TERRILL BROS., FENELON FALLS.

Electricity at Fenelon Falls Endangered Several Lives

CITIZENS HAD THRILLING EXPERIENCES - YOUNG LADY HELD FAST TO CLOTHES LINE-LIVELY POLITICAL MEETING IN PROSPECT-PERSONAL ITEMS OF INTEREST.

(Correspondence Free Press.) Fenelon Falls, Sept. 30.—Don't forget the Fall Fair, to be held in the Park here on Tuesday and Wednesday of next week. Special attractions are being procured for the occasion, and the committee in charge are sparing no pains to make this the best Fair that has ever been held here. Harry K., the wonderful fast horse that races in Montreal this week, will be back for the Fair, and show those who are interested in fast stepping just what he can do in that line.

Miss McKay, of Creemore, arrived in town at noon on Wednesday, and will take charge of the fourth class in the public school here. Miss McKay comes highly recommended.

Mr. Arnold Rea, who has been in charge of this department, will leave shortly to resume his studies at the Ontario Dental College, Toronto. During the short time he has been here, Mr. Rea has given excellent satisfaction in the work he has been doing.

Mrs. C. Burgoyne, Mrs. E. A. McArthur and Mr. T. Austin attended the Oakwood Fair to-day.

A meeting in the interests of Col. Sam. Hughes, the Conservative candidate for West Victoria in the coming elections, will be held in Dickson's hall next Wednesday evening at 8 o'clock, when the electors will have a chance of hearing both sides of the question, as Col. Hughes, we are told, has invited Mr. R. J. McLaughlin to be present and will reserve an hour

McLean are spending a few days this week with friends at Bury's Green.

Mr. J. J. Nevison received word one day this week that his fourth son, Arthur, who has been employed with one of the large lumbering firms of New Ontario, is ill at the hospital at Kenora.

The severe electrical storm which passed over our village on Monday evening last, will not be forgotten in a hurry by a few of the residents of this burgh. While the storm was in progress Miss Ethel Wilson, who is in the employ of Mrs. W. Northey, was engaged in hanging out clothes. The clothes-line, which is attached at one end to a sheet iron building in which is situated the motor used in the manufacture of the ice cream, appears to have been charged with an electric current, for when Miss Wilson grasped the line with both hands her body completed the circuit and she was unable to release her hold. Her screams attracted the attention of Mrs. Northey, who rushed to her assistance and managed to release her. She was carried into the house and a doctor hurriedly summoned, who found her to be suffering greatly from shock. She is slowly improving, but it will be some days before she will have fully recovered from the effects of her dreadful experience. In the butter factory Mr. McIntosh and Mr. Stillman had rather an exciting time, the machinery in the factory having been highly charged with electricity. While attempting to move a lever Mr. Stillman was thrown from his feet, and Mr. McIntosh experienced a peculiar sensation when he found that he was unable to draw his hand out of a pail of water, into which he had plunged it, until Mr. Stillman came to his assistance and lifted the pail off the cement floor upon which it rested. The electricity which entered the factory was supposed to have strayed from the motor in the grove which is used for pumping water for the residents on Oak-st.

COMMUNICATIONS

AN EXPLANATION TO THE PUBLIC RE THE HUGHES' LETTER.

(To the Editor of Free Press.)

Dear Sir,—There has been published in the public press of the town a letter by Col. Sam Hughes, addressed to me. The letter is so grossly insulting and indecent in its terms that it will receive no answer from me. The public, however, deserve an explanation. Four years ago Col. Hughes made a deliberate attempt to ruin my professional character, and he put into every home in this constituency circulars for that purpose entirely false, one serious charge being supported by an alleged letter which was afterwards shown to have been a fabrication. The people of Fenelon Falls and the rest of the county will remember that I placed \$100 in the hands of the chairman of the Fenelon Falls meeting, Mr. Thos. Robson, and publicly challenged Col. Hughes to establish the truth of any one of these slanderous statements, offering to accept the secretary of the Conservative Association as referee, and if he were to say there was a word of truth in any of these slanders the \$100 was to go to any charitable institution he might direct. The money lay for months in the hands of Mr. Robson. No reply could ever be obtained to the challenge.

