PROCEEDINGS OF MARIPOSA COUNCIL

The following persons subscribed to the declaration of qualification and office as members of the council of Mariposa for 1914, after which the minutes of the 1st meeting were read and approved: A. J. Varcoe, Reeve, Edwin Rogers, Deputy Reeve, Messrs. Neil Ferguson, William Rich, and Charles Jenkins, councillors.

The reeve congratulated the members of the council on having been returned to office for the year 1914. He was pleased that the business of 1913 had been conducted so harmoniously, and hoped the same friendly spirit would characterize the business of 1914. The members of the council responded cheerfully to all that had been said by the Reeve. Messrs. Percy Brown and George West desired payment of the bonus on their wire fences. Mr. George Wilson wished permission to place a line of telephone poles on part of the northern boundary of the township, when the reeve informed him that this council did not usually interfere with telephone construction so far as the poles were placed a safe distance from the centre of the road and that it would be necessary for him to get permission from owners to trim any trees that may be in the line of construction. The county clerk notified the reeve of a payment of our treasurer of \$3.40, being the amount paid for repairs to the county crusher. Dr. S. Broad informed the council that he will be relieved if they replace the fences that were burned last summer by six wire fences to those that were burned. Mr. Angus Gillies was present and returned the collector's roll for the north half of the township, and collected all the taxes that were applied for a grant for the Children's Hospital, of Toronto. Mr. Thomas Spray informs the council that he will pay his drainage tax as soon as possible. Messrs. J. Gibson, John Stacey, J. J.

The treasurer presented his half yearly statement showing a total receipt of \$6255.31, and total payments of \$6250.67, leaving a balance cash on hand of \$437.64. Mr. Rich informed the council that a man at East Oakwood with a wife and six small children were having a hard time to get the necessities of life, and would be pleased to have a small grant donated for their purposes.

RESOLUTIONS PASSED

Council adjourned, to meet Feb. 9, 1914.

SUPERB CURLING FEATURED BONSPIEL

Continued from page 1.

FORMER CURATE LOSES.

Rev. Father O'Sullivan, of Port Hope, lost out Tuesday to Peter Smith, of the Hamilton Victorias, in the Flavelle Competition 15-4. The game was a good one from start to finish. Skip Smith, whose own rink at the last moment were unable to attend the bonspiel, had a rink of Lindsay men who excelled themselves last night and put up the game of their lives.

LOCAL CURLER'S TRIUMPH.

Victory perched on the banner of Peppiatt's Lindsay rink Tuesday afternoon in opposition to Rice, of Oshawa, with a score of 11-7 in the Flavelle competition. It was a hard fought battle all the way. The highest score made at any time was in the fourth end when the Oshawa men were lying four after the last stone had been played. The rest of the way it was all two's and ones most of them to the credit of Skip Peppiatt's rink. Persistence told in the end and the final balance to the two's end was for Lindsay.

The Lindsay rink was W. R. Keys, F. R. Fisher, A. Hopkins, A. J. Peppiatt skip.

The Oshawa rink was W. T. Eaton, A. Ellis, A. J. Kalter, S. Rice skip.

The Peppiatt rink, however, went down to defeat later in the day.

velle Trophy Competition when G. A. Little's rink went down to defeat in a hair raising game with Edwards, of Colborne.

It was said by many to be the best game of curling ever seen on Lindsay ice. Many of the shots appeared to be perfectly miraculous and unexpected results were obtained. A number of minutes were taken with the nicest precision and wicks were obtained that brought results which could not be hoped for by less experienced players.

There was a huge crowd around watching the game and the applause was generous. One very pleasant feature was the generosity with which the crowd applauded the many star plays by the Colborne team.

There was excitement from start to finish and the game was nip and tuck all the way. First Edwards, of Colborne, would be up then the Little rink. The score was a tie at the beginning of the last end and everyone was on qui vive for the final decision.

Finally Little was lying with two shots perfectly guarded. Edwards had only one stone left to play. His only chance was to draw to the tee, a shot which was almost impossible on account of the lay out of the stones already in and around the rings. He accomplished it, however, and added the deciding one to the score which now stood Edwards 11, Little 10.

ROSS HARSTONE'S VICTORY.

Another game that attracted exceptional interest and had many breathless moments for the spectators who crowded closely as possible to see the fun, was the hard fought battle between the Toronto Granites rink, skipped by Mr. Ross Harstone and the Oshawa rink skipped by Luke.

Ross Harstone learned to curl as a member of the Lindsay Curling Club years ago and gained great experience under such able skips as his father, the late J. C. Harstone, and others like J. D. Flavelle in the Lindsay rink. He was a member of the famous "Kid rink", which used to clean up things pretty generally among the local curlers and in several Ontario bonspiels. He also was with one of the rinks one season which attended Winnipeg bonspiel.

