### Running

UP FOR BIG EVENT.  
Seagram's great runner, Interno, is entered for the big \$25,000 handicaps in the eastern circuit, the Brighton and Sugarbush. As yet the name on the famous King's plate does not appear in the list for the other big stake, the \$25,000 Brooklyn. The congnall will be up against Frank Gill, Salvidere, Nealon, De Mund, Ballot, Tourne and a host of other classic favorites.

HAMILTON-TORONTO RECORD  
Claude Pearce, of the I. C. A. C., is killed to attempt the Hamilton-Toronto record to-morrow if the snow holds off. He will start on his 43 mile journey at 10 o'clock, from the City Hall, Hamilton, and expects to make the distance under five hours.

It is expected that in the near future New York will have an opportunity to see the famous English distance runner, Wilson, whose speciality is road running.

Last July, on the Middlesex road, in England, he covered ten miles in the phenomenal time of fifty-seven minutes flat, this being considered the fastest road run ever made.

Plans at present are to produce Wilson at the Palace hall in New York, where a series of long-distance go-as-you-please races are being featured. It is to be hoped for the sake of sport that the English road runner will prove of sufficient calibre to give his famous compatriot, "Al" Shrub, something perceptible in the way of a race in case the two should be matched.

Up to date Shrub has never, in the opinion of experts, shown anything that denoted the limit of his powers, in this country, at least. World records are up his sleeve to make and break at will.

### Trotting

SEMI-BIG WINNINGS  
J. E. Seagram leads the list of Canadian winning owners for the year with \$23,140 to his credit, and Valley Farm Stable next, \$13,460; Geo. Hendrix has \$5,063 and John Dymout \$5,510. Interno, \$6,063, and Tourne, \$5,500 are the only Canadian horses in the \$3,000 circle.

### PORT PERRY RACES.

Evening Post of Jan. 9  
The annual winter races at Port Perry on Wednesday and yesterday were largely attended, and the various events keenly contested by a good field of fast movers—in fact the races are described as the best ever held since the formation of the Port Perry Trotting Association, some 38 years ago. ### Hockey

STRATFORD VS. BERLIN.  
The first O.H.A. senior game of the season at Berlin between Berlin and Stratford resulted in a victory for Stratford to the tune of 10 to 4. Before the game commenced Berlin protested Edmunds, of Stratford, for alleged professional hockey at Regina last winter. Fourteen minutes after the game commenced Referee Casey Fraser was taken seriously ill and had to leave the ice. At the end of 70 minutes Irwin Barnhardt, of Preston, was agreed upon. The game was fast, but 24 penalties were imposed. Stratford played a two-man combination, which worked well.

LOOK STRONG  
Stratford Herald: Lindsay intermediates have apparently a good team this year. They have defeated Cobourg in Cobourg and Peterboro in Peterboro, and it takes pretty fast hockey players to trim either Cobourg or Peterboro on their own ice.

Orillia has dropped their intermediate team out of the O. H. A., but will keep their juniors at work.

Three Lindsay boys—Roy Henders, Billy Bain and "Pacer" McDougall—are playing hockey with Parkdale this season.

The second game for the Stasley Cup between the Ottawa Vics. and Montreal Wanderers proved a cinch for the latter. Score 13-1.

### Odds and Ends of Sport.

A DESERVED RAP  
Stratford Beacon: Toronto is great on public display. It gave Hanlan—who, as has been well said, was a sportsman rather than a sport, in that he never sold a race—a great public funeral, but when he was alive refused him the appreciation of live heroes and less display over dead ones would be more in keeping with a city which sets itself up as an example to the whole province.

There is to be a big snowshoe meet in Quebec in the course of a couple of weeks. Every snowshoer who is an amateur in good standing can take part.

In Winnipeg Saturday night Ralph Helley, a local champion, defeated Tom Donnelly, of Toronto, in a two mile race by one yard. Young Hearn, another local speed artist, covered 220 yards in 29 2-5 seconds.

Duluth is having a 600 foot ski hill built by the Northland C. C. It is to be very steep, and, when fully completed, will be about 75 feet in width. Half of the hill will be used for skiing and the other half will be devoted to the toboggan enthusiasts.

### TEN PIN ROLLERS

A team of world beaters from New York will roll at the tournament at Cincinnati Feb. 8 to 22. The team will be as follows; Lee R. ## Lindsay Look Like Champions--- Won Their Three Outside Games

The Boys are Showing Improved Form Every Time They Appear on Ice and the Team That Sets Out to Beat Them Must be Stars.

### LINDSAY 3-COBOURG 2

Evening Post of Jan. 9

The play was furiously fast, and the showing made by our boys, who have only had one practice, was astonishing. Last year's Midgets were everywhere in evidence. Randall has changed for the better—his only figured in the penalties once last night; however, he says that's the last time this year, and it was accidental. Cote got his twice, and "Sully" had two rests, too.