Until Hughes takes up this challenge I shall not attend any meeting of his. I would be pleased to discuss political quotations with anyone, but to enter into a contest of vituperation and personal abuse is a thing I certainly will not do.

In 1904 I took occasion to reply and refute the slanders circulated against myself, and I went no further. In the present campaign I have taken occasion to criticize the address that he is circulating among the people. In my humble judgment the Liberals of Haliburton and Victoria have no right to be called, either directly or by insinuation, "boodlers, personators, repeaters, bogus voters, election crooks," and have so stated. I perhaps stated it strongly, but I think you will agree with me. I believe the general character of the district of Victoria and Haliburton, with comparatively few exceptions, has been good.

In no case have I interested myself in Col. Hughes' personal character or personal affairs, neither have I commented on him in his business relations. He may serve his employers well, for all I know.

I have stated to the electors that if they take that address and read it, and consider it an honest, fair, truthful statement, by all means to vote for Col. Hughes, but on the other hand if they believe it false and scandalous, it is their privilege and duty to do otherwise.—Yours truly,

R. J. McLAUGHLIN, Lindsay, Oct. 2nd.

WEDDING BELLS

ANDERSON-LAKE.

The marriage of Miss A. E. Anderson to Mr. Marshall G. Lake was solemnized by the Rev. G. Munroe, of Oakwood, at the home of the bride's parents, 12th con., Mariposa, on Wednesday, Sept. 30, at 3 p.m.

The bride, who was gowned in white silk, trimmed with Limerick lace and folds of white satin, entered the parlor on the arm of her father to the strains of Mendelssohn's wedding march, played by Mr. L. D. Anderson, of Toronto.

The bride was supported by her sister, Miss Maggie Anderson, who was prettily dressed in white organdie, trimmed with valenciennes lace. The groom was ably supported by Mr. Wilfrid Short.

The esteem in which the young couple are held was evidenced by the number of presents which were both numerous and costly.

After the wedding dejeuner, at which 80 guests sat down, the happy couple left for the West on a short honeymoon prior to settling in their future home at Oakwood, much regretting their inability to partake in the further festivities, which lasted to the wee sma' hours of the morning.

Lessening of Jury Courts a Wise and Commendable Act

FARMS AT HOUSE OF REFUGE WELL MANAGED—ROSS HOSPITAL THOROUGHLY EQUIPPED AND EFFICIENT—COUNTY JAIL UNSCRUPULOUSLY CLEAN.

Last week the grand jury after inspecting the public buildings, made the following presentation:

The Grand Jurors of our Sovereign Lord the King assembled at the High Court of Justice and general sessions of the peace for the County of Victoria, beg to make their presentation as follows:

1. That two cases only have required their consideration, a case of stabbing and one relating to the obstruction of a highway.
2. They have inspected the House of Refuge and have been favorably impressed with the appearance of the house and farm. The farm appears to be managed on a par with the best farms in the county. In conversation with the inmates they were found to be generally satisfied with their condition. The keeper and matron are evidently discharging their onerous duties in an efficient manner.
3. They have visited the Ross Memorial Hospital. To the members who had not had an opportunity of seeing the hospital it is cause for both surprise and gratification to find that the county has been put in possession of an institution so thoroughly equipped and efficient.
4. A casual but pleasing visit has

been paid to the well-furnished Public Library of the town of Lindsay.

5. Consideration has been given to the question of the holding of jury courts to express themselves in favor of the present system, under which only two such courts are held in each year.

6. The county jail has been inspected and found to be scrupulously clean and in excellent condition in all respects. There are six prisoners, all males, one undergoing sentence on a conviction of stabbing, and one awaiting trial for a like offence. Two boys convicted of theft, are awaiting removal to Provincial institutions and the others are held for trivial offences. The observation of the small number of criminals has had the effect of deepening the impression on the minds of the jurors that the lessening of the number of jury courts was a wise and commendable act on the part of the authorities.

All of which is humbly submitted.
W. C. CULLIS, Foreman.
