

NEWS OF THE CHURCHES

The Establishment of God's Kingdom on Earth—Articles Bearing on Church Work at Home and Abroad—Carefully Selected Contributions will be Received for Publication in this Column.

Evening Post of Feb. 17
At the Cambridge-st. Methodist church yesterday morning the Rev. Dr. Chown, of Toronto, took for the subject of his remarks, part of the 11th verse and 21st chap. of Isaiah. "Watchman, what of the night?" As a watchman he wished to report the progress of the temperance and moral reform movement. It is now causing a great commotion in almost all countries, whose inhabitants were now waking up to the great havoc being wrought by the drink traffic. While in France last summer he had noticed large posters issued by the government, on the (oil) boards, warning the people against intemperance. In England the churches and societies are making more strenuous efforts than ever before to stem the evil effects of intemperance. One gentleman had offered to contribute one million, two hundred and fifty thousand dollars towards a temperance campaign, provided those interested contribute a similar amount. His offer would be accepted, and no doubt a great change would be witnessed in old England.

The christian people of the United States were also waking up, and liquor was being banished from the land almost as fast as it was possible to get rid of it; almost one-half the population lived under prohibitory laws. Newfoundland was almost entirely under a prohibitory law. Nova Scotia also, Prince Edward Island had had it practically for several years, and no political power, newspaper, or candidate for public office, dare ally themselves to the liquor party. In Prince Edward Island the cost of administering justice was so much less that the government was considering the closing of all the courts excepting one, on the island. It was not infrequent to see the flag at the court houses raised to indicate that there were no cases for the court to sit on at the assizes. Canada was making good progress. Local Option was being carried almost wherever submitted, notwithstanding the unfair three-fifths clause, and wherever the Local Option by-law was voted it was sustained by an increased majority, there being only a couple of exceptions, and the majorities against were very small. License reduction in Toronto was going to be carried out without any interference from the government. In Manitoba—well, only yesterday we heard that that province had abandoned the three-fifths clause, and had made a majority vote the basis of local option. The highest court in the land had decided that the liquor traffic was a common nuisance.

The question of compensation was also touched on by Dr. Chown, who said that there was a more reasonable claim of compensation from the liquor seller for the ruined homes, lives and characters destroyed. The licenses were only issued from year to year, and the liquor sellers were satisfied to take them under those terms. When the dry goods merchant paid 50 per cent. on an article this year, and next year it was reduced to 10 per cent., and he had been caught with a large stock, why ask for compensation? His appeal would be just as reasonable as the liquor seller's. The temperance cause is making great strides and could not be recognized as that of five years ago. Its success was in the hands of the christian people of this country. They are not asleep, but under God, and well planned leadership would sweep the traffic from the land.

EVENING SERVICE.
In the evening Rev. Dr. Chown preached a special sermon to young men. He took as his text the verse from the epistle of Paul to the Galatians, "Bear ye one another's bur-

dens, and so fulfill the law of Christ."
Dr. Chown said that at the present day there is a deep hunger in every human heart for a more practical definition of christianity. However, coming down to the basic principles of Christ's teachings no man can see the christianity of Christ and reject it. Everything worth while, and admittedly good by all, is represented or brought forth in His works, and so no man has ever been able to improve on the ethical teachings of Christ. As the text admonishes, if converted to Christ, you will bear the sins of those about you and try to help them from its clutches. To save your brother you must go down to him and clasp him to the rock of safety. You can't nowadays throw out the life line from a safe spot on a high rock and save men. Not only must you bear the sins of those about you, but the sufferings as well. It is a grand thing to have to work. There is a blessing in God's curse in the Garden of Eden. But pity the man who has to work day in and day out, year after year, without prospects and for a mere pittance.

"I have no theory," said Dr. Chown, "for bringing the extremes of society together. It cannot be done except by the grace of God." There is a great deal of invited poverty in the world. For instance, in Chicago a labor demonstration was being held. On the banners of the processions was the legend, "We must have bread for our children." After marching about the streets the whole parade went to a beer garden and there consumed 1400 kgs of beer. Despite the sin, however, there is a great deal of root in the world, more than we believe. We have unsuspected examples all around us.

If we are concerted, one of the burdens we must take upon us is the burden of government. It had not been for Jesus and his followers and the principles he represents, we would never have had the ballot and the liberty it represents. Voting should be one of the most sacred rights performed by man. When you go to vote, remember when you mark your ballot that the ballot is to enable you to represent yourself, not the party your father usually voted for. It is for your own personal freedom. Seek always to vote for the man who stands for the highest things in life, not for the one dominated by party influence. A man dominated entirely by party cannot be a patriot or stand for the freedom of his country. Vote for the principle, not the party.

There is not enough masculine christianity to-day. If we have not enough religion to stir up the hatred of bad men, we haven't enough to carry around. Too many men are in the church to-day for the good name they will get, not for the good they may do, to work their passage to heaven.

Don't be one of those. If you receive good, work for it.

Guessing Competition Decided.
Mr. L. A. Murphy's Caracaras guessing contest, which ended on Saturday evening, turned out quite a success. The person who guessed the nearest number to the amount of Caracaras tablets displayed in a gem jar in Mr. Murphy's window, was to receive \$10. The lucky person was Mr. Peters, of St. Catharines, who guessed 2,540. There were 2543 tablets in the jar. Second came Mrs. J. Robinson, town, with 2550; third, J. McFee, 2560; and fourth, Mrs. Mulhern, with 2565. Mr. W. F. McCarty, the jeweller, counted the contents of the gems and looked over the slips.

