To Our Correspondents

The Post feels it owes an apology to our excellent staff of correspondents owing to the fact that several interesting news letters have not been published in this or previous issues. We regret their non-appearance exceedingly, but our staff has been obliged to work overtime in an effort to meet the holiday rush of news matter, and then they were not equal to the occasion. We take a justifiable pride in our excellent staff of correspondents—the best on any weekly paper in the province. We fully realize that it has taken much of their time in gathering the news sent, and we trust they will not feel discouraged if their correspondence has not appeared. We are pretty well over the holiday work and we can assure our correspondents that in the future their excellent news letters will appear every week.

We would suggest that our correspondents get their letters in on Monday or as early in the week as possible—even if it is sent in two instalments.

Reeve Southern's Election Monday

One of the hottest contests for the Reeveship of the municipality of Laxton, Digby and Longford was fought today at the polls resulting in a victory for our late reeve, Mr. A. J. Southern, of Head Lake over Mr. Wm. Adair, of Norland. Both are very popular and highly respected men and every available vote was brought out, the day being very mild.

The Councillors elected are Mr. C. Sullivan, of Digby, standing at the very top rung of the political ladder, Mr. Thos. Davey, an old veteran in municipal affairs, Mr. J. T. Perkin and Mr. Jas. Campbell, old and experienced men. The people look forward to some good legislation from these capable and long experienced gentlemen.

Our new school on the 4th concession is now completed and it is no mistake to say that it is one of the finest in North Victoria. The people and trustees are to be congratulated for such a fine building. It reflects great credit on Mr. R. Morrow, the contractor for the pains he took in every detail of the work everything is A. 1. from ground to belfry. The interior is finished with ash and is a thing of beauty and a joy forever.
