

Peterboro Rooter Seriously Injured

Knocked Off Near Omece

One of the Peterboro hockey rooters met with a serious accident at Omece Thursday evening on his way to Lindsay. The young fellow was accompanying the team which arrived in town on the 6:23 train. When passing Omece he leaned over the top of the car and in doing so his head came in contact with one of the switches. The force of the blow knocked him off and he fell to the ground. Luckily the station was at hand and his friends got him into the car again. A nasty cut was inflicted over his right eye, and it was bleeding profusely. On arrival at Lindsay he was taken to Dr. Brown, where the wound was sewn up. It took seven stitches to fix it.

Teachers Will Set Papers in Future

New Regulations Regarding Questions for Examinations

The department of education has decided upon an important change in the preparation of the departmental examinations. The department adopted last autumn a regulation under which the boards of examiners for admission to the professional schools should hereafter be selected from the model schools from the staffs of the normal schools, for the normal schools from the staffs of the normal schools and for the faculties of education from the staffs of the said faculties, and of the normal schools with, in case of each board, one or more inspectors of public and separate schools continuation classes and high schools.

Farmers Will Not Sell the Land

Mr. Leary's Company Will Abandon the Search for Gas at Peterboro

The Peterboro Times says: Mr. C.H. DeLiman's gas and oil prospecting company will start at once to lease up lands between Peterboro and Lindsay. Mr. R. H. Leary in company with Mayor Bush, A.B. Bradburn, and A.H. Gillespie of Peterboro, made a final effort Wednesday afternoon to lease the lands from the few farmers who had held out, but they failed to make any progress. The farmers say no, and also that they will sign nothing to consider the proposition. That knocks the whole thing on the head and throws the work of prospecting away back.

Ruse of a Hen to Save Her Life

Was Cooped Up for Killing, But Came to Her Senses and Paid the Ransom

When it comes to a choice between making oneself useful on a job, or feeling the chill steel of the head-severing axe, even the feathered aristocrats of the chicken coop, lately reacting on their laudible by reason of past achievements, are susceptible to the gentle persuasion of being on top of the world.

Railway News of the District

Grand Trunk will Build to Young's Point and Trolley will Run from Cobourg

The Peterboro Times has indications that at present there are indications of three railway lines to Lakefield. There is the Peterboro and Radial Railway's proposed extension, the line spoken of from Cobourg to Kawartha and lastly the G.T.P. plans to extend when Lakefield line to Young's Point. This latter extension has been spoken of before but has been kept rather quiet. It is known that the company's surveys have been made over the ground and the extension of their line between Young's Point and Lakefield is being served by trolleys. A letter to Mr. Leary in getting to Young's Point are three proposed plans but it is another question which of them will be carried out.

SORE THROATS AND COUGHS. They obtain the germicidal value of Creosolene with the soothing properties of slippery elm and licorice. They dissolve in from 10 to 15 drops in water. Your Druggist, Limited, Agents, Montreal, etc.

Peterboro Slain in Hockey Game

Were Badly Defeated by the Lindsay Bunch of Puck Artists

OME again 'Peterboro'! Lindsay 7, Peterboro 3—such was the result of Friday's game between the local Midgets and the Peterboro intermediates, which was played on the Lindsay rink. Peterboro came to town with four carloads of supporters and really expected to defeat the locals on their own ice.

A Black Hand Outrage in Lindsay

Desperate Deed Perpetrated on Friday Evening

Last Friday the following reached the Post by phone from a well-known citizen: "Good morning. Do you want a sensation?" The Post—"Yes, we are hungry for one. What is it?" Citizen—"Well, a 'black hand' outrage was perpetrated at our house last night."

The Post—"What!" Citizen—"Yes, that's right." The Post—"Wait until I get my hat and I will run over and see you." Citizen—"Oh, I can give it to you now just as well." The Post—"Just a minute until I get my pad—All right." Citizen—"It was just this way. My wife decided last night that she would have the kitchen range moved to another part of the room. I took down the stove-pipe, and together with my wife, daughter, and her gentleman friend, who was pressed into the service we placed the stove in the position required. I mounted an old stool and proceeded to string the pipes—an undertaking which requires skill and patience. I handled them without gloves, so to speak, and my hands were as black as night. I was getting along swimmingly, when presto! the stool tilted a little. I lost my balance, and in an effort to save myself grabbed for the first thing in sight like the drowning man. That object happened to be my daughter, and I fixed the imprint of both hands on her immaculate white silk waist."

Daughter—"Oh, papa, my waist is destroyed, this is an outrage!" Her young man—"Yes, a 'black hand' outrage." Citizen—"That's the story. It keeps mild, doesn't it? Good morning."

Haliburton is Getting Ambitious

Wants to Have a Train Run Through Daily to Toronto

The Haliburton correspondent of the Minden Echo says: "A petition has been gotten up in the village to be sent to headquarters of the Grand Trunk Railway asking their deepest consideration in the matter of running a fast train to and from Toronto daily next summer to accommodate and encourage tourist traffic at this point for the advancement and development of this most picturesque part of Ontario with its bracing atmosphere. The object is to get all interested people in town and country, in fact everybody, to sign the petition, which will be found at Robertson Bros. store, and let us, if at all possible, get better train service, especially in summer, and so further the interests of both town and vicinity. The proposition appears encouraging. The fact of us having never made an effort for better train service is evident. We all know the problem. 'Ask and ye shall receive.' Let us make an attempt to prove the problem. It would probably be helpful for Minden and Kinnouit to take up the proposition with the railway company, too."