Our Mothers.
In the hurry and bustle of this busy life those dear old mothers, our best friends and champions, who gave us the very best years of their lives, who stood between us and all harm, who would willingly have laid down their lives for us, who, in times of sickness, were always our ministering angels—constantly at our bedside, responding willingly to every beck and call, attending with more than loving kindness to our every want and need—are too often forgotten and seldom accorded the loving attention which is their due, and when the grim reaper takes them from us, we, for the first time, realize in anguish, sorrow and regret what the loss of a mother really means. It means more than all the other things of earth. All the riches of the universe could not compensate, and in all the whole wide world there is no other who could fill her place. Oh all the beauty with which the world is embellished the most beautiful is the mother, and to her every human being truly owes a word of homage.

A Prized Cough Cure
"I have not been without a bottle of Coltsfoot Expectant in the house for over nine years. At that time I procured it for a bad cold I had. It worked such wonders then that it has been a household remedy ever since, and we will have no other for coughs and colds—it is so pleasant to take, and all of us children look for it as soon as they get a cold at all. Nearly all of them have been subject to croup, and that's when I find Coltsfoot Expectant useful. You are welcome to use this testimonial as you wish."

NOT SEEKING CHARITY.
Sir,—Seeing an article in The Evening Post the other night regarding children begging clothes, I have been informed that a family has been importuned by children, asking for some left-off clothing, and stating that I had sent them. As I am not seeking charity, and have all the old clothes I want, I hope you will spare me space to deny this, as we are not running a second-hand clothes store.—Yours, etc.,

RE LIGHT-WEIGHT BREAD.
(To the Editor of The Post.)
Dear Sir,—I find by the issue of your paper of 13th inst. that steps are to be taken to enforce the existing bread by-law, which is only a repetition of the Provincial Act of some years ago, which is unjust and unfair and I presume was made to protect the large baking concerns of our principal cities. Now, this act, as it is called, is subject to any by-law of any municipality. Now, what is fair to the citizens of Lindsay is that a by-law be passed and enforced in the town that bread offered for sale be some standard weight. The old standard weight of 2 and 4 lb. loaves seems to be the most popular. It seems very unfair that some of our bakers are putting 1 1/4 lb. and 2-1/2 lb. loaves, while the others putting 1 1/2 and 3 lb. loaves in the trade at the same price. This is the state of affairs that is existing in Lindsay, and the public at large are unaware of the fact. Conditions in business have got in such a state that the working man cannot exist respectably and if he gets the least bit behind it is impossible for him to get even with the world. They have got to have protection to enable them to hold the position they rightly deserve. Now, what is suggested is that a by-law be passed that the bread offered for sale inside the corporation be only 2 and 4 lb. loaves, with the local or foreign bread, with the exception of fancy bread and buns. And please Mr. Council don't forget a four lb. loaf and see that they are enforced.—Yours truly,

TEMPERANCE AND HOTEL LICENSES
(To the Editor of The Post.)
Dear Sir,—Will you kindly permit me a little space in your paper, just now, when our citizens (to some extent) have lapsed into their usual receptive mood apparently. The feeling has almost subsided that was created by the large temperance delegation interviewing the Town Council lately. With expellency of speech and persuasive language they requested the Council to use its prerogative by introducing, and trying to pass a by-law to reduce the present liquor licensed houses by two. With your indulgence, I will venture to offer, respecting this request, a few suggestions (void, I trust of prejudice) from my point of view. The method adopted seemed premature (not wishing to use the harsh word arbitrary) in demanding such

PRONOUNCED HIS CASE INCURABLE

Whole Body Raw with Eczema—Life was Intolerable—Was Even Incased in Plaster—Discharged from Hospitals as Hopeless.

SUFFERED 14 YEARS CURED BY CUTICURA

"From the age of three months until fifteen years old, my son Owen's life was made intolerable by eczema in its worst form. He was all right until a red rash broke out on his forehead, but we were not alarmed at first. Very soon, however, the rash began to spread over his head and shoulders, and it caused him great discomfort. I took him to a doctor and tried half a dozen other treatments, all with the same result: no improvement at all. The disease gradually spread until nearly every part of his body was quite raw. We had to strap him down in bed, for he used to tear himself dreadfully in his sleep. The agony he went through is quite beyond words. No one thought we would rear him. The regimental doctor, a very clever man, pronounced the case hopeless; at least, he said the only hope was that he might be cured by some remedy out of his own mind. We had him in hospitals four times and he was pronounced one of the worst cases, if not the worst, eye doctor having seen. From each he was discharged as incurable; in fact he got worse under the successive treatments. At one hospital they incised him in the plaster, and this seemed to aggravate the soreness terribly. He looked so badly that no one liked to get near him and his life was a burden to him. We kept trying remedy after remedy, but we had got almost past hoping for a cure. Six months ago we purchased a set of Cuticura Soap, Ointment, and Resolvent Pills and persevered with them. The result was truly marvelous and to-day he is perfectly cured, his skin not having a blemish on it anywhere. We kept trying remedy after remedy, but we had got almost past hoping for a cure.
