

Interesting Debate to be Held at Fenelon Falls

ARNOLD A BUSY MAN — MISS ROSELLE JUNKIN VERY ILL
BAPTIST CHURCH Y.P.S. MUSICALS — OTHER FENE.
LON FAL LS ITEMS.

Fenelon Falls, Nov. 26.—Miss Myrtle Robertson of Owen Sound, who is attending Lindsay Collegiate Institute and Miss Mabel Sandfield of Lindsay, spent Sunday last in town, guests of Mrs. A. McIntosh.

The parish workers of St. James' church purpose holding a bazaar in Dickson's Hall on Wednesday afternoon, December 2nd. Following the bazaar, a concert will be given in the hall commencing at 8 o'clock.

The Young People's Society of the Baptist Church held the first of their weekly meetings on Thursday evening last. A short musical and literary programme was rendered, after which games of different sorts were indulged in, refreshments served and a very enjoyable time was spent by all present.

News has been received of the very serious illness of Miss Roselle Junkin, daughter of Mr. John Junkin, of Verulam. Miss Junkin is a nurse in training at the St. Louis Hospital and contracted typhoid fever with which she is at present very low.

Mr. J. L. Arnold has been for some weeks a very busy man. He has bought and shipped an enormous amount of fowl this season. The fowl are killed, plucked and packed in the building adjoining the Fenelon Falls Milling Co.'s premises, where Mr. Arnold has several men and boys at work.

Is this Indian summer? This is the 26th of November and the weather is as mild as May day. The heavy rains which fell yesterday and last night will do untold good in parts where water is scarce.

Distribution of Seed Grain and Potatoes

SAMPLES TO BE SENT OUT FROM CENTRAL EXPERIMENTAL FARM, OTTAWA.

By instruction of the Hon. Minister of Agriculture a distribution is being made this season of samples of superior sorts of grain and potatoes to Canadian farmers for the improvement of seed. The stock for distribution has been secured mainly from the Experimental Farms at Indian Head, Sask., and Brandon, Man. The samples consist of oats, spring wheat, barley, peas, Indian corn, (for ensilage only) and potatoes. The twentieth of oats sent is 4 lbs., and of wheat or barley 5 lbs., sufficient in each case to sow one-twentieth of an acre. The samples of Indian corn, peas and potatoes weight 3 lbs. each. A quantity of each of the following samples has been secured for this distribution:

Oats.—Banner, Danish Island, Wide-Awake, Giant, Thousand Dollar, Improved Ligowo, all white varieties.
Wheat.—Red varieties, Red Fife (beardless), Chelsea, Marquis, Stanley and Percy, (early beardless), Preston, Huron and Pringle's Champlain (early bearded). White varieties, White Fife (beardless), Bobs (early beardless).
Barley.—Six-rowed—Mensury, Odesa, and Mansfield. Two-rowed—Invincible and Canadian Thorpe.
Field Peas.—Arthur and Golden Vine.

Indian Corn (for ensilage) — Early sorts, Angel of Midnight, Compton's Early and Longfellow; later varieties, Selected Leaming, Early Mastodon and White Cap Yellow Dent.
Potatoes.—Early varieties, Rochester Rose, and Irish Cobbler. Medium to late varieties, Carman No. 1. Medium to late varieties, Carman No. 1. Money Maker, Gold Coin and Dooley. The later varieties are as a rule more productive than the earlier kinds.

Only one sample can be sent to each applicant, hence if an individual receives a sample of oats he cannot also receive one of wheat, barley, peas, Indian corn or potatoes. Lists of names from one individual, or application for more than one sample for one household, cannot be entertained. The samples will be sent free of charge through the mail.

Applications should be addressed to the Director of Experimental Farms, Ottawa, and may be sent in any time from the 1st of December to the 15th of February, after which the lists will be closed, so that samples asked for may be sent out in good time for sowing. Applicants should mention the variety they prefer, with a second sort as an alternative. Applications will be filled in the order in which they are received, so long as the supply of seed lasts. Farmers are advised to apply early to avoid possible disappointment. Those applying for Indian corn or potatoes should bear in mind that the corn is not usually distributed until April, and that potatoes cannot be mailed until danger from frost in transit is over. No postage is required on mail matter addressed to the Central Experimental Farm, Ottawa. WM. SAUNDERS, Director of Experimental Farm.

