Co. Sam. Hughes and Grey's aide de camp, and a large procession followed. Col. Sam. Hughes noticed the Lindsay boys and as he passed.

The battalion, under Col. Esposito, broke up camp on Friday and moved for home, the company arriving at 4.30 o'clock.

SAVARD PARK. Savard Park is an immense tract consisting of 700 acres of prime level ground, and very suitable for camp purposes. In this Park is stationed the main body of the regiment numbering over 14,000. The present force has their tents pitched in De Salisbury Park, and the troops lined the opposite shore of the River St. Lawrence.

The British tars were a jolly lot but they had to work hard; up morning shortly after four. When they got out at night the time of their lives, and things lively until the "lights" sounded.

WESTERN TROOPS GOOD. Perhaps the best soldiers a grounds were those that came from North-West. They were fellow countrymen and did anything in the saddle, fall off, and their horsemanship surprised the Prince. The irregular cavalry from Alberta are superior to any eastern horsemanship. Nearly every man has been brought up in the saddle.

THE BAND. The Lindsay band made a special showing, and compared favorably any musical aggregation of grounds. The bandsmen all played well and were a credit to their master, Mr. Wm. Roenigk, as town they represented.

FROM THE CYNIC. Pride in a family tree is the one infallible proof of a man's descent from the monkeys. An optimist is a man who wears a celluloid collar and hopes that everyone will think it linen. If wishes were horses, what plugs our friends would ride on. The people who always speak their mind would be very silent if they only said that much.

INCREASE OF \$7,000,000. In Canada's Mineral Outputs for the Past Year. Ottawa, July 23.—The statistical report covering the whole Dominion shows that the total value of the output of minerals was about \$8,000 for last year, the largest output of Canadian mining industry has attained, being an increase of over millions as compared with 1907. There was an increase of \$2,669,000 in \$4,828,000 in coal, \$750,000 in \$586 in nickel, \$268,000 in petroleum from Canadian ore and \$285,000 Yukon gold production and \$250 in lead production occurred.

Model School for 1908 New System is Defended. SCHOOLS IN EXISTENCE LAST YEAR WILL BE CONTINUED YEAR—ORGANIZATION OF NEW SCHOOLS COULD NOT BE EFFECTED IN TIME.

From various causes it has turned out to be impracticable to organize the new system of Model schools during the present year. In particular, the number of teachers with the new Third Class (the old district) certificate, needed for 1908 to 1909 cannot be definitely estimated at present. The Minister has, accordingly, decided to continue for 1908 the former Model schools at the following centres: For the districts, at Bracebridge, Kenora, Parry Sound, Port Arthur, Sault Ste. Marie and Minden; and for the counties, at Cornwall, Durham, Lindsay, Kingston, and Renfrew.

The teachers of the English-French Schools of the Ottawa Valley will attend the English-French Model School in Ottawa.

For this year, the above named Model schools will prepare teachers for school sections of the Districts and the Counties whose financial and other conditions may prevent them from being able to secure teachers with First or Second Class Certificates, or with Third Class Certificates granted under the regulations of 1907 and preceding years.

The certificates issued by the retained Model schools will correspond to the present professional District certificates and will be valid only in such schools as the Minister may approve from time to time, upon recommendation of the Public or Separate school inspector.

As in 1907, the above named Model schools will open on the 2nd day of September, and close on the 15th day of December. Application for admission to the Model schools shall be made on or before August 18th to the Deputy Minister of Education, who will assign the

Soldiers Enjoyed the Week Spent at Canada's Gibraltar

LIEUT. PORTER TELLS OF THE TERCENTENARY — COLONEL HUGHES TOOK PROMINENT PART—LINDSAY BAND MADE VERY GOOD SHOWING—NOT MUCH WORK TO DO.

When the boys left here for Quebec it was the general impression that those who formed the composite regiment would have to work very hard, but from the accounts of those who returned the regiment must have spent a pleasant week at the ancient city. The boys were well browned, and most of them have increased in weight since their departure. The officers, when interviewed, spoke very highly of the showing made by the Lindsay boys, and claimed that they compared favorably with the other regiments.

Lieu. Porter, when interviewed, spoke very highly of the treatment received at the ancient city and said he would not have missed the trip for anything. The personage he most desired to see was the hero of South Africa and Kandahar, Lord Roberts.

Lieu. Porter had seen the Prince of Wales when he was in Toronto some years ago. In describing the trip, the officers told of the long ride to the Canadian Gibraltar. The Lindsay company left here Friday morning at 11 o'clock and arrived at Point Levis at 8 o'clock Saturday morning. They embarked on board a ferry that was waiting for them and crossed the river. A parade through the streets of Quebec landed them in their camp at Savard Park a few minutes before nine. The men were very tired, and after being dismissed went to their tents for a few hours' nap. After dinner they freshened up and went out for the remainder of the day. Sunday was an uneventful day for them, and most of the men attended church and visited different points about the great city.
