The farmer, with the assistance of some near-by men, released the horse from its awkward position, and assisted in removing the buggy to where it could be repaired.

Killed Large Doe With Axe Last Week Close to Lindsay

ANIMAL WAS BADLY WOUNDED BY RIFLE SHOT—WAS ACCOMPANIED BY TWO FAWNS. James Hall, who is in the employ of a farmer in the vicinity of Hill Head, south-east Ops, about five miles from this town, met with a rather exciting experience one day last week. He experienced all the thrills felt by the ardent hunter of venison without having to incur the expense of fatigue attached to a trip to the northern wilds. It happened this way: Mr. Long had been busy for several days in a swamp some distance from his employer's house, and on going to his work the morning in question, axe in hand, to his great amazement he saw before him a large doe and two yearling fawns. The mother was lying down, but on his approach she staggered to her feet, but fell again, and Lee, leaping forward, dealt her a terrific blow with the blade of his keen-edged axe, almost severing her neck. He then turned on the fawns, but they had taken alarm and were out of sight. An examination disclosed that the deer had been shot by some hunter, probably the day previous as the blood was caked on the skin, and had run until completely exhausted. The incident recalls the statement made last season by Emily Creek farmers to Mr. Joe McConnell, of the Royal hotel, that five deer were wintering in the huge swamp that extends from Sturgeon Lake to Manvers township. The deer were twice seen by Mr. McConnell last winter, but being a thorough sportsman he spared them, hoping that others would do likewise. We were also informed that one of the Hawkins boys saw a couple of deer last week while out tracing a lost steer, but failed to get within shooting distance.

CHAPPED HANDS AND COLD SORES

ZAM-BUK GIVES SPEEDY RELIEF. Few women entirely escape the pain and annoyance of rough or chapped hands during the winter season, and most outdoor workers suffer more or less. If your hands are chapped, wash them at night in warm water; cleanse them thoroughly, using Zam-Buk soap if possible, and then anoint them well with Zam-Buk balm. By next morning you will be pleased with the result. Zam-Buk gives almost instant ease, and speedily closes the cracks. Mrs. Walker, of 14 Manufacturer Street, Montreal, says: "My son Henry works with his shirt sleeves rolled up above his elbow to the biting cold, as he was obliged to do, he got the worst case of chapped hands and arms I have ever seen. From his fingers to his elbows was one mass of raw flesh with bad cracks here and there. Whenever he washed, it brought tears to his eyes; the pain was so acute. "He tried several kinds of salve, but nothing relieved him really until he tried Zam-Buk. This took away the burning and smarting almost at once. The cracks began to heal, and a few applications of the balm cured him. His hands and arms are now smooth and soft. "We have also used Zam-Buk for other emergencies. I sustained a burn on one of my fingers. Zam-Buk took the fire out and healed up the sore. It really is a wonderful household preparation." Everybody says so who has tried Zam-Buk. Purely herbal, it is nature's own remedy. Eczema, ulcers, and chronic sores it heals and closes. Same with cuts, burns, and lacerated wounds. For children's injuries it is with their usual number of deer. It ends the aching and tightness due to cold. All druggists and stores sell at 50c a box, or post free from Zam-Buk Co., Toronto, for price.

Runaway Horse Crashes Through Store Window

PLATE GLASS FRONT OF TERRY'S CONFECTIONERY STORE BROKEN — HORSE CUT UP—CANDIES OPEN FOR INSPECTION. A very serious runaway took place last Tuesday on Kent-st., in which, after a long run, the frightened animal while attempting to enter the King Edward hotel alleyway, crashed into Terry's plate glass window, breaking it to atoms and cutting the horse severely about the body and legs. Mr. Abe Warren, owner of the horse, was taking long and fast drives along Kent-st., and while going east with the animal on Kent-st. he tried to turn at the Dominion Bank corner, with the result that the buggy overturned, throwing him out and frightening the horse, which started off down Kent towards Terry's confectionery, where the animal crashed through the plate glass window into the candy display. Mr. Robt. Lindsay, proprietor of the livery, was at the time coming along the street and after assisting in removing it to his barn on Cambridge-st, where its wounds were dressed and attended to. —Miss Graham, of Cobalt, is the guest of Mrs. Abe Warren, Cambridge.

Lakefield Bank Manager Shot with Revolver

R. P. DAVIDSON OF LAKEFIELD DIED THIS MORNING.—MAY HAVE BEEN ACCIDENT. Lakefield, Nov. 18.—R. P. Davidson, manager of the Traders' Bank here, shot himself in the temple with a revolver at 10 o'clock last evening, and after lying in the care of two physicians in a very critical state for some hours, died this morning. Little information could be gathered as to details, but by many it is thought that the shooting was purely accidental. Others claim that it was due to business troubles. Mr. Davidson was about 40 years of age and leaves a wife and one child. ACCIDENT AT WILBERFORCE. Bancroft Times: A son of Mr. Geo. Popen of Cardiff, aged nineteen years, was struck and knocked down by a train at Wilberforce station on Saturday last, with the result that one of his arms was broken near the wrist. The young man was fortunate to escape with his life, as no one noticed the accident, and he was pinned under the rear coach when discovered by the conductor. The train stopped to take water, and was backing up when Bowen was struck.
