Knights of the Jimmy Enter a Hardware Store Christmas Morning

Early Christmas morning the hardware store of Mr. A. E. Micks, of Peterboro was entered by some unknown persons and the place was ransacked, but little was taken save a few knives from the case.

Entrance to the store was gained through a window at the rear of the building, the burglar, or burglars, having broken a pane of glass in order to get an admittance.

Saturday morning when Mr. Micks came down to the shop he noticed that the window was smashed and there were also traces of blood from the window to the office and to the case at the front of the store. The safe had not been opened and very little of anything had been taken from the case. He could not be certain until he went over the stock.

Make a Change A New Back for an Old One. How it is Done in Lindsay

The back aches at times with a dull feeling, making you worry and restless. Sharp pains shoot across the region of the kidneys, it is agony to bend, stoop or lift. The rubbing of liniments or application of plasters does no good in these cases, they do not reach the cause. To get rid of these symptoms and exchange the bad back for an new and stronger one see the example of this Lindsay citizen:

Wm. Genevico, of Cambridge-st., Lindsay, Ont., says: "I have suffered for some time from kidney and bladder trouble, pains in my back, sometimes too frequent urine, then again too scanty. Also soreness all through my back. I finally obtained Booth's Kidney Pills from Gregory's drug store and I took them, receiving some relief. I shall continue using, as I am satisfied they are helping me and I have not found so much benefit from anything else. Sold by dealers. Price 50 cents. The R. T. Booth Co., Ltd., Fort Erie, Ont., sole Canadian agents."

Cut His Knee Badly A young lad named Wilfred Millburn, who resides near the iron bridge, had a nasty accident yesterday. It seems that while making a hockey stick with a draw knife, the weapon slipped and caused a serious cut in the knee, a couple of stitches being necessary to draw the wound together.

A LONDON DOCTOR Tells How to Cure Stomach and Liver Troubles.

A distinguished London physician during the course of a recent lecture on stomach and liver troubles, gives the following advice:—"Be moderate in the use of heavy, rich foods. Do not eat hurriedly, and thoroughly masticate, take a moderate amount of exercise before retiring, and immediately upon arising, use some of the advertised pills, many of which are advertised as cures, but in reality do injury by weakening the system. If you find it necessary to use any laxative, stick to the old-fashioned vegetable mixture, viz.:— Fluid Extract Cascara..... 1/2 oz. Syrup Rhuibarb..... 1 oz. Carriana Compound..... 1 oz. Compound Syrup Sarsaparilla 5 oz. Take one teaspoonful after meals and at bedtime. This acts in a gentle, natural way, and is free from the weakening effects of strong purgatives. The ingredients can be bought separately, and anyone can mix them at home. This information will be of benefit to our readers and is worth keeping."

FEUD ENDS IN FIRE

An Italian Fight at North Bay Causes Heavy Loss.

OCCUPANTS BARELY ESCAPE Stabbing of Man Named Amanda Is Followed by Fierce Factional War Resulting in Burning on Sunday of Store Belonging to Carmen Sandrelli—Property Loss Is \$5,000—Money Burned.

North Bay, Dec. 28.—Early Sunday morning the store and dwelling of Carmen Sandrelli, Italian merchant, was burned to the ground, the occupants barely escaping with their lives. So quickly did the flames spread that nothing could be saved, and cash amounting to \$300 was burned. The cause of the fire is attributed to incendiarism on account of the fierce feud existing between the Italian factions here which was intensified recently by the murder of a man named Amanda escaped a death by a narrow margin. Amanda's deposition accused Sandrelli of the stabbing, but evidence was given throwing the blame on another Italian who left town the night of the affray, and Sandrelli was acquitted. Amanda is recovering and still accuses Sandrelli.

Revolutionists Fight Troops. Moscow, Dec. 28.—Baron Cotte, chief of the secret political police, was killed and a single body was wounded in a fierce encounter on Saturday with revolutionists who were entrenched in a suburban villa. Artillery was finally brought to bombard the place, which was taken at four o'clock in the afternoon, after holding out for 24 hours. The attacking party were surrounded to find only a single body identified as that of the well-known revolutionist, Tchernoff, head of the central committee of social revolutionists, who, with a comrade named Siderkin, fired 80 pounds of ammunition from Mauser rifles. Tchernoff killed himself with the last round. Siderkin was captured, having been seriously wounded. The Government casualties were two killed and five wounded.

Aftermath of St. Mary's Fire

Willing Workers Prepare Church for Service on Christmas Day

Thursday was a busy day at St. Mary's church, where willing workers labored all day and well on into the night in order to get the church in readiness for the Christmas services.

The statues, pictures, and altar decorations which had been removed the evening of the fire, were placed in position.

The church on Christmas did not show any of the disastrous effects of the fire, save for the blackened portion of the walls above the doors.

The statues in the niches above the altar also bore mute evidence that the fire had penetrated the interior of the church. The slight smell of smoke that pervaded the edifice did not inconvenience the large congregations which assembled at the masses during the day.

The sacristy has been cleared of all debris and the windows nailed up for the present. It is expected that the work of rebuilding this portion of the church will commence at an early date.

The scene of the fire was visited on Thursday by a large number of the congregation, especially those from the country, and all were thankful that conditions were not more serious and that the main portion of the edifice had not been consumed.

Not as Bad as Reported

The accident to a G. T. R. engine near Fells' station Wednesday night was not as serious as reported. The crown sheet of the engine did not blow out, but an arch tube became detached from the crown sheet, thereby allowing the water and steam to escape in the fire box, causing consternation to the engine crew but when investigated did not prove very serious as the damage was repaired inside of three hours, and the engine again in commission.