Rev. Dr. O'Brien Resting Easily

The many Lindsay friends of Rev. Dr. O'Brien of Peterboro, will be pleased to learn that he is resting as easily as might be expected after undergoing an operation on Thursday. The injury received is very painful and of a rather serious nature. It will be about two months before he is able to be around.

own ice. They have been doing big things this year, but they were no match last night for the Midgets. They were thoroughly trounced, and forced to go home with the sting of defeat upon them. From the first to the last of the game the Midgets had the best of the play, and shot upon shot rained in upon the Peterboro goal. Only the excellent work of Derocher, who played goal for the Electric City, saved the score from going away up. He played a good, steady game and stopped many hot ones. The game was fairly clean and Referee Moxon came down hard on the slightest bit of rough work. On account of the sticky ice, there was little or no combination. The Midgets were on the puck all the time and checked hard.

The Peterboro rooters were there.

Heard Her Death Sentence

To Obtain Temporary Relief when suffering is a great boon, but to be permanently cured and restored to health after being assured that one has not a year to live, is an experience that cannot fail to bring joy to any heart.

Writing on August 11th, 1908, she says: "It is ten years since I took PSYCHINE, and I have not taken ten dollars' worth of medicine since. I should not have lived out the year had it not been for PSYCHINE. My own testimony is stronger than that? If you are feeling worn out and run down, try PSYCHINE. You will be surprised at the result. PSYCHINE thoroughly builds up the system, and imparts new life and vigor. The greatest of tonics, PSYCHINE restores the throat, lungs, heart, stomach, digestive and blood-making organs to perform their proper functions. The only specific known that will cure chronic weakness, catarrh and decline. Sold at all druggists and stores. 50c and \$1. Send for a free sample to Dr. T. A. Sloum, Limited, Spadina Ave., Toronto.

The Twenty Club is Entertained

The Globe says: "Moulton College, Toronto, was the scene of a rather unique function last Thursday when Principal Hardy entertained the Twenty Club of Lindsay. It is not often that a town maintains for a lengthy period a club devoted to social and intellectual pursuits, but the Twenty Club of Lindsay, organized in 1902, is a vigorous organization so vigorous in fact that it made a special trip to Toronto to hold its regular January meeting with Principal Hardy, who was its secretary for many years, and one of the founders of the club. For a number of years the club has been invited each year some prominent Canadian to come to Lindsay and address them on a topic of which he was master, and these gentlemen constitute the honorary members of the club. The breadth of interest shown by the club in their range of topics is indicated by the list of these members: F. Tracy, B.A., Ph.D., Rev. W. G. Hanna, Hon. John Dryden, J. S. Wildison, Edward Gurney, Rev. J. E. MacFadyen, M.A., B.D., Prof. W. S. Milner, M.A., Prof. J. E. McLaughlin, Prof. Adam Shortt, A. F. Wickson, E. J. Kyle, M.A., Chancellor McKay, Prof. W. H. Miller. Most of these were present and in addition the following Toronto gentlemen, Tueron Gibson, Prof. A. Carruthers, L. L. Stark, A. M. Denovan, Rev. W. A. Cameron, W. E. Rundle, J. W. Flaville, Dr. Clarence L. Starr, D. H. Cooper, Rev. T. M. Campbell. The guests were received by Principal and Mrs. Hardy and Miss Thrall, and dinner was served in the spacious dining room of the college. President Falconer, of the University of Toronto, was the chief guest of the evening, and spoke to the club on the basis of university training in Scotland, Germany and Canadian universities. The following gentlemen from Lindsay were present: William Flaville, President; J. D. Flaville, W. H. Stevens, R. J. McLaughlin, K.O. G. F. Broderick, R. J. McNeillie, W. H. Siskie, M.D., R. Ross, Thomas Stewart, F. O. Taylor, R. Kennedy, Judge Harding, James Peel, Secretary, Thomas Kirkconnell, and Newton Small. Letters of regret were read from former members now resident in Montreal, Winnipeg, Kingston, Cobourg, Windsor, and other places. A feature of the evening was an invitation from Rev. J. W. Macdonald, of Winnipeg, to hold the February meeting in his city.

Saturday Market

There was a falling off in the attendance at local market Saturday morning, due, no doubt, to the unfavorable weather conditions. There was no 'falling off' however in the high prices prevailing. Butter brought 27c and 30c; white eggs sold for 30c and 32c; a dozen chickens were worth 13c a lb or 80c to \$1.00 a pair. Turkeys were scarce, but what few there were did not sell readily at the price asked, 17c a lb. On the outside, beef, for the quarter, sold at \$5.50 to \$6.50 and pork, by the hog, \$9.25. Hay brought \$10.00 and \$12.00 and straw \$4.50 and \$5.00 a load, or \$6.00 a ton.

Line-Up

Lindsay goal Derocher, Newton Point Glover, Sullivan cover point Moore, Stoddard Rover Rae, Taylor centre Parnell, Randall right wing Rose, Cotey left wing Dusty

Work Will Begin at Once

Mr. R. Adams Davey, of the Trent Valley canal staff, Peterboro, was in town today. In conversation with the Post he stated that the contract for the Lindsay dam and locks had been awarded to Ritchie & Gibson, and he understood that preliminary work would begin at once.

A Greek Restaurant Coming

Lindsay is to have another addition to its Greek colony, and incidentally a new business firm. For the past few days two Greek gentlemen from Toronto have been in town trying to secure premises for an up-to-date restaurant. They were unable to secure a store but will return to town again in the course of a few days to size up the situation. The restaurant promises to be first-class in every particular.
