### To Get Best Men For Councillors

Mr. Duff, M.P.P., Has a Bill Which was Defeated When in Opposition.

To secure the best men in the townships of Ontario to serve in the Councils of their respective municipalities is the worthy aim of Mr. J. S. Duff, M.P.P. for West Simcoe, in a bill which he will introduce in the Legislature as an amendment to the Municipal Act.

"My plan is to have the councillors elected individually," he said this morning. "At the present time the reverend and deputy reverend, if there is one, are elected individually, but the councillors are elected together, those at the head of the polls being the men to take office. Now, I have had a long experience of the working of this system in the township of Essa, where I was on the Council for some fourteen years, and I know that there is altogether too much of the clique voting and 'plumping'. The result is that it is often difficult for even a good man to be elected, and if he is elected, there is always an uncertainty about his remaining long in the Council, for the people in one corner of the township may 'plump' for a certain candidate and run him in,

# INTERESTING PARAGRAPHS

## What is Happening in Town and the Country Round About Us.

—Apprentices for Millinery Department wanted at Ford's—w2.

—The stock of dry wood in town is reported to be running very low. Perfectly green wood is being used by some householders.

—Mr. John Perkins, of Norland, has been having quite a time getting some heavy hay that he had out on his meadow up near Connie's lake, but he has succeeded in getting about half a ton out so far.

—The annual sale of lands for taxes was held on Wednesday, at the Court House. Only 18 lots were offered, and bidders being still fewer in number, only a few transfers were made. The sale was adjourned by County Treasurer McNeillie for three weeks.

—Mrs. Elizabeth Finn, an Indian woman 119 years of age, is dead at Waterford, near Hamilton. If her relatives are up to snuff they will be able to make a good living by selling the alleged secret of her length of days to Government civil servants and other office holders.

—Toronto Star: Because three hundred men march to the City Hall and demand work, and no work is forthcoming, do not imagine that in this busy world there is nothing for these men to do. It simply means that conditions are such that the men and the work are not at the same place at the same time.

—The railway companies of Canada want 40,000 men for spring construction work. (The farmers of the Province are already applying for men suitable for agricultural labor. The shops and factories will soon begin to catch up on ordered work.) (On the whole, the outlook for employment is better for the immediate future.

—The motto, "In God we Trust," is to be restored to the United States coinage. (This does not imply that President Roosevelt, who ordered its removal, had a vision—it simply means that the House committee on coinage, weights and measures has reported favorably on a bill introduced by Senator McKinley, of Illinois, to that end.)

—Citizens of Campbellford, Hastings and Keene are circulating a petition to have the G. T. R. flyer make its starting point and terminus at Campbellford, as is done during the Toronto Exhibition. If carried out as asked for the change will not alter the time of the train here, but will enable the people of these places to get to Toronto and back in one day.

—The following from the Renfrew Mercury will make our local fox-hunters black with envy; Mr. J. G. Harkness was lately on a fur buying trip up to Wilno, and became the proud possessor of a black fox skin that is valued at \$550. It was in the hands of an Indian, who had poisoned the animal and then followed it for two days and a night, till he found the prize, dead, as a reward for his persistence.

—The snow blockade has proved to be one of the most disastrous to the Grand Trunk in the history of the road. The heavy amount of snow that had to be moved all along the line cost a large sum of money to say nothing of the damage to the motive power and rolling stock. It is estimated that upwards of fifty engines were crippled between Montreal and Toronto. No doubt there were many more.

—Grippe is sweeping the country; Stop it with Preventas before it gets deeply seated. To check early colds with these little candy cold cure tablets is surely sensible and safe. Preventas contain no quinine, no laxative, nothing harsh or sickening. Pneumonia would never appear if early colds were promptly broken. Also good for feverish children. Large box, 49 tablets, 25 cents. Vest pocket boxes 5 cents. Sold by all dealers.

—The Supreme Court of Canada has decided that the Mayor of Halifax will have to refund \$400, the amount paid by the city for his travelling expenses in attending the convention of the Union of Canadian Municipalities, held at Winnipeg in 1905. Suit was entered against him by a ratepayer on the ground that the payment of the money had not been endorsed by the people. This judgment should prove a needed lesson to corporations everywhere.

