"Where The Good Clothes Come From."

GLANDINE

(Special to The Post).
Glandine, Dec. 21st, was a cold day, but notwithstanding the severity of the weather a goodly number gathered at the Church for the S. S. Christmas tree entertainment, where a pleasant evening was spent. With special mention to the children's selections, they all exceedingly well in their various recitations, dialogues, choruses, etc. The programme was varied with selections from the older members of the school, Miss Katie Satchell, "Grace Darling," with a rich duet was also sung by the Jas. McLean and Jas. McLean, with good effect. Then the singing by Miss M. Sanderson greeted with a good deal of applause. W. W. Webster sang a solo "I wonder How the Old Folk Home," with good expression the crowning feature was performed by Mrs. L. S. Webster, Webster and Jas. Reynolds, "Give the Boy a Chance."
The second part of the programme, the event of events, viz., the arrival of Santa Claus. As Santa appeared on the platform, fat and nicely costumed, he was greeted with much applause and the children were delighted to see a real Santa Claus. Santa was in a jovial mood too and after a few minutes he explained that as his eyes were failing, and besides having many appointments, that even he needed some assistance in the distribution of the presents. Several children responded, and in a few minutes the heavily laden tree was

stripped of its beauty and many young hearts made happy. A few more words to the children, a twist and a twirl and away goes Santa, with his reindeer, and the evening's entertainment is over.
Much credit is due the various committees for the success of the entertainment. Rev. Archer, too, made a very efficient chairman, and this contributed to its success. Also the children's rendering of the pieces reflected much credit on those assisting in the preparation and the tree and church decorations were certainly a work of art.

MOTHER'S APPRECIATE BABY'S OWN TABLETS

Because they are the only medicine which gives the guarantee of a Government analyst to contain no opium, morphine or other harmful narcotic. This means the mother can give this medicine to her youngest baby with absolute safety. Thousands of mothers know this and will give no other medicine to their little ones. The Tablets cannot do harm—they always do good. When the little one has a cold, baby indigestion, colic, when he has worms or his teeth are troubling him, Baby's Own Tablets will prove their worth. Concerning them, Mrs. E. Merriam, Shetland Ont., writes: "I use Baby's Own Tablets for my three little ones, and consider them the very best medicine during the teething period. The Tablets are sold at 25 cents a box by all medicine dealers or direct from The Dr. Williams' Medicine Co., Brockville, Ont."

M. ARISTIDE BRIAND, Premier of France, whose life was attempted to-day.

Dispensed With Doctor's Services

An account for \$179 for examining tuberculosis cattle by Dr. Broad from the Board of Health was read at the Council last night. Ald. Smale wanted to know by what authority the doctor carried out these duties, and how far his jurisdiction extended. He simply asked these questions in order to get information. Last year's Council paid the account of \$179.00, but the Board of Health suggested that his services be dispensed with. There was also another account of \$84.00 from the doctor, and Town Clerk Ray pointed out that outside of a resolution passed by the Finance Committee of last year's Council, there was no by-law passed appointing Dr. Broad, Veterinary Inspector. The late Clerk had been empowered by the Council to notify him that his services were dispensed with, but he failed to do so.
On motion of Ald. McCrae the account of \$84.00 was ordered to be paid.
Deputy-Reeve Dobson pointed out that the Council was unanimous in recommending Dr. Broad's appointment. This was concurred in by Deputy-Reeve Lewis.
The question of dispensing with his services was next considered and in this connection both Deputy-Reeves Lewis and Dobson pointed out the necessity of guarding against the sale of impure milk.
Ald. Babcock moved that Dr. Broad's services be dispensed with until the matter is looked into. Deputy-Reeve Dobson seconded the motion, which was carried.
Ald. McCrae, during the discussion, pointed out that the Council could not take action on any case reported by Dr. Broad. There were Government regulations which dealt with the question of tuberculosis cattle.

NORLAND.

(Special to The Post).
The weather is fine here at the present, and we sincerely hope it will be continued through the winter. I guess we will hope in vain. The skating in this burg has been very poor this winter, owing to so much snow.

Miss Katie McIntyre has returned to her school, after spending her holidays with her parents in this village.

Miss Nellie Alley has returned to college in Guelph after spending an enjoyable holiday here.

We were all sorry to hear that Miss Pearl Le Craw left for Toronto last week where she intends staying for the present.

Miss Effie Ward left for Tory Hill last Monday where she is engaged as teacher for the coming year. Misses Maud and Myrtle Murray have returned to Lindsay after spending their holidays under the parental roof.

Our teacher, Miss G. Dand, we are sorry to say has been very sick this last while, but we are all glad to see her able to be out again.

We are all sorry to hear that Mr. Arthur Perkins is at present very sick, but we all hope for his speedy recovery.

