

Keep Up Your Vitality

Whenever a reliable tonic is needed, especially for cases of chronic throat or lung trouble, for loss of weight, wasting diseases of any kind, there is one remedy you can depend upon to give prompt and decided results. It is our **WINE OF COD LIVER OIL**. The value of Cod Liver Oil is conceded, but it is a remedy that often cannot be taken by those who need it most. In our Wine of Cod Liver Oil we present the essential medicinal properties of the oil, with the greasy, disagreeable properties left out. It can be depended upon to increase the health and to build up vitality and energy.

THE MAYOR DISCREDITED.

We must say that the more we look into the vote at the Council on Monday night on the reduction of licenses, the less we like the look of it. We are given to understand by the committee who interviewed Mr. Beeg before the election as to his stand on the question, that, whilst he said he would not vote for a reduction on account of his intimate relation with the hotels, that, on the other hand, if a majority of the Council were in favor of a reduction, HE WOULD NOT OPPOSE IT. Herefore Mr. Beeg has been considered a man of his word and as having some backbone to him, but evidently, when pressure is applied, the "bone" wilts, and we have an exhibition, such as we had on Monday night. Mr. Beeg went out of his way and voted as Mayor—an unusual proceeding—in order that the motion might be negatived. He also called for a second vote, evidently determined to whip those inclined to flunk into line. If that is not opposing it, what is?

The worst feature about it, as it appears to me, is that the man, occupying the honorable position of Mayor of Lindsay, deliberately broke his word. What confidence can we have in his word in the future? If a man will deceive on one question, will he not on others? Some people seem to think there is a difference in the grade of morality when discussing the liquor question, but we fail to see it. However, the temperance and church people who voted for Mr. Beeg, knowing him to be a good man otherwise for the position, (and there are quite a few who did not, now know what to expect—a wide-open town. The whole proceedings were evidently out and dried beforehand by the Mayor. Only last evening Mayor Beeg called up The Post and took us to task for our criticism of his action, and said that if he had to deal with the matter again he would vote as he did, therefore we can but conclude he does not realize the sacredness of his word. It is true we are "after" Mayor Beeg, not as a private citizen, but as Mayor of the best town in Canada, whose interests we wish to guard.

Lived in Lindsay Many Years Ago

Was Bell Telephone Company's First Manager Here.

The following from the Vancouver Daily Province will be read with interest by many of the older citizens of Lindsay:

The proudest moment in his life, declared Mr. H. W. Kent, general superintendent of the B. C. Telephone Company, occurred shortly after five o'clock, last night, when he was surprised by a deputation of over one hundred of the employees of the company, who presented him with a magnificent roller top desk, an office chair, and, most prized of all, a handsomely bound address of appreciation signed by all the Vancouver employees of the company.

Mr. Kent, who to-day severs his long connection with the B. C. Telephone Company, was completely taken by surprise. He made a speech, expressive of his great and heartfelt appreciation of the evidences of esteem on the part of his fellow workers, but so great was his feeling in the matter that five minutes afterward he was not sure that he had properly presented his thanks.

Next Tuesday Mr. Kent will leave for Toronto, Peterboro, Montreal, New York, and other eastern cities on business connected with his private affairs. He expects to be absent from Vancouver about six weeks.

—Mr. A. Shanks has returned to Toronto, after a pleasant visit in town.
