

COLONEL SAM HUGHES

THE LIBERAL-CONSERVATIVE CANDIDATE FOR VICTORIA AND HALIBURTON

Demands Proper Control of Immigration.

ALWAYS THE TRUE FRIEND OF THE WORKING MAN.

MR. HUGHES—Let the mining regulations be so changed as to mete out to foreign miners the same treatment received by Canadians in such foreign countries. Surely there could be no objection to that.

From a Speech Delivered Many Years Ago By Colonel Hughes in the House of Commons.

In Victoria and Haliburton to-day there are hundreds of honest, hard-working, decent men of Canadian and British birth who are out of employment.

These unemployed men have nothing to commend them to the politicians of the machine type, because they are not rich; they cannot promise the turnover of any large number of votes; they can give no money or influence to the evil work of the Grit machine.

Yet these unemployed men are white men; they are of British birth; they are honest, intelligent, able and willing to work; and to their fathers—the noble and undaunted pioneers—we owe the very existence and the very prosperity and progress of this country.

THERE IS WORK TO DO.

Why should these men suffer in comforts and necessities because they are denied the opportunity to work?

There is work to do. There is work being done. Why are white men of British birth—Canadians, Englishmen, Scotchmen, Irishmen—why are these men passed over in this white man's country?

THE REASON.

Because foreigners can be found who will do the same work for less than a white man's pay.

Because the Laurier Government has bonused Italians and Swedes and Norwegians and Galicians and Doukhobors and Fins, and heaven knows how many others, to come to this country and take the work from the hands of the native-born and the loyal men from overseas—whose fathers fought and worked and even died to make our magnificent heritage possible.

FOUR HUNDRED IN THIS RIDING.

At the present time there are four hundred Italians at work in this riding. They are doing white men's work at less than white men's pay.

They do not bring their families here. They do not live here; they simply exist.

DOLLARS FOR ITALY.

And they send their earnings in thousands off to sunny Italy, to enrich the people there to make trade for the merchants there.

The Italian can keep his family in Italy much cheaper than the Canadian or the British-born can keep his family in this bracing climate. Consequently the Italian who comes to this country without any family (as most of them do) can exist here himself, and send enough good money back to his home land, to keep his family in luxury and comfort in that cheap and sunny clime.

Has the time come when the men of Canada—men of loyal British birth—will tamely stand aside and

suffer want, while Italians, Galicians, Bulgarians and other foreigners profit by the great resources of this land and enrich their own countries at the expense of this?

THE BRITISHER'S COUNTRY.

Col. Sam. Hughes, for one, does not believe that foreigners should reap what our fathers have sown. He believes that the mighty inheritance won by the noble men of English, Irish and Scotch birth, should be conserved for the descendants whom the earnest pioneers had in their hearts and minds when they labored and fought and died to take the Canada of to-day, with its wealth and industry and possibilities.

WE PAY TO BE ROBBED.

Col. Hughes most emphatically objects to paying foreigners to come and take away our heritage.

The Laurier Government has spent thousands upon thousands of dollars to bring about the untoward conditions from which, not only this riding, but nearly every riding in the Dominion, suffers more or less seriously.

Col. Hughes does not blame the foreigners. He blames the Government which spent thousands to attract this class of immigration, and tens of thousands to bonus them for coming here.

During the past few sessions Col. Hughes has taken a prominent and helpful part in the magnificent fight put up by the Conservative party in Opposition to prevent our land being handed over in instalments to the foreigners.

Canadian families must be maintained on a higher plane than in competition with the imported foreigners.

Men of Canadian birth and of British origin made the propensity, the progress and the development of the Canada of to-day. Shall we squander our heritage on the foreigner who has done nothing, can do nothing, to better us?

Certainly not, so long as men of British birth are loyal to their traditions.

If there were no other count against the Laurier Government than its outrageous and unjust immigration policy; and nothing in favor of the Conservative party other than its loyal opposition to the evil policy and its manful fight against this injury to the workmen of the country; even this one thing would warrant every man who has his country's interests and advancement at heart in voting to put the mal-administrators out of office, and returning to power the Conservative party who will not countenance the handing over of our heritage to foreigners—and paying them to come and take it.

Politicians are Visiting Omemece

FIRST LIBERAL MEETING IS OVER—COL. HUGHES WILL ADDRESS MEETING ON SATURDAY NIGHT.

(Correspondence Free Press.) Omemece, Sept. 30th.—Miss Ethel McCaffrey, of Peterboro, visited her parents in town over Sunday.

