OMEMEE.

(Special to Free Press.)

Omemeo, Oct. 16.—Rev. J. H. Tenor announces his usual anniversary pastoral which says: "On Sunday, Oct. 25th, there will be given us an opportunity of manifesting our appreciation of our special blessings as a parish in the service of praise and thanksgiving (D.V.) that day. There will be celebration of holy communion at 10.30 a.m.; children's service at 2.30 p.m. and evening at 7 p.m. Rev. Canon Greene, rector of St. James' church, Orillia, has consented to conduct the services on this occasion. The offering is for the reduction of the church debt.

Mrs. Bryce, of Toronto, is the guest of her daughter, Mrs. (Dr.) Snelgrove. Mr. H. Beatty, sr., of the Commercial house, took a party of duck hunters from Brampton down to Grenadier Island this week in his launch. The party intend stopping a couple of weeks.

Mr. W. H. Finch, organizer for the C.O.C.F., left on Wednesday for Lakefield.

Rev. Horace Packover left for Toronto this week, where he intends residing in future.

Mr. Percy McLean, accompanied by his mother and little son, visited his brother, Mr. T. W. McLean, this week.

Mr. Geo. Griffin and family are enjoying a few days down the river.

Rev. Mr. Pogue, of Peterboro, will conduct special services in the Presbyterian church Oct. 25th. Special music will be provided for the occasion.

Address to the Electors

To the free and independent electors of the Riding of Victoria and Haliburton: Gentlemen,—

In accepting the nomination as candidate in the interests of the present Reform Government, I have no apology to offer, inasmuch as I have never sought the position, although I have been previously interviewed in regard to it on more than one occasion.

I have lived in the riding—in the village of Fenelon Falls—for 30 years, and have during that time not been asleep as to the various conditions of things, of the chief actors, and of the role taken by them in the political drama enacted on the stage of our fair Dominion.

If elected as your representative to the House of Commons on the 26th day of October, I pledge myself to ever stand by the principles of the confederation of the provinces—each controlling her own affairs of local government, and all united in one great Dominion of Canada as a part of the British Empire.

I promise to support any measure that I may consider to be for the benefit of the people—of the Dominion generally—or of this riding particularly.

I favor the policy of the present Government—first in the British preference, and the closer relations of Canada with the British Empire, as well as their methods of extension of trade and the reduction of the tariff with foreign nations, whatever that reduction may benefit the Canadian consumer.

I endorse the policy of the Government in the opening up of the western and the great north-western provinces by the construction of the transcontinental railway—the Grand Trunk Pacific; and their emigration policy in connection therewith.

I admire the foresight and business ability of the Government, the Department of Public Works, by the improvement of our harbors, the deepening of the canals, in the deepening of the St. Lawrence river, permitting the largest vessels to load and unload at Montreal, and diverting nearly all of the western grain trade through Canada to the markets beyond the Atlantic.

In the Post Office Department I delight to draw your attention to the great benefit it has been to the people of Canada by the reduction from 3 cents per letter to 2 cents, that has been no doubt gratefully appreciated by every citizen of our Dominion. They have not only reduced the cost of postage, but are now preparing to put in operation in some thickly populated parts the rural mail delivery, which within a few years will have become systematically established all over Canada.

In the Department of Agriculture I admire the action of the Government in opening up avenues of trade with Britain and foreign countries, in providing cold storage in warehouses and steamships for the preservation of those perishable exports as butter, cheese, eggs, fruit and fowl—dressed and undressed.

In the Militia Department I am satisfied that the Hon. Sir Frederick Borden has built, is building and will build as good a construction as the foundation built by the past governments will allow, that is, a militia of defence and protection, carefully avoiding the danger of drifting into militarism like the nations of Europe.

Believing that I can be of benefit to the people of the riding as a member of the House of Commons, both in the matter of general legislation and in watching and caring for the interests of the people of Victoria and Haliburton, I confidently solicit your votes and your influence in the election now pending.

Yours obediently,
ARCHIBALD WILSON.

RHEUMATISM RECIPE.

A well known authority on rheumatism gives the following valuable, though simple and harmless, prescription, which any one can easily prepare at home:

Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces.

Mix by shaking well in a bottle, and take a teaspoonful after each meal and at bedtime.

He states that the ingredients can be obtained from any good prescription pharmacy at small cost, and, being of vegetable extraction, are harmless to take.

This pleasant mixture, if taken regularly for a few days, is said to overcome almost any case of rheumatism. The pain and swelling, if any, diminishes with each dose, until permanent results are obtained, and without injuring the stomach. While there are many so-called rheumatism remedies, patent medicines, etc., some of which do give relief, few really give permanent results, and the above will, no doubt, be greatly appreciated by many sufferers here at this time.

Inquiry at the drug stores of this neighborhood elicits the information that these drugs are harmless and can be bought separately, or the druggists here will mix the prescription for our readers if asked to.

WILL PUT IN BUSY SEASON.

Mr. John Henderson, of Bobcaygeon, formerly purchasing agent for the Rider & Kitchener firm, of this town, was in town to-day. Mr. Henderson corroborated the report that the various lumber firms operating in this locality have planned to greatly restrict the cut of timber during the coming season, and mentioned as proof of his statement that the Cavendish Lumber Co. of Peterborough will have only two camps in their limits this winter. On the other hand, the number of jobbers in the various limits will be largely increased, so that the ultimate cut may be fairly large. Mr. Henderson stated that he had purchased a 35 acre cedar swamp within four and a half miles of Peterborough, and only three-quarters of a mile from Chemong Lake, and will keep a gang of men at work all winter cutting telegraph poles and logs.

A Good Husband.

"He's a most obliging husband."

"Yes?"

"Yes, he not only listens attentively, but he actually wants his wife to tell him all the gossip she has heard."

Many of Sylvester's Men Out of Work

WILL BE BACK ABOUT SECOND WEEK IN NOVEMBER—EXPECT FULL STAFF.

On account of the small number of orders that have been coming in during the summer months, the Sylvester Mfg. Co. has been compelled to close down the foundry until November, when it is expected they will open again.

Off and on through the slack months the gasoline engine department has been kept going, many engines having been ordered last spring to be in use for the coming winter.

The large auto thresher which was sent out to the North-west early in July has proved a great success for the company, so much so that they have found it necessary to build another to be put on the road next year for the Ontario harvest fields. This is a great invention of Mr. Sylvester's, for which he deserves much credit.

Many other improvements have taken place, much of the drilling machinery in different departments of the foundry having been repaired and new belts placed on new shafting.

The engine-room and boilers, which in past years have caused much trouble, have all been repaired, and it is expected that the foundry will open about the second week of November with all the old staff back.

Sprinkle salt over the coal in your bunker in liberal quantities; it will make it burn more evenly and prevent "clinkers."

SUCCESSFUL N. S. T. STUDENTS.

Harold Gunton, a graduate of the National School of Telegraphy, leaves to-morrow morning for Allandale to take a position on the Northern division of the Grand Trunk railway.

Mr. Gunton was at Allandale Friday last and passed the Grand Trunk examination with ease. This makes three young men placed in positions from this School within the last ten days.

Positions are sure, as soon as pupils become competent, and it looks to us like a splendid course for our young men.
