"NO TOWN PARTY LINES" SAYS AUTOMATIC TELEPHONE CO.

In the telephone service today a good deal is heard of what is called party line service. By party line service is meant, service that is given with more than one subscriber on a line. Of course in rural systems the service is all party line on account of the distances that have to be covered in order to reach subscribers, the construction, making it too expensive to give each subscriber a private line. A party line service has its advantages and disadvantages, one of its greatest disadvantages is the fact that if one of the subscribers on the line is using his telephone, the others cannot, of course, use theirs and this may come at a particular time when you are in a hurry to reach a doctor, the police or a fire alarm. The main advantage of the party line system is that it allows more people to get telephone service who otherwise would be without it, as a Company can afford to give party line service at much cheaper rate than can individual service. In a large city where the cost of telephone service to individual subscribers runs up into large money, that is \$75, \$100, or \$125 a year, party line service is necessary and has a decided advantage to the community to be served, but in a town of the size of Lindsay, this element hardly enters into the consideration of a telephone service, particularly if a citizen can have the telephone in his residence for a matter of \$1.25 a month. The Canadian Machine Telephone Company whose system will be in operation here shortly is not advocating party line service for this particular reason. That is a town of the size of Lindsay where they are ready to give any citizen a telephone for his own private use at \$15 a year, there would hardly be a demand for party line service, especially where one of the big advantages of the Canadian Machine Telephone Company's service is the absolute secrecy and privacy of their automatic system. When for this reasonable charge you have your telephone ready to reach any subscriber in the town at any hour of the day or night, one is not likely for the saving of a dollar or two, to run the risk of having the line in use just when he wants to use it most and have added to this the possibility of someone else listening to the conversation that is going on over the line. Party line service is a good thing, where conditions demand it, but at the rates the Canadian Machine Telephone Co. are charging, they claim it is not necessary in a town the size of Lindsay.

Rates Reduced In Port Hope

The Port Hope Guide says: "Although the Seymour Power Co.'s lines have not reached Port Hope yet the benefit of the proposed competition is already apparent. The local company has issued the following circular: 'To our Customers.—As formerly stated, the object in adopting the meter system was to increase the use without the necessary waste of electricity, and in the furtherance of this object we intend, after this date, to offer our present consumers a rate which will enable them to use at the same cost 50 per cent more light than they could under the existing rates. We offer to the consumer whose maximum monthly bill, after deducting cash discount, is equal to the former flat rate monthly bill, a rate of 10c per kilowatt hour with a discount of 40 per cent (6 cents per K. W. net), the discount to be given only when the bill is paid on or before the 15th of the month. Thus, a consumer whose flat rate was \$1.50 per month will be able to use 25 kilowatt as against 16.23 kilowatts under the present rates, and in addition to that will not have any meter rent to pay.'

NOGIES' CREEK.

(Special to the Post) For the past three months there has been a hotly contested campaign in connection with our Adult Bible Class, the sides being white and blue, under Mr. Chas. Krager, captain, of the white, and Mrs. F. Forest, captain of the blues, with their sides, worked till the finish, and on Friday evening, after the class choir had rendered a well prepared song service W. H. Merrill, the President, dealt a short time on the constitution of the organized Adult Bible Class, its aims and objects, etc. Rev. Mr. Foley also gave a short address during the programme, after which the President called on Miss Krager, the secretary, to give her final report, which resulted in 248 points for the white side and 243 points for the blue side, giving a majority of 5 points in favor of the white side. Upon hearing the report the audience which crowded the church on the very inclement evening gave a very hearty round of applause to both captains for the noble work they done. The Secretary is to be congratulated on the systematic way she kept the record each and every meeting for the three months. The contest closed with 161 members for the class.

NEWSPAPER MAN IS SEEKING INFORMATION OF MISSING WIFE

Examiner: Any person who is in a position to supply information in regard to the matter referred to in the following letter is asked to communicate with the Examiner: Editor Daily Examiner, Peterboro:

Dear Sir and Brother.—I am a newspaper man. Will you help me find my wife?

