

THE BIBLE STUDY CLUB

The Post has arranged to conduct a branch of the International Newspaper Study Club. The questions will appear in this department every week, and all are invited to write out their answers and send them in to this office. Any information regarding the contest will also be gladly given at any time to those who ask for it. It costs nothing to join, and the prizes are well worth the winning.

Persons may join the club at any time during the year, but must of course answer the 52 questions to qualify for the prizes. It is however desirable that the questions be answered as the lessons are studied.

This club is for the purpose of promoting in an unfettered way among the masses, a wider study of the Bible and the abal truths of Christianity. It is composed of all those who join a local club, and take up this month's course herein outlined, harring only ordained clergymen. We have the systematic co-operation of the latter, but it is not considered fair to have them compete for the prizes. Sunday school teachers, Bible class scholars, and church goers generally, belonging to the Newspaper Club, also non-church goers of all shades of opinion. All such who have not joined are warmly invited to do so, and to compete for the prizes.

CONDITIONS OF THE CONTEST.

1. Each contestant, or his or her family, must be a subscriber to this paper during the continuance of the contest in order to qualify for membership in this Local Club.
2. Each contestant in this Local Club must answer each of the written questions for 52 consecutive weeks, commencing Saturday, Aug. 22, 1908, and the answers must all be in the possession of this paper by August 30, 1909, which allows two weeks grace after the close of the contest.
3. Each question must be answered separately, and the paper written on one side only. No answer must exceed 200 words in length, and may be less. It will be a convenience if students will write their answer on

letter paper, size about 8 1/2 inches by 14 inches.

4. Each answer must have the name and address of the writer at the bottom of each answer, so it can be identified, giving a number, registered, and then the name cut off so the examiner can know it by the number only.

5. Students should be careful to understand the question before answering. To do this the lesson text must be read and especially the verse or verses upon which the question is based.

6. The question from the Local Club must be delivered to this office, and they will be collated at the end of the contest and forwarded to the headquarters of the International Newspaper Bible Study Club for independent examination by competent examiners. The prizes will then be awarded according to the highest number of marks, and those won by members of this local club will be given out from this office.

THE PRIZES.

- First series—A gold medal to each of the first five contestants.
- Second series—A silver medal to each of the next five contestants.
- Third series—A teacher's Bible, price \$5.50, to each of the next five contestants.
- Fourth series—The book "The Heart of Christianity," price \$1.50, to each of the next thirty-five contestants.
- Fifth series—A developed mind, an expanded imagination, a richer experience and a profounder knowledge of the Bible, and of life, to all who take this course, whether winning a prize or not.

Each medal will be suitably engraved, giving the name of the winner, and for what it is awarded and in like manner each bible and book will be inscribed.

All who can write and have ideas are urged to take up their studies regardless of the degree of their education, as the papers are not valued from an educational or literary standpoint, but from the point of view of the cogency of their reasoned ideas.

Suggestive Questions on the Sunday School Lesson by Rev. Dr. Linscott for the International Newspaper Bible Study Club

"Registered in accordance with the Copyright Act."

JAN. 31st, 1909

- The Trial of Peter and John. Acts iv: 1-31.
- Golden Text.—They were all filled with the Holy Spirit and they spake the word of God with boldness. Acts iv: 31.
- Verses 1-3.—Why did these priests, who were God's appointees for carrying on his church, oppose Peter and John, seeing they were in the same service? (This question must be answered in writing by members of the club.)
- Are professional teachers of religion naturally jealous, when others begin to teach, and are they making it a success?
- Have priests and preachers in the past been quick or slow to see God's new revelations of truth, whether in science or theology?
- If two persons are really one with God, will they persecute one another for difference of opinion, no matter how wide apart?
- What made the Roman Catholics burn the Protestants?
- What made Calvin, the apostle of Protestantism, cause the burning of Servetus?
- Should a sincere man ever be punished, or even blamed, for a wrong opinion?
- Is it possible for a lover of truth to reach the goal without passing through some error?
- Verse 4.—How is it that some accept and some reject essential spiritual truth on the same evidence?
- Verses 5-7.—Why was it that these rulers did not recognize Jesus as the sent of God?
- Is it possible that these priests, in their hearts believed that Peter and John were right and opposed them because their own craft was in danger?
- Verse 8.—What gave Peter and John such boldness?
- Is a man filled with the Holy Spirit always brave?
- Was Peter especially filled with the Holy Spirit for this occasion, or was he now always filled with him.
- If a man to-day recognizes the Holy Spirit in him, and so acts, is he always filled with the Holy Spirit?
- Verse 9-10.—How was the impotent man made whole?
- What does the expression "in the name of Jesus" signify?
- What would have happened if the Jews had accepted Jesus?
- Verses 11-12.—These verses state that Jesus is the chief stone in the Christian Temple, and the only man through whom salvation can be had,

obtained in 1896, giving a total of 22 1-2 tons of green crop and almost 7 tons of hay per acre. This was the only year in which four cuttings were ever obtained and since 1896 the average yield per acre of green crop has been 21 1-2 tons and a little over five tons of hay.

