H. Morton, of Little Britain, were visitors in town Monday. Mr. Geo. Bowes, of Kansas City, and Mr. George Pascoe, of Oakwood, were guests of Mr. and Mrs. J. Lewis, Cambridge-st., over Sunday. Mr. Howard Stevens, who, with his wife, has spent the past few months with his parents, Inspector and Mrs. W. H. Stevens, town, has returned to Winnipeg.

He's a Wonder. Pittsburg Leader, Edmund Lamy, the 13-year-old wonder of the skating world, who has met and defeated the pick of the amateur skaters of the United States and Canada, is certainly the real goods when it comes to skating. In none of the races that he has participated in has he been forced to exert himself, so what he is capable of doing on skates cannot be judged until he meets an opponent that forces him to his utmost speed. At the present time Lamy seems to be in a class by himself, so easily does he capture the events with his long and graceful stride.

Say Hotel Men Failed in Duty

Police Court Case in Which Travellers Will Take Deep Interest.

Evening Post of Feb. 26. Yesterday County Police Magistrate Moore held court at Fenelon Falls, where two of the local hotel-keepers were confronted with rather peculiar charges. It appears that a couple of weeks ago the Coboonk hockey team journeyed to Fenelon to play a game of hockey with the team of that village. The boys from Coboonk arrived in the Cataract village, so they swore, at about 7.15, having been delayed in driving over on account of the extreme heavy roads. Immediately upon their arrival they repaired to the Twomey house, where they swore they saw Mr. Twomey and asked for supper, which Mr. Twomey was either unable or unwilling to supply, the evidence of the boys and the proprietor of the Twomey house being conflicting upon this point. From Mr. Twomey's place the Coboonk boys went to the hotel of John Aldous, who at first promised to get them something to eat, but when he found that their horses were at the Twomey house, refused point blank to either give them meals or a room. The charge against these hotel men is for not providing accommodation for the travelling public, contrary to a section of the Liquor License Act. Judgment was reserved to allow Mr. Weldon, who appeared for the License Inspector, and Mr. McLaughlin, K. C., who appeared for the defendants, to argue the matter before the Magistrate.

Weak, Pale and Worn Out Women

Can be Saved From a Life of Misery By Dr. Williams' Pink Pills.

Women are called the "weaker sex," and yet nature calls upon them to bear far more pain than men. With too many women it is one long martyrdom from the time they are budding into womanhood, until age begins to set its mark upon them. They are no sooner over one period of pain and distress than another looms only a few days ahead of them. No wonder so many women become worn out and old before their time. In these times of trial Dr. Williams' Pink Pills are worth their weight in gold to women. They actually make new, rich blood, and on the richness and regularity of the blood the health of every girl and every woman depends. Mrs. Ursula C. Webber, Welland, Ont., is one of the many women who owe present health and strength to Dr. Williams' Pink Pills. Mrs. Webber says: "About three years ago, while living in Hamilton, my health began to decline. The first symptoms were headaches and general weakness. After a time the trouble increased so rapidly that I was unable to attend to my household duties. I lost flesh, looked bloodless and had frequent fainting fits. I was constantly doctoring, but without any benefit, and I began to feel that my condition was hopeless. One day a friend asked me why I did not try Dr. Williams' Pink Pills and mentioned several cases in which she knew of the great benefit that had followed their use. After some anguishing I decided to try the pills, and had only used them a few weeks when I began to feel benefited, and from that time on the improvement was steady, and by the time I had used about a dozen boxes of the pills I was again enjoying the blessing of good health. I cannot too strongly urge other discouraged sufferers to give Dr. Williams' Pink Pills a fair trial." Dr. Williams' Pink Pills will cure all troubles due to poor, watery blood, such as anaemia, general weakness, indigestion, neuralgia, skin troubles, rheumatism, the after-effects of influenza, and such nervous troubles as St. Vitus' dance and partial paralysis. Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Worn the Sword For Forty Years

Col. Sylvester, of the 45th, Thinks of An Old-time Gift.