—I wish that I might talk with all the sick ones about the actual case of stomach, heart and kidney ailments. To explain in person how weak stomach nerves leads to stomach weakness, I am sure would interest all. And it is the same with weak hearts or weak kidneys. This is why my prescription—Dr. Shoop's Restorative—so promptly reaches ailments of the stomach, heart and kidneys. It is wrong to drug the stomach or stimulate the heart or kidneys. These weak inside nerves simply need more strength. My Restorative is the only prescription made expressly for these nerves. Next to seeing you personally will be to mail you free, my new booklet entitled, "What To Do." I will also send samples of my Restorative as well. Write for the book to-day. It will surely interest you. Address Dr.

Shoop Box S, Racine, Wis. For sale by all dealers.

—Many a woman devotes more thought to regulating the world than to the management of her own household.

—Occasionally a woman is so captive that she will even try to make a man believe she loves him when she does.

—Owing to the illness of Fire Chief Bell, Deputy Chief, W. A. Mills will have charge of the Fire Department for a short time.

—Slightly used pianos at reduced prices. A list will be mailed by addressing the Nordheimer Piano Co., Limited, Toronto—dwif.

—Mr. R. H. Jupp, of Orillia, was last week appointed superintendent of roads throughout the County of Simcoe at a salary of \$1,000 by the County Council.

—A number of Fenelon Falls citizens snow-shoed to Lindsay on Sunday. They report a good time, and the snow to be in first-class shape for this sport.

—Canada's standard Piano is the Nordheimer, and you can buy one on monthly or quarterly payments if desired. Call at Goodwin's Art Gallery.—dwif.

—Street Overseer O'Neil requests citizens to assist him in keeping the watercourses open by not shovelling or sweeping the snow into them when cleaning the walks.

—Toronto Star: Cutting off those thirty odd Toronto saloon-licenses will throw a lot of men out of work. The Globe may as well keep its contribution column open a while longer.

—The Victoria Laundry is being enlarged by the addition of a large brick addition to their laundry. The carpenter work is being done by Mr. Jos. Staples and the brick work by the Lindsay Bros.

—Toronto Star: A Chicago woman has been arrested for committing petty burglaries. She began her career of crime by going through her husband's pockets while he slumbered, and the rest was easy.

—Chicago was in the grip of a terrific blizzard for 24 hours last Thursday. Detectives are now trying to trace 33 persons who have been missing since the storm, while the list of injured persons has reached 150.

—What was money made for, asks a contemporary. There are two theories, says the Toronto Star man. The spenders say money was made round so it would roll, the savers say it was made flat so you can pile it up.

—A Winnipeg despatch says that J. J. Hill has sent our hundreds of engineers between Brandon and Calgary, and it is rumored his intention is to build a line at once to parallel the C.P.R. between those points. He owns large blocks of land in the three provinces.

—Toronto Star: Mr. Kyle has been lecturing to the University students on St. Francis of Assisi. St. Francis used to speak of "my brothers, the birds." Wonder what St. Francis would say if he could come back and see ladies of fashion with feathers in their hats pulled out of his brother's tail.

—According to a decision just issued by a New York judge, a woman who is called a liar by her maid may not only slap the impudent hussy, but also kick her. Some Lindsay mistresses who have been hampered in their treatment of help by fears of the police court may now feel like cutting loose, but they will do well to remember that Yankee and Canadian ideas of justice differ.

—Never forget you are a part of the town, and that your own department helps to make up the stranger's estimate of the place. Sell all you can and buy all you can at home. Every dollar that is sent or carried away from home makes the town that much poorer. If you have the means invest in something that will give somebody employment. Do not kick at a proposed investment simply because it is not at your door.

—Christopher Henry, of Ottawa, who last week retired, after nearly half a century's active railway work as engineer and fireman, has a most unique record. He is the second oldest engineer in Canada, and during the whole of his forty-eight years as engineer and fireman was never in an accident and never received any injury, and during the whole period only one man was run over by the locomotive he was on.

—Exchange: At certain seasons of the year it is unsatisfactory to place the body of a friend in the grave-house of the water. This is a defect common to many cemeteries, and one that cannot be remedied by drainage. If a vault were built, the body could be decently deposited there and safely looked in until the grave was in a satisfactory condition to receive it.

—The Jirectorate of the Lindsay Cemetery Co. should take this advice to heart. St. Mary's congregation already possess a roomy mortuary chamber in connection with this cemetery.

—Stop that tickling cough. Dr. Shoop's Cough Cure will surely stop it, and with perfect safety. It is so thoroughly harmless, that Dr. Shoop tells mothers to use nothing else even with very young babies. The wholesome green leaves and tender stems of a lung healing mountainous shrub furnish the curative properties to Dr. Shoop's Cough Cure. It calms the cough, and heals the sensitive bronchial membranes. No opiates or chloroform, nothing harsh used to injure or suppress. Demand Dr.