GOUGH'S "WHERE THE GOOD CLOTHES COME FROM." GOUGH'S REGISTERED. SATISFACTION==FIRST, LAST

And all the time---satisfaction that comes with the knowledge that you have good stylish, wearable, smart appearing clothes, at right prices. That satisfaction is yours every time you buy at Gough's. You may consider each of our advertisements as more in the nature of an invitation to share our good things with us than as a bid for your patronage. We know beyond any doubt that every Suit and Overcoat, every Hat and every other thing we offer you,

is as profitable for you to buy as for us to sell. You may not realize this; maybe it isn't very common in business; we don't know, but we're sure of it here; and we think you will be after one experience with us. The Suits and Overcoats we are selling at \$8, \$10, \$12 and \$15, are the best values to be found at such a price.

Men's Suits at \$8

Cheese Brings Eastern Canada Farmers \$20,000,000

WHESE SUM SAID TO BE RECEIVED FOR THIS YEAR IN THIS DISTRICT—BUTTER BRINGS ABOUT SIX MILLION DOLLARS A YEAR.

That the sum of twenty-six million dollars was paid to the farmers of Eastern Ontario and Quebec for dairy produce during the season which has just been brought to a close is shown by figures compiled by the Montreal Board of Trade. Of this amount a little over twenty million dollars was paid for cheese and nearly six million for butter. This is lower by seven million dollars than the amount received by farmers for their dairy produce last season.

The total output of 'make' of cheese this season was smaller by nearly 100,000 boxes than that of the previous season, but the make of butter has considerably larger. The Board of Trade figures up to the end of last week show receipts into Montreal as follows:

This decline in the output is due to the ever increasing cost of the production of milk, owing to higher prices for grain, short crops of hay and dry weather. The dangerous feature of the decline is that it has made an opening for New Zealand in the British market. The New Zealand trade has increased in the same proportion as Canada's has declined. The cost of feeding is a thing which does not enter into the calculations of the New Zealand dairy farmers. His cattle run out all the year and pick all they eat off the fields. In Canada the farmer must stable his cattle seven months in the year, and feed them on hay and grain which have a market value. The New Zealanders, therefore have the quality, their goods have improved wonderfully the past few years, and they are making a strong bid for the British trade. Their opening has come in the falling off of the Canadian output, and it is contended by many shippers that any further reductions in the make will mean a serious set back to the Canadian dairy industry.

Downeyville Man Dies in Toronto

MR. DENNIS LEHANE PASSED AWAY—OTHER ITEMS OF NEWS.

Downeyville, Nov. 26.—The weather for several weeks past has been most favorable, and the old residents of this place say they have never experienced such a fine fall.

Mr. John Ruddleth has for the past few days been visiting his uncle, Rev. F. McGuire, Mr. Rudden is always a welcome guest at the Presbytery.

Mrs. Paul, who was visiting here, and her sister, Mrs. H. Matthews, left on Saturday to visit some friends in Campbellford.

Mr. and Mrs. Pat Wynn left this place on Monday for Vancouver, B.C. to see after the estate of the former's brother, W. J. Wynn, who died in Vancouver a few weeks ago.

The death occurred in Toronto on Wednesday, November 18, at 1.30 a.m., of Mr. Dennis LeHane, at his residence, 820 Wellington-st., W. He has been cashier of the Canadian Railway News Company for thirty years. Mr. LeHane was sixty-four years of age, and was born and raised to manhood at Downeyville.

The funeral took place on Friday morning at St. Patrick's church and thence to Mount Horeb Catholic cemetery. He leaves to mourn his loss a wife, two sons and three daughters—all of Toronto.

Mr. LeHane's death is doubly sad owing to the fact that seventeen weeks ago, when he was stricken with paralysis, his daughter Nina was visiting in Muskoka, and was hastily summoned to her father's bedside; while waiting at the wharf a large stick of timber fell from the boat and struck her on the head; she died shortly afterwards.

BURY'S GREEN.

(Correspondence Free Press.)
Nov. 30.—Many farmers have finished their fall plowing during the past week, owing to the extra fine weather.
A large number of turkeys were delivered from this district to buyers at Fenelon Falls during last week.
Another successful shooting match was held at Mr. John Armstrong's on Wednesday last, where 15 turkeys and 13 ducks were shot off. Some excellent shooting was done and the fowl were pretty well divided amongst the crowd.
Mr. Albert Pogue lost a valuable horse last week.
Messrs. John Howe and Robt. Mc-

Geer are at present busy threshing clover in this district and are doing excellent work.

Mr. Geo. Flett who sold his farm this fall to Mr. Geo. Smith has recently purchased another valuable farm in Mariposa township near Oakwood, and will move thereon in the spring.

At a recent meeting of the officers, teachers and scholars of the Presbyterian Sunday school, it was decided to hold a high class entertainment in the church here on December 16th. More particulars later.
The Rev. W. H. A. French, rector of St. Peter's church here, will on Sunday next preach a special sermon on Prison work. A special collection will be taken for the work.