In the Bowmanville Statesman, under the heading, "Bowmanville 40 years ago," is the following paragraph: "Mr. Robert H. Sylvester, son of Henry Sylvester, esq., Ennisville, was presented with a handsome sword as a mark of appreciation of his services as drill instructor to Cartwright Volunteers Infantry Co." Robert H. Sylvester is now the honored colonel of the 45th Battalion, every inch a soldier, who shows his training of forty years ago. Colonel Sylvester still wears with pride the sword then given him, and his friends of those early days would be proud of the soldierly figure presented by their comrade of 40 years ago when he marches at the head of his crack regiment.

Will go to Port Hope.

The Rev. W. G. Clarke, of Sterling, a former pastor at Woodville and Little Britain, has accepted a call to the pastorate of the Methodist church, Port Hope. Rev. Mr. Clarke is one of the rising men of the Bay of Quinte Conference, a fluent and thoughtful speaker, and an ardent worker among his people. His many friends in this district will be pleased to hear of his success.

Salvation Army Immigration.

Staff-Capt. J. M. McGillivray, of Ottawa, who has charge of the Army immigration work from Toronto to Montreal, visited Lindsay on Saturday, Feb. 22nd, and remained over Sunday. The Staff-Capt. reports that applications for farm help are coming in from all sections of the country, and he wants to urge farmers and others needing men for the coming season to apply at once. The first chartered ship under the Army auspices sailed from Liverpool on the 20th inst., and most of the party will go direct to U. C. Then every two weeks there will be other chartered ships sailing, up to May 1st, for distribution in the provinces. Any farmers wanting application forms can secure them at this office, or at the Army quarters on Peel-st.

COMMUNICATIONS

TOWN DEBENTURES.

(To the Editor of The Post.) Sir,—I agree with most of the sentiments of "Ratepayer's" letter in your journal of the 18th. Many of us know that there is quite a large amount of money deposited in our local banks and post office, which yields the depositors three per cent. I do not know the rate of interest which our debentures bear, but presume it is five per cent.—at least they should never have been issued at a lower rate under present monetary conditions. The investor would thus realize two-thirds more on his investment than he is now doing, which should surely be sufficient inducement to make a change. As possibly some of the advantages over mortgage investments may be unknown to some of our readers, I will, with your permission, give a few that occur to me. This security is unquestionable; there is no trouble hunting titles, looking after registration or insurance, etc.; the interest is payable on the due date—all you have to do is to detach the year's coupon and take it to the bank, and your money is paid. You don't have to notify the borrower, and have to wait a week or more for him to come and pay, and then give him a receipt and hunt up the mortgage and endorse it thereon. In case, at any time, you wish to realize on your debentures, you have an article that is as saleable under ordinary financial conditions as a horse. There is also quite a possibility that debentures purchased now to yield five per cent. will, in the course of a year or two, be worth considerably more than par. I feel quite sure that it is owing to the lack of knowledge of the value security and convenience of an investment like our debentures that will prevent our local investors from buying them. I passed over another feature—any person holding debentures can take them to their banker and he will at any time advance you money on them when he could not look at a mortgage without considerable expense. Some of our farmers have, to my knowledge, taken up their local school debentures during the past year or two, which a few years ago would have been sent off to Toronto for sale. If it would not be impertinent I would suggest to the Council the advisability of inserting an advertisement in our local papers, offering the debentures in sums of \$100 to \$500 to suit the buyers, and setting forth briefly some of the advantages over allowing their money to lie in the banks or investing it in mortgages. If nothing came of it, the loss would be trifling. Only last week a large lot of debentures were offered by the city of New York, and the offers exceeded the supply six fold, and the city realized 104 for 100 on 1-2 per cent. debentures, and the security is no better than that offered by our debentures. There are other points I would like to refer to, but my letter is now too long.—Respectfully yours, H. J. LYTLE, Lindsay, Feb. 21, 1908.

Was Named For Lieut.-Governor

Death of First White Child Born in Asphodel Township.

