### PREMIER WHITNEY'S ILLNESS

The announcement of the serious illness of Premier Whitney at New York has been received with the sincerest regret by the people of the Dominion of every shade of political belief. It is on an occasion like this that men sink their political differences to unite in expressions of sympathy and prayers for restoration to health.

That Premier Whitney may be spared to return to his beloved province is the wish of every Canadian.

### WHAT IS THE TAX FOR?

It is an undoubted fact that Canadian flour can be bought in England for from fifty to ninety-two cents a barrel cheaper than it can be bought in the Dominion where the wheat is grown and milled. In face of this fact the Canadian millers are putting up earnest pleas that taking the duty of flour would ruin their industries. The position seems, however, to be that the Canadian consumer must have the cost of his flour enhanced by the protective duty of 60 cents a barrel to keep out American competition in order that the British consumer may be able to get Canadian flour cheaper than the Canadian himself. That may be very nice for the British consumer, but where does the Canadian come in? Such an anomaly caused even so strong a protectionist journal as Sir Mackenzie Bowell's Belleville Intelligencer to remark that "There is a nigger in the woodpile somewhere." Possibly if this duty were taken off the nigger would vacate the woodpile and Canadians would get their flour at a cheaper rate.

The Canadian milling concerns at annual meetings during the last few months all reported the greatest prosperity since the record breaking season of 1908-9. It might not be out of the way for them to share some of this prosperity with the flour-consuming Canadians, who are not doing so well just now.

### WHY STOP WITH EGGS?

The following very sensible editorial sermon appears in a recent issue of The Bancroft Times,—"Diamonds enter Canada free of duty while eggs are subject to a duty of three cents a dozen. Surely this is an anomaly which should not be allowed to exist. Last year no fewer than 14,456,323 dozen eggs were imported into Canada, and beyond that practically every egg produced in the country was consumed here, our total exports only amounting to 147,410 dozen, or enough to supply Toronto for a few days. In summer when the Canadian barnyards are productive there is no need of protection for eggs. In winter there is still less for there is no production to protect. The duty should certainly come off eggs. If the revenue suffers and the country should need the money, put a duty on diamonds. The average man does not buy very many of these valuables anyway."

The Belleville Ontario in commenting on the above says that what The Times argues in reference to eggs is true of a tremendous list of food products. So while we are slashing the duty on hen-fruit why should we not get sensible and use the axe on a number of other items, particularly such articles as canned goods, bacon, and other packing-house products, flour, agricultural implements—in

fact upon everything that is now handled by monopolists, and upon food that enters into the daily menu upon the poor man's table? These impositions do nobody any good except a select few, and why should we impoverish the multitude for the benefit of the Ogilvies and others.

### WEDDING BELLS

BRADBURN—JOHNSTON.

A very large and fashionable wedding was solemnized on New Year's Day at the home of Mr. and Mrs. W. George Bradburn, Mill-st., Janetville, when their only daughter, Ena Mary, was united in marriage to Mr. Clarence Goodwin Johnston, a real estate and building contractor, of Weyburn, Saskatchewan.

The ceremony was performed by the Rev. Thos. Snowden, a former pastor, but now of Drayton, Hamilton Conference, assisted by Rev. W. W. Jones, of Janetville, in the presence of about eighty-five guests.

The parlor and dining room were beautifully decorated with evergreens, bells, and wreaths, while the table decorations were of holly entwined with smilax.

While the piano sounded the strains of "Lohengrin" played by Miss Bertha Taylor, of Blackstock, the charming bride was brought in and given away by her father precisely at 1.30 p. m. She stood beneath an arch of evergreens, and roses, embanked with flowers, wearing a dress of white embroidered silk net lace, over white duchess satin, with rose bud trimmings. Her tulle veil edged with embroidered net was arranged in Juliet cap fashion with a wreath of lilac blossoms. She carried a bouquet of white roses and maiden fern and wore the groom's gift, a necklet with sunburst of pearls, and looked beautiful indeed.

She was attended by Miss Alma T. Johnston, of Dartmoor, sister of the groom, wearing pale blue silk crepe de chene with shadow lace and brilliant trimmings.

She carried red roses and received the groom's gift, a gold monogram blouse set.

Mr. S. Orton Brauborn, of the Bank of Nova Scotia, Toronto, and brother of the bride, ably performed the duties of groomsman and received gold monogram cuff links.

Miss Nellie Taylor, of Blackstock, cousin of the bride, sang "O Promise Me," during the signing of the registrar, and received the groom's gift, a set of gold cuff links.

Miss Bertha Taylor, the pianist, received a gold monogram blouse set. The wedding dinner was all that could be desired, it having been daintily prepared and catered by Mrs. Garnett, of Lindsay.

Mr. Robert Burn, assisted by Miss Cloris Hutcherson, acted as manager and waitress during the first table and performed their duties well.

Congratulations were tendered in pleasant addresses by Rev. W. W. Jones, Rev. Thos. Snowden, Mr. Jos. Walker, Mr. Geo. Staples, Mr. Anson Taylor, Blackstock, Mr. Johnston, father of the groom, Mr. Wm. Peel, of Selkirk, Manitoba, great uncle of the bride, Mr. Jas. Armstrong, Reeve of our municipality, and Mr. Edward Richardson, Superintendent of the Janetville Methodist Sabbath School, of which the bride was a faithful student and teacher, and were responded to by the groom.

The happy couple left on the 5 o'clock train for Toronto and western points. The bride wore a brown Bedford cord suit, with blouse of brown embroidered satin, trimmed with fur, and jaunty little brown hat with fur trimming, and brown veil.

The bride received many valuable and useful presents, among them being an elegant bronze tray, presented by her Sunday School Class. Their future home will be in Weyburn, Saskatchewan, after April 1st.

The Post joins with their host of friends in wishing Mr. and Mrs. Johnston a long and happy life.

#### Fashion's Perils

You've a very narrow skirt,  
Little girl?  
Are you sure it doesn't hurt,  
Little girl?  
That's a mincing little stride  
Where the street is wild and wide;  
Are you sure there's room inside,  
Little girl?

What will happen if you slip,  
Little girl?  
Aren't you fearful it will rip,  
Little girl?  
You had better take a sack,  
So if anything should crack  
It would serve you coming back,  
Little girl.

Does your mamma know you're out,  
Little girl?  
We're afraid to go about,  
Little girl?  
If we met you in the sun  
With your skirt so thinly spun,  
Why we might have all to run,  
Little girl.

Let the bottom out a bit,  
Little girl.  
It is much too tight to fit,  
Little girl.  
As the matter sadly stands,  
You'll be walking on your hands,  
And in that event—my hands?  
Little girl.

### DECLINE IN THE PRICE OF SUGAR

The Toronto Star says. The housewives will be glad to learn there is a possibility that the price of sugar will be lower in the near future than it has been for many years. During the past month the cost of sugar has fallen twice and today 100 pound bags of sugar are quoted at \$4.20, a price, with two exceptions, lower than any attained in the last fourteen years.

It was announced yesterday by the local wholesale dealers that all grades of sugars in Ontario, with one exception, had been reduced 10 cents per hundred-weight by the refiners.

Important experiments are being carried on by a well-known Canadian sugar refining company, and their process, which is at present being tried out before a representative gathering of West India sugar growers, will if successful have an important bearing on the price of sugar in this country.