On Cobourg's side the game was characterized by continual rough play, Grossen, Bentley and Patton doing the most. The crowd tried to bluff Hancock for handing out Cobourg penalties, but they did not succeed to any marked extent till the second half, when, to keep things going at all, he had to overlook many off-side plays on their part, and Bentley, who had been trying his best to administer knockout drops to the Seugog team, went out of business at half time, completely used up from making himself into a battering ram. Cote was dropped to even up. Bentley is easily the star of Cobourg, and without him the play lacked ginger. Grossen is big and dirty, cross-checking being his part, and when put on the fence for the dirtiest of it, vented his spite on the referee in terms not befitting a member of the O.H.A. Executive. He is not in Koyle's class at all, neither can their point or cover face the starter in the game race with Newton or "Sully". Their line, however, are candy kids, and play most of their game, Bentley especially being fast and heady (red-head), too.

Crossen scored the home team's first goal from a way-back lift that "Minnie" didn't get his blinkers on in time; however, he wasn't shooting turkeys for the rest of the game, and only one other got past him, him. Kenny Lane did well, but was rather light for his job, which seemed to include a good many hard knocks. Reilly played a goose of a game on left wing, in the course of which he received a few love taps. Cote played a careful game and, come out without a scratch; he is strong, speedy and a hot shot, but is not aggressive enough.

Referee Hancock is the best in the business. He does not practice Waghorn's evening up system of trying one side and then the other, and first to please someone to get a recommendation for another game, but makes the players play, according to the rules, and lets the penalties fall where they are deserved, even if it takes every man off one side. If there were a few more Hancock's in the O.H.A. it would be better for all concerned.

### LINDSAY 9-WHITBY 3

Evening Post of Jan. 14

The Lindsay Intermediates journeyed to the lakeshore town last night and added another victory to their record, defeating Whitby by a score of 9 goals to 3 in one of the hardest fought games played there for a long time.

Referee Hancock, of Toronto, freed the puck sharp at 8:20 and both teams started at a terrific pace; many end to end rushes were made before Koyl landed one in the net for Lindsay from a long lift, shortly afterwards doing the trick again. This made the pace faster, and Whitby got busy and corods their first goal. A little later Peilly scored No. 3 for Lindsay, making the half-time score Lindsay 3, Whitby 1.

On resuming play in the second half, Lindsay started to make things interesting. Reilly scoring 3 in succession and Sullivan 1, before Whitby made their 2nd goal. This ended the scoring for a short time. Whitby commenced making things warm for the Seugog bunch, but on a grand rush by Koyl, another goal was added. Whitby then added one more to their credit. At this stage play was hard and fast on the part of both teams. Shortly before time, by combination work Peilly added Lindsay's last goal, making the final score 9 to 3.

For Lindsay every man played the game of his life, checking and shooting at every opportunity. The star man of the Whitby team was Blanchard; he is a quick shot and fast skater.

Lindsay line-up; Goal, Newton; point, Koyl; cover-point, Sullivan; centre, Lane; rover, Cote; l. wing, Randall, r. wing, Reilly.

## Good News for Ontario Growers

Sale of Blended Flours is Tending to Enhance the Price of Wheat.

There is every indication that the price for Ontario wheat will steadily advance. The introduction of blended flours has met with complete success wherever Ontario blended flours have been placed on sale—in Toronto for instance and also in Nova Scotia, New Brunswick, Cape Breton and Prince Edward Island—they have recaptured the market from "Western hard patent flours" to a considerable extent, and the good work goes on.

The only drawback to a more sweeping victory is a lack of wheat. Blended flours are principally Ontario fall wheat with a little Manitoba wheat to add the necessary amount of gluten (or strength). This combination makes the "big" loaf or bread of the Western flours—and, at the same time, has the delicate flavor of our best Ontario flours.

With the sale of these blended flours constantly increasing, it would seem that there was good money for our farmers in Ontario wheat. However, it is the soundest kind of business sense for every farmer, stockman and dairyman in the province

minutes, and was the only Lindsay man on the fence. He and Randall played a wonderful game, the latter surprising his many friends by quietly stepping back when punched in the head in the second half. Dusty, who hit him, got 5 minutes. If Randall keeps up his good start, he will be a great improvement on the Randall of last year. Lane played a good steady game, but missed a few good shots. "Minnie" was all to the good in goal, and had lots of work to do. Koyl had his usual corkscrew rush working to perfection—he simply couldn't be caught. "Sully" broke up rush after rush and it was owing to his good work at point that Peter could not reach the net often. Billy Stoddard was all that Lindsay people wanted to see on the ice this winter to guarantee a successful team. Last night all the other players wore a smile when Bill got on the ice—they seemed to think nothing was impossible when he was in it. He played like a tiger. His rushes were a sight, and 3 of the tallies resulted. Randall got 1 and Cote 2.

### A GENEROUS ADMISSION

Peterboro Review, Saturday; The Lindsay Midgets can play hockey. They demonstrated that last night, when they defeated the Peterboro Strathconas in the opening game of the season by a score of 6-4. Just because the seven that won from the Strathconas comes from Mudville is no reason why their playing ability should not be recognized. The Midgets have a cracking good defence, and a forward line that is fast, both individually and in the matter of combination. The Lindsay men, from the point up, are for the most part, dangerous shots. Combining this with speed and good judgment, the wearers of the blue and white present a line-up that is at once formidable and dashing. They played a clean article of hockey last night and are a decided credit to the burz with the big main street.
