Young Lad Gored by Bull Tossed About on Its Horns

WAS CROSSING THE PASTURE FIELD NEAR HIS HOME AT THE TIME HE WAS ATTACKED.

While crossing the pasture field near home last week, the 12 year old son of Mr. Peter Clancy, a well-known farmer, was charged by a bull and seriously injured. The young lad was walking on, un-

conscious of the danger he was confronting. He heard the dull thud of the hoofs of the bull, which was about proaching, and just as he was about to turn around the animal butted the young lad with his head. The bull caught the boy on his horns and tossed him about, inflicting deep wounds on his back and arms. The boy managed somehow to get away, but when he reached his home Dr. Blanchard was immediately summoned and attended to his injuries.

Baby Died Suddenly While on a Train

MOTHER RETURNING FROM A FUNERAL IN HALIBURTON — DR. WHITE, OF KINMOUNT ON TRAIN.

While Mrs. Livingstone, of 686 Queen st. east, was returning to Toronto Thursday, 17th, from Wilberforce, in Haliburton county, where she had been with her infant attending the funeral of her mother, Mrs. Eyres, the babe was taken suddenly ill, and when near Uxbridge died in the mother's arms on the train. Dr. White, of Kinmount, was on the train, but all efforts were of no avail. Col. Sam Hughes, M.P., Dr. White, Mrs. Bain, of Kinmount, and other friends assisted the afflicted mother to her home near Riverside, and wired for the husband, who is with the Hamilton Bridge Company, near Inkerman P.O., in Eastern Ontario.

Indians Excursion A Great Success

ABOUT FIFTY FROM CHEMONG VILLAGE TO RESERVES AT RAMA AND GEORGINA ISLAND.

The excursion from Chemong Indian village to the reserves at Rama and Georgina Island was a great success. The Water Lily, with about fifty on board, left Chemong on Tuesday morning at seven o'clock and reached Orillia at six o'clock in the evening. Tuesday night was spent at Rama, where a concert was held. Wednesday was spent at Jackson Park and Georgina Island, where the visitors were most hospitably entertained. A tea meeting and concert was held in honor of the Chemong folk.

The return trip was made on Thursday, Chemong village being reached early in the evening. Chief Big Canoe of Georgina Island, is spoken of very highly by the Chemong people who took in the trip. He did everything in his power to entertain them. The same trip will be taken again next year on the steamer Otonabee. The Otonabee would have been utilized this year were it not for the work going on at the Rosedale locks.

"The man who put this button on the plate," said Deacon Shafter, "I now call down a curse upon. He'll pant in the hereafter."

ARCHDEACONRY TO HOLD ANNUAL CONFERENCE HERE

In St. Paul's Church on Nov. 16-17-18

MANY MINISTERS COMING

Will be Warmly Welcomed by Lindsay Citizens.

The Archdeaconry of Peterborough will hold its annual Conference in St. Paul's church, Lindsay, on Monday, Tuesday and Wednesday, Nov. 16th-18th, 1908. During the sessions matters of interest will be discussed, relating to the church and her mission. One particularly interesting feature will be the address of Rev. Canon Davidson, M.A., of Peterborough, on the Pan-Anglican Congress recently held in London, England, and which he attended as a delegate. This archdeaconry, which is a division either the diocese, 38 archdeaconries making the diocese, consists of the rural deaneries of Northumberland and Peterborough, Durham and Victoria, and Haliburton. Each Rural Deanery is presided over by a Rural Dean. The Rev. Dr. Langfeldt, M.A., Rector of St. Luke's church, Peterborough, is the Dean of the former Deanery, while Rev. Wm.

C. Allen, M.A., Rector of Cavan, is the Dean of Durham and Victoria. Haliburton is at present without a Rural Dean, on account of removal to Toronto of Rev. H. Archbold, of Minden, who by this removal vacates the office as Rural Dean. The presiding officer of the Archdeaconry is the Venerable George Warren, M.A., who is also in charge of the diocesan Mission Work of the Toronto Diocese and lives in Toronto. The Archdeacon is appointed for life, or till he resigns, by the Archbishop, while the Rural Deans are elected by their respective Deaneries, which election is confirmed by the Bishop, who makes the appointment. The secretary of the Archdeaconry is Rev. W. J. Creighton, M.A., formerly Rector of Bobcaygeon, but now of Lakefield. Rev. J. H. Teaney, of Omemee, is secretary of the Deanery of Durham and Victoria; Rev. E. W. Pickford, of Norwood, is secretary of Northumberland and Peterborough, and Rev. A. C. Cummer, of Kinnmount, is secretary of the Deanery of Haliburton.