Last July a Hebrew named Philip Weiberg committed suicide at Lindsay, Ont., as a result of receiving a telegram from Sarah Bernstein, the runaway wife of Joseph Bernstein, a produce merchant of 153 7th ave., New York City, in which she said she "did not love him any more." On his person was also found a telegram dated July 15 at Peterboro, from my wife signed J. M. H., warning him.

The Bernstein woman was accompanied by a Jew named Hymna, at the time those telegrams were sent from Peterboro. All followed the hair-dressing business, and my wife was a pupil when she was induced to run away with them. They were traced to your town by Joseph Bernstein, but disappeared after the scandal. I firmly believe that my wife, from quibbling notions of love and friendship for the Jewess and her lover, and may be from a mistaken notion of shielding them, is in hiding with them, not far from Peterboro.

The Bernstein woman is a Juno, Jewish dark type, voluptuous, and lustrous eyes. Hyman is of the same type. My wife, Jean Mae Hemming, is petite, black hair, brown hazel eyes, Roman nose, small mouth, shell ears not five feet tall, and may pass under the name of Beck.

The only question I want answered is whether or not they attempted to open hair dressing parlors in your town. I am a British subject, as is my wife. If you can recall anything from your files on the suicide, let me know, as it may lead to a clue. I want to save my wife's soul, if I can. Nothing else. Will you help a newspaperman

Very truly yours, CHARLES DAVIDGE HEMMING 839 Granite Building, Rochester, New York, January, 1911. Wolberg, it will be remembered, committed suicide by drowning at Tully's landing one Sunday morning in July last.

How Amount Is Divided

Monday the Post published an exclusive despatch containing the interim statement of affairs of the Farmers Bank. The amount owing to depositors and holders of drafts at Lindsay was placed at \$38,176.17. By Lindsay is meant not only this town but the sub-branches at Nestleton and Janetville. In that amount was also included drafts issued which would probably reach \$3,000. This would leave \$35,176.17 divided between the three places mentioned, with the bulk of it at Nestleton.

(Special to the Post) Mr. and Mrs. Slingo have moved into the house owned by Mrs. Malcolm Fraser.

Our baker, Mr. P. S. Duxbury, has removed his bakery from the Campbell House, to the Sutherland House, and has secured a portable oven. He is now turning out first-class bread, which is sold in our stores.

Mrs. Feild and little daughter Helen returned home from Winnipeg last week, after a short visit with her sister.

Miss M. Cooney, of N. West, is visiting her aunt, Mrs. Chas. Gusty. Mr. A. McInnis returned to Calgary last week after a short visit with relatives and friends.

Mr. Alex. Ross spent a few days of last week with friends in Peterboro.

Mrs. Wm. Mitchell is visiting in Winnipeg, Man.

The pupils seem to be well pleased with their new school teacher. Mr. J. Cameron, of Markham. We wish him every success in his work. We hear we are to have a new library. It will certainly be more convenient for the librarian. A sad misfortune happened last when the rink owned by Mr. Daniels collapsed on account of the weight of snow which was lodged on the roof. Fortunately no one was on the ice as it happened about 6 p.m. However, Mr. Daniels has rented a tent for the rest of the season and we hope to have skating and carnivals galore.

Seized Liquor on Door Step

The Divisional Court has dismissed the appeal of James K. Hesse, who keeps the Orillia House, from a fine of \$40 for keeping liquor on his premises. On October 24th the inspector followed a consignment of liquor from the station to the hotel, and seized it when it was delivered on the doorstep of the kitchen.

Hesse stated that there were seven gallons there, but only a lawful amount was for him, while some was for a guide who had been employed by him during the hunting season, and who would not take money for his pay. The rest was to be kept somewhere else than on the premises, and was for cooking, to be used in such delicacies as mince meat, etc.

Charged With Father's Death

Hamilton, Jan. 11.—Thomas Finton pleaded not guilty to the charge of murdering his father. He showed no traces of his confinement in jail. Mr. J.
