NO MORE KLEPTOMANIACS. All the great department stores of New York have decided in a plenary council of delegates from each big emporium that henceforth the word kleptomaniacs shall be expunged from their dictionaries. In the future whether a woman be proved to be of such financial and social status as to be both able and entitled to purchase the goods purloined, she must reconcile herself to the fate of entering into the category of the common thief, and will be charged with thieving, no matter how high her rank. The rule will, of course, apply equally to men who are addicted to the kleptomaniac habit. Paris and London dry goods men, acting in sympathy with their brethren in New York, have also concurred in the view that the term kleptomaniacs is simply a convenient synonym for thief, and that no amount of respect for the conventionalities can justify them as good business men in sacrificing every year thousands of dollars just out of regard to the social standing of customers.—New York Herald.

Man Paid 12 Cents For it and Gets \$2.20. Copenhagen, July 22.—A farmer named Christensen, who lives here, bought an old overcoat for 12c. two years ago. He recently noticed something hard in the lining at the back, and on regretfully cutting it open discovered a savings bank book with \$2.20 credited. He reported the treasure to the police, but they have not been able to find the original owner, and the money has been awarded to the laborer.

A Blamed Fool. An automobile touring in the west broke his machine, and not having a monkey-wrench in his kit, footed it a mile across the prairie to a ranchman's house to borrow one. To the ranchman a husky Swede, he addressed his request: "Is there a monkey wrench around here anywhere?" "Wah now," replied the Swede, "Mr. Yanson hey got a eat-ranch, an' Swanson over on dat ladder section, hey got a horse ranch, but ay tank a man what ad have a monkey wrench around here hey bane a blame fool."

Beyond All Doubt. This is a true story, and there are still men in Prince Edward county, Ont., who will recognize the dramatic personae. Peter Vanderhyden lived in the Seventh town (Ameliasburg), just below "Buckwheat Hill." His wife was a notable hamo grau, and the Methodist minister of Consecration Circuit always liked to stop there on his rounds. But Peter's wife, worn out by work, died. And when the presiding elder made his next visit Peter was a widower. So the presiding elder commiserated in n words like these: "Ah, Brother Peter, I hear you have lost your wife." "Yaas, I haf loost her. I think she is in haffen by now." "Was she resigned?" asked the elder. "Mein Gott, Mr. B.—" replied Peter, "She hat to be."

SOME COMPARATIVE STATISTICS. (New York Evening Post.) Comparative statistics are not always pleasant reading, and those who have been revelling in the figures of American foreign trade during the recent years of prosperity, will have their spirits dampened if they glance at the supplementary table of "Finances and Commerce of Various Countries" in the "Statesman's Yearbook" for 1908, just published by the Macmillan Company. They will not only read that the per capita exports of the United Kingdom are more than double those of the United States, which is hardly surprising, but will probably rub their eyes to find that in proportion to its population the kingdom of the Netherlands exports about six times as much as our country, and Belgium three times as much, while Switzerland is barely below Belgium, with Denmark closely following. France, Germany, Norway and Sweden are all ahead of us. Turning to the second of the Argentine republic, the most flourishing of South American "neighbors," we discover by a simple computation that its per capita exports are about three times as great as ours, which allowance good showing even when allowance has been made for the agricultural characteristic.

STILL CONSIDERING. Hydro-Electric Power Commission Makes No Award of Contract. Toronto, Aug. 12.—The Hydro-Electric Power Commission is still negotiating regarding the terms of the tenders for the construction of the Niagara transmission line. The matter was before the Cabinet Council yesterday, but nothing was announced regarding it. Several of the checks sent as deposits with tenders have been returned, including all but half a dozen of those accompanying the lowest bids. In all nearly \$500,000 was deposited with the tenders. The negotiations pending are for the purpose of enabling the commission to proceed without delay on the construction of extension and branch lines, such as will evidently be needed as soon as the system develops a working capacity. The western district of the province, in the neighborhood of Windsor, has indicated the likelihood of a large consumption of 24-hour power, which would be profitable at that distance.

Enquiry Will Be Made Into Death of Hugh Graham. Brockville, Aug. 12.—The body of Hugh Graham was exhumed yesterday from the family plot in the Caintown, Leeds county, cemetery, at the request of Coroner Gray of Clayton, N. Y., who was accompanied by Dr. Lave, the coroner of the district, Dr. J. D. Cole of Alexandria Bay, N. Y., and Sheriff Bellenger of Waterstown, N. Y. Graham, a Canadian, employed at Alexandria Bay, N. Y., was found drowned there ten days ago. Stories began to circulate shortly afterwards hinting at foul play, from the fact that his money was missing. A post-mortem was held in the cemetery, but revealed nothing to warrant a suspicion of foul play, but it can be shown, it is said, that he was pushed off a coal dock.

Lineman Electrocuted. Toronto, Aug. 12.—Buncan Lamond, an Electric Light Co. lineman, was killed by a live wire while at work on a pole at Hunan avenue and Queen street at 11 o'clock yesterday morning. Lamond was at the top of the pole leaning over the wire. One of the others called to him and receiving no answer, young Simpson went up the pole and found the man dead. There were no marks on the body, but a slight burning on the hand. Lamond was a Scotchman. He was 29 years old, and leaves a widow and two young children.

Cruelty to Cats. Toronto, Aug. 12.—William Turner, 863 Lansdowne avenue, was charged in the Police Court yesterday with cruelty to cats. He is said to have snared them and kept them when they are hanging helpless in the air. He is hanging them into my premises despite my efforts to keep them out. Lamond was a Scotchman. He was 29 years old, and leaves a widow and two young children.

Wants Big Water Front. Vancouver, B.C., Aug. 12.—In discussion of the new agreement between the Government and the Grand Trunk Pacific, the latter wanted seven thousand continuous feet waterfront for an unbroken line of wharves and terminals. The Government, however, stood out against giving away this property in continuous stretch and insisted on having lands for public use distributed amongst the companies. No sale of lots will be held till next May.

Killed in Runaway. Brockville, Aug. 12.—Louise Springer, wife of William Brandenburger, of Alice Township, met with an accidental death on her husband's farm, but the cause being the driving of a horse hitched to a wagon started to run away, and in attempting to stop them the woman was struck by the wagon tongue, sustaining injuries from which she died in half an hour. Deceased was 26 years of age.

Used Old Army Revolver. St. Louis, Aug. 12.—Using an old-fashioned silver-mounted revolver with which he fought against the French at the battle of Sedan during the Franco-Prussian war, Ferdinand Conrad, 71 years of age, a resident of St. Louis for a quarter of a century, ended his life by shooting. Conrad was despondent because of his inability to get work.

Refused the Petition. Windsor, Aug. 12.—The Minister of Justice has refused petitions for the liberation of the trio of brakemen doing nine months for stealing butter and eggs from a box-car. A petition signed by 300 names sent down in their behalf netted them nothing.

Salmon Pack Big. Vancouver, B. C., Aug. 12.—The salmon pack is estimated at 269,000 cases. Fuget Sound is credited with 130,000 cases, giving a total Pacific pack of 399,000 cases of salmon. The estimate is based on the belief among canners that the season is about over.

Mining Camp Wiped Out. Ely, Neb., Aug. 12.—Ripetown, a mining camp located nine miles from Ely, with a population of 300, was almost completely destroyed by fire on Monday night. The fire started in a saloon by the explosion of a lamp. There was no insurance.
