**Fenelon Falls Fair To be Held Oct 6-7**

**A GENERAL FEELING THAT THIS YEAR'S FAIR WILL BE THE BEST EVER HELD.**

Tuesday and Wednesday, October 6th and 7th, will be the next days of special importance to the people of Fenelon Falls and Fenelon township. Arrangements are in progress for several interesting special attractions, and those who attend the fair are assured of a good time.  
 This fair has been making good progress from year to year, and this year everything points to a bigger and grander exhibit than ever.  
 The object of the fair is to encourage agriculture and fine arts. The farmers should make the annual fair not only a success, but the best in the district. They can do so by exhibiting their stock, grain and vegetables, and it is generally conceded that no other township in Eastern Ontario can boast of better stock or more productive soil than the township of Fenelon. The conditions therefore are good for the success of the fair. All that is needed is for each and everyone of the farmers to join hands and work together year after year, and by so doing not only will the fair be a success, but the entire township and surrounding district will reap the benefit.  
 Townspeople, and especially the merchants, should help the fair, not only by exhibits of fine arts but by their hearty support and co-operation. The fair is mutually helpful to country and town alike. Let town and townspeople together boom the fair.  
 The merchants and citizens generally should decorate their places of business and homes for this annual event.  
 The speeding in the ring events, while not yet fully arranged for, are far enough ahead to warrant the assertion that they will be of greater interest than in any former year. A committee of citizens has this branch of the attractions in hand and promise something special.