In preparing the soil for the crop the field must be well cleaned and must be entirely free from Canadian Blue Grass, as the alfalfa is not a good fighter during at least the first two years.

Alfalfa sown at the rate of 2 1/2 lbs. an acre in front of the drill with one bushel of barley per acre gives much better results than when sown behind the drill. The barley, when cut, should be removed as soon as possible because the young plants underneath the shocks are apt to suffer.

Mr. Hy. Glendon, of Manilla, in the discussion, spoke against pasturing alfalfa. He found the sowing of orchard grass in low parts of the field to be satisfactory as both will be ready for cutting at the same time. Farmers sowing alfalfa for the first time should treat the seed with nitro-culture in order to make sure that their soil is inoculated with the bacteria so necessary to the vigorous growth of the crop. The sowing of inoculated seed in front of a drill assures the covering of the seeds which is necessary before the bacteria will multiply.

In cutting and curing great care should be observed to preserve the leaves, which are the richest part of the plant. For the first crop, cut in the morning, ted in the forenoon and afternoon, and put up in small coils after thesecond bedding. For the second and third crops, Mr. Glendon never coils alfalfa. — H. D. D.

LIVE BITS OF NEWS.

- Harris Martin, who was the chief witness against Mr. Farrel, M. E. at Dublin, was mobbed at Candara though six policemen were guarding him.

Weak, Sickly People

Will Find New Strength Through the Use of Dr. Williams' Pink Pills

A great many young men and women are suddenly seized with weakness. Their appetite fails them; they tire on the least exertion, and become pale and thin. They do not feel any specific pain—just weakness; but that weakness is dangerous. It is a sign that the blood is watery; that it needs building up. Dr. Williams' Pink Pills will restore lost strength because they actually make new, rich blood—they will help you. Concerning them Mr. Alfred Lepage, of St. Jerome, Que., says: "For several years I have been employed in a grocery and up to the age of seventeen I had always enjoyed the best of health. But suddenly my strength began to leave me; I grew pale, thin, and extremely weak. Our family doctor ordered a complete rest and advised me to remain out of doors as much as possible, so I went to spend several weeks with an uncle who lived in the Laurentides. I was in the hope that the bracing mountain air would help me, but it didn't, and I returned home in a deplorable state. I was subject to dizziness, indigestion, and general weakness. One day I read of a case very similar to my own cured through the use of Dr. Williams' Pink Pills, and I decided to give them a trial. After taking four boxes of the pills I felt greatly improved so continued their use for some time longer and they fully cured me. I am now able to go about my work as well as ever I did and have nothing but the greatest praise for Dr. Williams' Pink Pills."

The blood—good blood—is the secret of health. If the blood is not pure the body becomes diseased or the nerves shattered. Keep the blood pure and disease cannot exist. Dr. Williams' Pink Pills make rich, red, blood, that is why they cure anaemia, rheumatism, indigestion, headache, backache, kidney trouble and the secret ailments of girlhood and womanhood. Sold at 50 cents a box or six boxes for \$2.50, by all medicine dealers or by mail from the Dr. Williams Medicine Co., Brockville, Ont.

—Rev. Canon Burman, of Winnipeg, is dying of tuberculosis.

—Lightning destroyed the barn of Isaac Linton, of Caradoc.

Seed Peas For Farmers

We are now giving out peas to grow on contract and as the prices on some varieties have advanced they are going very fast. Those who have left their order for peas we wish would call and get them; and those who have not, but intend to grow, write to our office or call at once and select the kind you want before the best varieties are all gone.
Jas. M. Squier & Son will give a SPECIAL PRIZE OF TEN DOLLARS for the largest yield of any variety of peas of over ten bushels of sowing in each of the following townships:—Terlana, Ops, Emily, Fenelon and Manvers.
The Blue Imperial and Harrison Glory peas, as you all know, are old favorites with the farmers around here and of which large quantities are grown every year. Squier & Flavell will give a SPECIAL PRIZE OF TEN DOLLARS in each of the above townships for the largest yield from over ten bushels of sowing of either of these two varieties.
Do not delay, but come in at once and leave your order.

JAS. M. SQUIER & SON
SQUIER & FLAVELL.

A college professor, in describing the effect of the wind in some western forests, wrote: "In travelling along the road, I even sometimes found the logs bound and twisted together to such an extent that a mule couldn't climb over them, so I went round."