Ross was some curler then and now, well he can go some when he wants to in the curling game. He has had much valuable experience since he left Lindsay. Playing as a skip on one of the famous Rennie rinks is a testimonial to his skill, which must not be overlooked. Mr. J. Rennie is vice skip and the rink is therefore in doubly good hands and should have a particularly long look at the silver.

The Oshawa-Toronto Granites rinks were made up as follows:—

A. N. Garrett, lead, H. Lewis, 2nd, J. Rennie, vice, R. Harstone skip. For Granites—Geo. Miller lead, J. H. Cooper 2nd, C. McNab vice, and L. R. Luke skip for Oshawa. The game was a see-saw right through and doubly exciting on that account.

The first end finished with two to the credit of Oshawa. The next two ends, however went to the Granites two and one respectively. After an Oshawa end of two, the Granites got the following end and managed to lie 5. This was the biggest score piled up in any one end in the game. Two more Granite shots lay at the close of the next end, but the following couple were lost to Oshawa who piled upon their score a total of three more shots. Two three ended to the Granites with an intervening end when Oshawa drew a two spot. The last end showed:—Toronto Granites 16, Oshawa 10.

VETERANS' BRAVE FIGHT.

The younger rinks may make a stir with spectacular plays but it takes the veterans like skip Wm. Needler and Jas. Keith to put up a scientific game backed by years of experience and real knowledge gained from play upon all kinds of ice and under all conditions. The two other efficient members of this rink were Canon Marsh who played second stone and Mr. J. McLennan who was vice-skip. They put up a magnificent game against Pillgrem of Meaford.

The members of the Meaford rink were M. Pillgrem lead, J. D. McIntosh, second, Jas. Pillgrem, vice, and W. Pillgrem skip. It was almost a family compact and the Meaford rink played together like clock work. Skip Needler's rink, however, gave them a run for their money. An awkward ends with them all the way through the game. The Pillgrem rink is famous all over Ontario and are well high unbeatable.

The Needler rink, although unable to halt the Pillgrem's progress, en-

HOME LIFE ASSOCIATION OF CANADA

We claim the following from the Monetary Times:

"The chief business at the annual meeting of the Home Life Association held at the Association's office, the Home Life Building, Toronto, was the discussion and confirmation of the agreement for the reinsurance of the business of the Home Life by the Sun Life Assurance Company of Canada. The agreement was unanimously approved, the shareholders and policy holders present expressing their satisfaction at the arrangements which had been made.

Resolutions were passed unanimously commending the manager, Mr. J. K. McCutcheon, and the president Mr. R. J. McLaughlin, K.C., also the vice-president, Mr. Harry Symons, K.C., and one of the directors Mr. W. H. Carrie, for the manner in which the difficulties of the company had been untangled, and the reinsurance agreement effected. The treatment received by the shareholders and policyholders of the Association from the Sun Life Assurance Company, was also recommended.

All preliminaries have now been arranged for the completion of the reinsurance arrangement, and the final order of the Treasury Board is expected to be made very shortly. After that, the policies will be taken over absolutely by the Sun Life, and the dividend distributed among the shareholders.

At the meeting, there was a large number of shareholders and several policyholders. About seventy-five per cent of the capital stock was represented either in person or by proxy.

The manner in which Mr. J. K. McCutcheon and Mr. R. J. McLaughlin, K.C., have handled the difficulties of the company—difficulties which placed in less careful and capable hands, might have completely wrecked the Home Life—deserves high commendation."

A few months ago a government valuation showed the Home Life Association to be insolvent. Its liabilities were held to be \$130,000 more than its assets. Many expected that the company would go into liquidation and that the shareholders would not only lose all they had paid, but would likely be called upon to pay up the uncalled capital.

Mr. R. J. McLaughlin, K. C., our former townsman, was given charge of the affairs of the association some four months ago and as the result of his efforts in association with Mr. McCutcheon, the managing director, the affairs of the association were straightened out so that the association has been taken over by the Sun Life and the policy holders are fully protected and the shareholders will receive 100 cents on the dollar for their stocks.

All the financial papers are commending Mr. McLaughlin and Mr. McCutcheon and we are pleased to join them.

The Sun Life is the largest Canadian Life Insurance Co.

WHITBY SCHOOL

BADLY DAMAGED

Whitby, Jan. 13—Fire damaged the Dundas street public school here this morning to the extent of probably \$1,000. The school was in session at the time fire was discovered, but the children all marched safely out of the building. The bitter cold made fire fighting difficult and frozen hydrants delayed the work. A large portion of the damage is due to water and smoke. The origin of the fire was supposed to be an overheated furnace and air pipe. The loss will be fully covered by insurance.