We had Rev. Mr. Quafe, also Bro Nelson, of Owen Sound in the army on New Years night. Rev. Quafe preached a very interesting sermon and his solos were very much appreciated by all that were present.

Our new Captain arrived to conduct the meeting last night. Welcome to Captain Beck.

Rev. Mr. Ireland, of Cobocok, will occupy the pulpit here on the 22nd of this month.

The angel of death has again visited our midst taking this time to his self the infant son of Mr. and Mrs. Sandy Martin.

Sudden Death of J. C. Harstone

The citizens of Lindsay were shocked this morning to learn of the sudden death of Mr. J. C. Harstone, Principal of the Weston Collegiate Institute and for twenty years Principal of the local Collegiate Institute.
The deceased had just entered his school and was about to take his class, when he was stricken, and passed away.
The late Mr. Harstone, who was in his fifty-eighth year, is survived by his bereaved wife, and two children, Mrs. McCuaig, of Toronto and Mr. Ross Harstone, at present on a government survey in New Ontario. A sister, Mrs. Thompson, of Toronto, and two brothers in Port Arthur and St. Thomas also survive him.
Since leaving Lindsay in 1908, he ceased his teaching school in Walkerton, Simcoe, and for the past one or ten months in Weston.

THE AVERAGE WOMAN NEEDS MORE BLOOD

Nerves Easily Irritated, She Worries Over Little Things

To the woman in the home—the woman closely confined to the house either through household duties or the care of children, or both—Dr. Williams' Pink Pills are a positive blessing. The average woman has too little blood. Her nerves are easily irritated; she worries over little things; has severe headaches and backaches and is sick most of the time. With the woman who uses Dr. Williams' Pink Pills the condition is different. She is always well and the care of her children, or her household duties, is a real pleasure. This because Dr. Williams' Pink Pills enrich the blood supply and bring bounteous health and strength. Here is proof. Mrs. Fanny Shepherd, Girvin, Sask. says: "I am the mother of a large family and was worn out, weak and irritable. I kept going to my doctor about every six weeks, and he would give me something 'to keep me going a little longer.' But it was like winding up a clock I soon got run down again, and although life seemed hardly worth living, I did not wish to die on account of my little children. I continued like this for some years, but at last summoned up enough energy to strike a new departure, and got a supply of Dr. Williams' Pink Pills. I barely hoped that they would help me, but to my surprise, before I had taken them long I began to feel like a different woman. I still continued taking the pills for some time, and they made me as well and strong as any woman need wish to be. One more I would enjoy life thoroughly, and have done so ever since I never need a doctor now, and everything seems bright and cheerful. I shall always recommend Dr. Williams' Pink Pills to anyone who in my opinion needs a tonic of any kind."
Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50, from The Dr. Williams' Medicine Co., Brockville, Ont.

LINDEN VALLEY.

(Special to The Post).
A very successful social evening, of the Women's Institute was held in the Orange Hall last Thursday evening and notwithstanding the inclement weather there was a fair attendance.

A sleighload from Taylors' Corners helped to swell the crowd and kindly assisted with the program, giving a dialogue entitled, "Boarding 'Round'" which caused much merriment and the W.I. wish to thank them for their kindly help.

The sum of seventy dollars and seventy five cents was realized.

A fine young son arrived at the home of Mr. B. Jewel on the 28th of December. Congratulations are order of the day.

The Sunday School Convention is to be held in Oakwood on Wednesday, the eleventh inst and we hope a good many from this neighborhood will be able to attend.

Council Confirms Bank's Statement

The communication from the Bank of Montreal regarding the town's indebtedness was taken up last evening by the Finance Committee of the Town Council.

Mayor Beal wanted to know how last year's Council ended their business. What became of the \$13,500 in connection with the Knowlson settlement?

It was pointed out that the statement made out on the 15th of December showed a deficit for the year of \$492.00. Miss Currie verified the statement presented by the Bank of Montreal.

Mayor Heal—if the town had not received the \$13,500 where would it stand?

Miss Currie pointed out that it would mean that the item \$22,000 for outstanding taxes would be \$36,000.

Mayor Beal said what he wanted to know was what was the outcome of the year's business.

Reeve Vrooman—they had a deficit of \$492.00.

Reeve Vrooman and Ald. Naylor moved that the Council confirm the town's indebtedness to the bank.—Carried.

Poultry Show Great Success

The Annual show of the Lindsay Poultry and Pet Stock Association opened today in the town hall and indications point to the fact that this year's effort on the part of the directors will eclipse the past shows.

There is a magnificent display of stock from all parts of the province and citizens are urged to make an effort to attend the show during the next two days.

The Judges are Messrs. Trew, of Lindsay, and Bennett, Toronto, and they will have a difficult job in giving their decisions when such excellent stock is shown in competition.