Three passed away on the 13th inst., one of the oldest settlers of the township of Asphodel, in the person of Peregrine Maitland Cameron, at the ripe old age of eighty-six years and four months. The late Mr. Cameron was born on the eleventh of October, eighteen hundred and twenty-one, and had the distinction of being the first white male child born in the township. The shanty in which he was born was situated near the shore of Rice Lake, in almost the same spot where the fine brick residence of Captain Birdsall now stands. His father, the late John Cameron, first settled there, but afterwards moved to the place, since known as Cameron's Point. Later on they moved north about four miles to where most of his descendants have since lived. The late Mr. Cameron had five brothers and four sisters, all but one sister having predeceased him. In politics he was a strong Liberal. He has witnessed many of the struggles and hardships of the early settlers, and could narrate many interesting events in connection with the early settlement of the township. He was named after the Lieutenant-Governor, Peregrine Maitland.

Baby's Own Tablets Save a Little Life.

Mrs. T. Osborn, Norton Mills, Yr., writes: "I do not think enough can be said in praise of Baby's Own Tablets. I am satisfied that our baby would not have been alive today if it had not been for the Tablets, as he was so weak and sick that he took no notice of anything. In this condition I gave him the Tablets and they have made him a bright-eyed, laughing baby, the pride of our home. He is one year old, has nine teeth, and is now as well as any baby can be. He sits and plays nearly all the time and lets me do my work without worry. I would say to all mothers who have sick babies, give them Baby's Own Tablets as I did mine, and you will have healthy, happy babies." The Tablets will cure all the minor ailments of little ones and are absolutely safe. Sold by all medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

WEDDING BELLS

Dowson—McTaggart.

A very pleasant event took place at the residence of Mr. William McTaggart, Sonya, on Wednesday, the 19th February, at 3 o'clock in the afternoon, when his only daughter, Margaret, became the bride of Mr. John A. Dowson, of Belleville, Ont. The ceremony was performed by the Rev. H. D. Leitch, pastor of St. Andrew's church, Sonya, in the presence of a few friends. Mr. Alfred Dowson, of Fingerboard, brother of the groom, was groomsmen, and Miss Margaret McKinlay, of Toronto, performed the duties of bridesmaid. The bride looked charming in a beautiful dress of silk crepe, and her going away suit was a rich navy blue with hat to match. After the marriage the friends sat down to a very dainty wedding supper. The tables were prettily decorated and looked very beautiful. The groom, who is with the Sloan Co., wholesale grocers, is one of the many young men from Sonya who have been successful in life, and the bride is one of the most popular young ladies in the community. We wish them all happiness in their wedded life. Mr. and Mrs. Dowson will reside in Belleville.

"Ideal Lindsay" Title of Booklet

An Interesting and Thoughtful Paper on Town and Civic Affairs.

We have had on the way for some days a little pamphlet entitled, "Ideal Lindsay, or Salient Points of Then and Now," the author of which is "Nemo." The subject is non-political and non-denominational, and can be read and enjoyed by all classes and creeds. We can recommend it as being highly entertaining and interesting to the citizens of Lindsay in particular, and the public generally, and worth many times the amount asked for it. Every woman in the land should read it. The regular price will be 10c. each; but as many people in town will not be so anxious to secure extra copies for friends in other places, the price to citizens will be 5c. each while they last. As the issue will be limited in number, not more than five copies will be sold to any one person. We expect to have the pamphlet ready in the course of a few days, but time of issue and places where copies can be secured, will be announced later on.

LADIES

Write me today for circular, "Confidential Chat," on my sure effectual monthly Regulator on which women can depend. No drugs or pills which would be injurious to health. Women should always be regular. Sold in the United States for over 20 years. I am in a position to tell you "Experience teaches." The Gertrude Medical Co., Box 57, Windsor, Ont.

MAN LAID ON TRACK

Let Train Run Over Him Rather Than Be Deported.

