This exposure began to tell health. The cold led to weakness, loss of appctite, pains in the limbs and side. I tried several medicines but they did not help me. My condition was growing worse, and a general breakdown threatened. I slept poorly at night and lost much in weight, and began to fear that I was drifting itno chronic invalidism. One day while reading a newspaper I was attracted by the statement of a fellow sufferer who had been oured through the use of Dr. Williams' Fink Fills. I had spent much money without getting relief, and I hated to spend more, but the cure was so convincing that I decided to give these pills a trial. I am now more than thankful that 1 did so. After the first couple of weeks they began to help me, and in . saven weeks after I began the pills I was as well as ever I had been. I sen now convinced that had I tried Dr. Williams' Pink Pills at the outset I would not only have been spared much suffering, but would have saved money as well."