## COMMUNICATIONS

### THE REMEDY FOR HUMAN ILLS.

(To the Editor of The Post.)

Sir,—In reference to the existing evils, as per "Strollers" article in the issue of The Post of Dec. 31st, there seems to be no remedy forthcoming, as requested by "Farmer" of Arkwood, in the issue of The Post of Jan. 13th.

Now, with regard to the evils now existing, we cannot confine them to the injustice of the "wage slave in the departmental stores." However, by looking around us and viewing conditions as they exist, socially, financially and artistically, we would most certainly be led to conclude that the Prophet Isaiah, (24, 1 and 19, 20) was about right when he propheticly, looking down through the ages, penned these words: "Behold, the Lord maketh the earth empty and maketh it waste, and turneth it upside down and scattereth abroad the inhabitants thereof."

Now, viewing matters from this standpoint, I ask, when should we look for a "remedy" for human misery? Verily, man has been trying for six thousand years to better his condition, and what do we find? Namely this—that man is evolving upwards, as many tell us, and is now within a stone's throw of perfection. Well, if rings, collies, monopolies, federations, armament of nations and starvation, will bring about the desired remedy, that for which the whole creation is groaning and travelling in pain, (Romans 8, 22), then I fancy we will soon have that desire. But that is not so. Looking at it from the ecclesiastical point of view, are we to expect that only the Golden Rule will bring the golden age, or that the conversion of the world will result through the instrumentality of the church, in its present condition? Or can we expect that all wrongs will be rectified or all rough places made smooth? Again the scriptures answer, "No!" Still, we surely are not to give up in despair, hoping for the best, but really preparing for the worst, and say, "Surely God has not created man for His own good purpose: or if so, the devil has got the start in the matter somehow, and God's word, that has gone forth out of His own mouth, shall return void and shall not accomplish that which He pleased, and shall not prosper in the thing whereto it was sent."

Dear readers, have faith in God; remembering that not ONE letter of the law shall pass till ALL be fulfilled; that His word shall not return void, but that it shall accomplish all that He pleased, and it shall prosper in the thing whereto it was sent. (Isaiah 55; 11.)

Let us now look for the desired remedy. In Matthew 6; 10 we are instructed to pray, "Thy kingdom come. Thy will be done, in earth as it is in heaven." This is the kingdom, or the appointed day, in the which God will judge the world in righteousness, (Acts 17:31). By or through the prophet which the Lord Jehovah shall raise up, viz., the Lord Jesus Christ, then the world shall hear; those who hear and they shall live, and those who do not hear shall be cut off in the second death, (Acts 3-22, 23, and Rev. 20; 12, 13 and 14). Then shall avenge and greed be utterly put down, and the earth shall be full of the knowledge of the Lord as the waters cover the sea, (Isaiah 11; 3-9). Then the dead shall hear the voice of the Son of God, and they that hear shall live. All they that are in their graves shall hear His voice and shall come forth; they that have done good unto the resurrection of life (Rev. 20), and they that have done ill unto a resurrection of judgment. (St. John 5-25, 28 and 29.) Then the new Covenant shall be given, (Heb. 8; 6, 10, 12) Then they, i. e., the whole human family, (for as Adam all die, so in Christ shall all be made alive, I Cor. 15-22), and then they shall not teach every man, his neighbor, and every man his brother; saying, know the Lord, for all shall know me from the least to the greatest. Then shall the children no more say, "Fathers have eaten a sour grape, and our teeth are set on edge," but then every one who died shall die for his own iniquity, and every man who catch the sour grape, his teeth shall be set on edge (Jer. 31; 29-34). Now, the nations are beating their ploughshares into swords and their pruning-hooks into spears; then after the coming storm of troyble (Dan. 12-1 and Math. 24-21) in that glorious kingdom for the which we are told to pray, and for which the whole creation is groaning and travelling in pain and trouble. Then matters will be reversed, for they will now

## SECOND WEEK OF White Goods Selling

IN EVERY DEPARTMENT OF THIS STORE

Very Special Prices on the Newest White Garments and White Materials

The quotations here do not at all represent what is to be seen, and the money to be saved, at this store during this big white event.

### The Newest American Muslins

We Are Showing Many Exclusive Designs for Spring.

When looking the various markets over for this Spring's supply of new things we were fortunate to secure these extremely pretty and very latest Dress Fabrics in the New York Market. Of course, you know that America's choicest wash materials cannot be seen in such a great variety anywhere as in the New York market. See these in our wash goods section and pass your opinion on them—we feel you will be real well pleased. The prices are very reasonable too.