The opening service of the conference will be held at St. Paul's on Monday, Nov. 16, at which Rev. J. H. Teaney, late rector of Omemee, will be the special speaker. About 35 clergy will be expected in Lindsay during the conference, to whom, we are sure, a hearty welcome will be extended by the citizens of Lindsay.

Dr. Wilson Nominated as Liberal Candidate

MEETING HELD LAST SATURDAY — LARGE CROWD PRESENT — FENELON FALLS MAN THE UNANIMOUS CHOICE.

In the Academy of Music last Saturday, the Liberal convention was held to elect a standard-bearer for the party in the coming election. The hall was well filled with enthusiastic Grits, and the same assurances of victory were vouched for those on the platform who addressed the convention. The Liberals still think and believe that the riding can be taken if every individual will work hard for the candidate, and from the applause that greeted every statement that bore along these lines, it is evident that the candidate and the members of the Association will work in sympathy.

Dr. Blanchard occupied the chair, and after the business of the meeting was transacted, nominations were called for the candidate of the party. Several names were put forth, but Dr. Wilson, of Fenelon Falls, was the choice of the convention. The Liberal candidate, Archibald Wilson, M.D., M.C.P., and S., was born in the County of Durham, Ont. He matriculated before the College of

Physicians and Surgeons of Ontario, graduating from Trinity College and University of Toronto in 1878. He then located in Fenelon Falls, and began to practice his profession. He was a member of the Village Council for several years, and is now a member of the School Board. He is Associate Coroner for the County of Victoria, Medical Health Officer of the village, and District Surgeon for the G.T.R. He is also leader of the Methodist church choir in Fenelon Falls.

He is looked upon as one of the rising men of Ontario, and no doubt will put up a good fight in the coming campaign. As to which side will carry the riding there is now some doubt. It has for many years back voted Conservative, placing Col. Sam Hughes at the head of the polls, but the coming election promises to be one of the closest that has ever been seen in Victoria and Haliburton counties for many years.

The Telephone As an Economy

SOME ARGUMENTS THAT MUST APPEAL TO THE FARMERS IN EVERY COMMUNITY.

A few years ago it was a policy of the telephone companies to go to considerable expense in order to demonstrate to the business man the value of the telephone. To-day this is no longer necessary, as there is not a business house of any consequence in the country that doesn't have telephone service. Most of the department stores in the cities now have a telephone on every counter, and every clerk in the office has a telephone at his elbow.

To tell a business man he needs a telephone in order to get the best results from his business would be about as useless as telling a farmer he needs a harness in order to get the most work out of his horse. The thousands of successful and prosperous farmers who are enjoying the advantages of telephone service realize that it is more of a necessity on the farm to-day than it is in the business office. The reason is quite plain upon considering the remoteness of the farm and the greater business involved. The business man before he enjoyed the advantages of telephone service had substitutes, unsatisfactory and expensive they were. He sent his office boy or made personal calls on business matters in his own city, and used the telegraph to communicate with other cities. For the telephone on the farm there is no substitute. It would in most cases be a physical impossibility to attend in any other way to the affairs that are daily taken care of by the farm telephone.

A telephone is not an expense. It is a means of reducing expenses. There was a time before the telephone industry was so thoroughly developed when the cost of manufacturing the instruments was high and telephone service was an item of considerable expense. Now that the costs have been so greatly reduced, the very best telephone on the market, the same as those used by the long-distance companies, may be purchased for about \$11 where there are five or less parties

on the same line; where there are more than this number on the line the proper instrument would cost about \$13. These instruments will give service for years with no attention other than possibly a battery renewal at a cost of thirty or forty cents every six or eight months. Two telephones with sufficient wire to connect the one with the other is all that is needed to start a telephone system. There is no comparison between the low cost of a telephone service and the remarkable saving of time and money which it accomplishes.

Every farm without a telephone is every day unconsciously piling up expenses for services which the telephone would take care of in a few minutes, to say nothing of the hundred and one additional services it would perform which are now entirely unprovided for. It is an economy which no household should be without.