Miss Gertrude Grandy, of Peterboro, is in town to-day.

Miss Blanche Elliott, who has been spending a week's vacation in town, returned to Toronto Tuesday.

Mr. Lawrence Lamb, of North Bay, paid his Omemece friends a flying visit this week.

Mr. W. Jardine, who has been with his uncle on survey this summer, is visiting his father, friends and sister in town.

Miss Thornton was in Peterboro on Monday calling on her brother-in-law, Mr. John Kincaide, who is seriously ill in Nicholls' hospital.

Dr. Wilson, of Fenelon Falls, was in town Monday, and he, with the assistance of Mr. R. J. McLaughlin, addressed the electors in the opera house that evening. Owing to the inclemency of the weather, the attendance was not very large, but the speakers received a good hearing.

J. A. Thompson, D.D.S., was in Lindsay yesterday on business.

Mr. Walker, of Port Hope, was in town yesterday in the interest of the Home Circle Ins. Co., and intends having another meeting Friday night.

A meeting was held in the Bradburn hall Wednesday night for the purpose of installing a local telephone. The meeting was well attended.

A meeting in the interests of Col. Sam Hughes, the Liberal-Conservative candidate for Victoria and Haliburton, is announced for Saturday evening, in the Opera house.

Miss Maggie Adams has gone today to visit friends in Newcastle.

Miss Anne McCaffrey, of Toronto, is in town for a few days, and will be leaving Thursday for Listowell, where she has secured a position in one of the head offices of the C.P.R.

Mrs. S. Lamb, of Peterboro, is visiting her daughter, Mrs. Hugh Murray.

Col. Sam Hughes Is a Busy Man

HAS A RESPONSIBLE POSITION IN DOMINION AFFAIRS—LOOKS AFTER CONSTITUENCY AS WELL.

At the first Liberal convention held this fall, where Dr. Giles was nominated as candidate, it will be remembered that Mr. R. J. McLaughlin pointed out in his remarks that the member for this riding, Col. Sam. Hughes, had no particular business to look after, and spent most of his time at Sunday school picnics with the electors of his riding. Now, that in itself was a very plausible statement to make in favor of the member, as there are very few members who would spend their time with the people they represent. But Col. Sam. Hughes has a regular and responsible position, and when he is not attending to his regular business he is looking after his constituency and always has the interests of not only his own riding, but the whole of the Dominion at heart.

The following explains itself: To the Editor of the Peterboro Review: Sir,—Is it true that Col. Sam. Hughes holds a position under the Laurier Government? If so, what is his position?—Yours, ENQUIRER.

(Col. Hughes holds the position under the Laurier Government of Chief of the Railway Intelligence Department of the Department under Sir Frederick Borden.)—Ed.

THERE'S NO SECRET, NO MYSTERY ABOUT IT.

We simply have a greater purchasing power than any other house in town because of the tremendous volume of business of the GOUGH SYNDICATE. Armed with this power we enter the wholesale markets and command a lower price than others do. It's an old and ironclad rule of business. We'd be very foolish not to use this power. We'd be more foolish not to turn it to your benefit as well as ours.

Fourteen Cents Would Entitle Plaintiff to Costs

JURY AWARDED MISS WESSELS \$59.87, AFTER BEING OUT NEARLY FOUR HOURS—CASE HAS BEEN ON FOR SOME TIME.

The case of Wessels vs. Gillespie ended in a very peculiar manner, and the plaintiff, who won the case, came within 14 cents of being entitled to the county court costs.

Mr. I. E. Weldon appeared for the plaintiff and Hopkins and Hopkins for the defendant.

Miss Wessels claimed that she sold Gillespie, who is Mr. M. Mansfield's foreman, certain timber. The evidence went to show that the timber in question did not measure to Mansfield's satisfaction, the land had been culled and the timber was not up to the mark. The evidence taken as to the price of timber was varied and conflicting.

clock Friday afternoon last and remained out until 8 o'clock in the evening, when they brought in the verdict that Gillespie was responsible and they decided in favor of Miss Wessels, for the amount of \$59.87. This verdict is, unfortunately for the plaintiff, just 14 cents less than the amount that would entitle her to the County court costs. The judge reserved judgment on questions of law.

BUTTER PROSPECTS.

Uxbridge Journal: The opinion is expressed to us by a butter manufacturer that prices will not soar much this winter. He says there is a lot of butter in Canada in cold storage that will likely come on the Canadian markets this winter, having failed to find a profitable market abroad.

ARCHBISHOP McEVAY WILL PREACH.