**Spot Muslins 12 1-2c yd.**  
Good quality Swiss spot Muslins, in five different spots. Special value at per yard... 12 1-2c

**Checked Muslins 25c yd**  
White Organic Muslins, mercerized check patterns, in three sizes, very new and stylish for waists. Special per yard... 25c

**New Laces Are In**  
Our showing in these are worth your inspection. Here you will find a lace just suitable for your requirements—especially in the trimming qualities. A splendid collection of values in Oriental, Filet, Clusy, Valenciennes and Torchons.

**Lawns and India Linens**  
We imported these direct from the Old Country Houses and know the values are a great deal better than we could buy to-day and yet the prices we are asking is much less than the present values are actually worth. Be sure and see these new Victoria Lawns, Persian Lawns, Apron Lawns and India Linens.

# J. Sutcliffe & Sons

Cash and One Price LINDSAY Also in Oshawa.

Mary had a little lamb  
It's wool was soft and white,  
It made a blanket for her bed  
To keep her warm at night.

### Mary's Lamb Wool Blanket,

Was Manufactured at the Lindsay Woolen Mills.

For over half a century members of this firm have been engaged in manufacturing Woolens. Experimenting, studying, learning more about making blankets all the time. So our blankets are constructed to stand the test and are absolutely unshrinkable. Our blankets are the warmest for the least weight, because we use only the soft silky lambs' fleeces. Our blankets have the weaving qualities because the wool is skillfully carded, finely spun and closely woven. They are finished with a short soft napp which does not come off. Do not buy blankets with a lofty napp if you want it to wear or wash well.

Ask your merchant for our goods. If not in stock send direct to our mills and get the home-made quality.

Prices from \$2.50 to \$5.50 per pair.

## THE HORN BROS. WOOLLEN CO., LIMITED.

## RE LOCAL IMPROVEMENT DEBENTURES.

(To the Editor of The Post.)

Sir,—At the last meeting of the Town Council Alderman William Jordan asked a very pertinent question—one which brings the methods of financing the affairs of the town into the limelight, and in our judgment a question which not only affects the town as a corporation, but the individual citizen who has a few hundred dollars, for which he is getting the paltry interest of three per cent. from the savings banks. Our Local Improvement debentures are a security of unquestionable merit, and should be offered to our own people, not privately, as stated by the Town Clerk (Mr. Knowlson), but advertised in our local papers in sums of say, one hundred dollars and upwards, bearing four and a half or five per cent. interest, payable half-yearly. This would give our own people a security at least as good as any bank, and fifty per cent. more interest than the banks pay, also a security that should be convertible into cash at any time.

Such securities are usually sold in large blocks to Toronto brokers, who

### NOTICE TO CREDITORS

In the matter of the estate of ROBERT HUNTER, deceased, notice is hereby given pursuant to R.S.O. 1897, Chap. 129, that all persons having claims or demands against the estate of Robert Hunter, late of the Town of Lindsay, in the County of Victoria, gentleman, deceased, are to send by post prepaid or deliver to Lee J. Hunter, one of the Executors of the last will and testament of said deceased, at Boboyegon P.O., on or before TENTH DAY OF MARCH, 1908, their christian and surnames, addresses and descriptions, the full particulars of their accounts, claims or demands properly verified, and the nature of securities (if any) held by them. And notice is hereby given that after the Tenth Day of March, 1908, the executors of the said deceased will proceed to distribute the assets of the said deceased among the persons entitled thereto having regard only to the claims of which they then shall have had notice, and they will not be liable for said assets or any part thereof to any persons or persons of whose claims they then shall not have had notice. Dated at Lindsay this Eighteenth day of February, 1908. STEWART & O'CONNOR, Solicitors for Lee J. Hunter and John Henry Hunter, the Executors.—w3.

sell them out again at a good profit. We say, offer these to our own people, giving them a chance to invest their small savings in an absolutely good security, where their interest will come in twice a year, thereby helping them to pay the taxes that the mismanagement of our affairs is making so burdensome.

The Ontario government, in withdrawing the securities of the province from the English market, and offering them to the people of Canada, who took them at once, ought to be good enough precedent for the aldermen of Lindsay to follow. We invite discussion of the above by our financial magazines.—Yours, etc.,

Lindsay, Feb. 27th.

INVESTOR

### Problem.

(Chicago News)

If a man is in church with two half-dollars in his pocket, and he isn't sure that one of the two is good, which one will go into the contribution plate?