HAD BOTH LEGS CUT OFF. Died of His Injuries In Half an Hour—Irish Immigrant Wanted to Stay in Canada—Escaped From Train But Was Pursued—Tragic Occurrence on the Canadian Pacific at Sharbot Lake. Smith's Falls, Feb. 20.—The body of a stranger, an Irish immigrant about Toronto, lay on the main public ward of the hospital here as the result of a tragic occurrence on the C. P. R. at Sharbot Lake yesterday morning at 4 o'clock. The man was one of a dozen immigrants being deported, and was in charge of a guard. It seems he was opposed to going back to the old land and had resisted deportation in every possible way. At Sharbot Lake station he walked out of the car and made an attempt to escape by walking up the track. Some of the men about the platform had noticed him going off, and when an enquiry was made for him, they made known the fact. Immediately the train was backed up the line in pursuit and soon came within sight of him. When he lay down on the rails evidently being more willing to die than to continue his journey back to the place from whence he had come. Before the train could be stopped the wheels of the last truck of the big Pullman car had passed over him completely severing both his legs close to the body. The poor fellow was picked up and brought to the Smith's Falls hospital, but died in half an hour after reaching here. He regained consciousness for a few minutes just before he died, but refused to talk. He was about 38 or 40 years of age, and on some of his clothing there was the name McCartin. Motorists in a Snow Storm. Chicago, Feb. 20.—A despatch to The Tribune from Michigan City, Ind., says: Paul Picard, in the pilot car sent out by the Chicago Motor Club to meet the New York to Paris racers reached Michigan City Tuesday afternoon after two days and a night spent in fighting the terrible roadways of Northern Indiana. The last seven miles were made through drifts in the face of a blizzard which almost shut from view the trees and fences along the roadside. Mr. Picard returned to Chicago, convinced that further travel was impossible until the storm has passed. John Banta, driving the Chicago Automobile Club pilot car is still fighting on. He is less than five miles from where he was Monday night.

Japan is in Earnest.

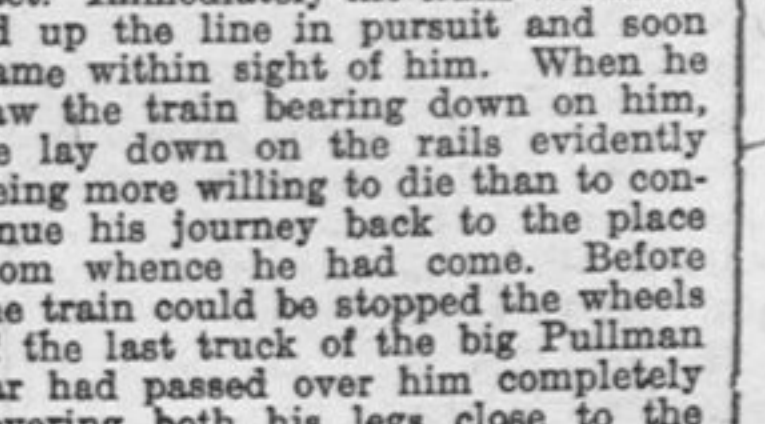

Tokio, Feb. 20.—(C.A.P.)—All evidence goes to prove the Japanese Government has been unsparing in its efforts to avoid further complications on the emigration question, but has to face a powerful opposition from the emigration companies, who are now behind a proposal to move a resolution in the Diet censuring Hayashi's policy towards China, United States and Canada. Should the resolution be introduced it would probably be defeated by a narrow majority. Its passage would entail the resignation of the Cabinet. Are You a Member of a Union? Victoria, B. C., Feb. 20.—Liberals, Socialists and two Government supporters, one the Minister of Education, voted in favor of a bill to make it illegal for an employer to ask the question: "Are you a member of a union?" The bill was defeated by a majority of nine. It was aimed to prevent the introduction into the province of western American methods. The Government regarded it as unwise and ineffective. Father Murdered Infant. Woodstock, N.B., Feb. 21.—Deputy Sheriff Foster and his assistants yesterday found the remains of an infant alleged to have been slain by Richard Grey of this place, who is now under arrest. The mother of the child is Grey's daughter, while Grey himself was his father. The finding of the coroner's jury will be murder. Grey says he thought the child would be better out the way. "Black Hand" Atrocity. New York, Feb. 21.—The dismembered body of a man, believed to have been a victim of a mysterious Black Hand murder, was discovered in a dump in the "Flatbush" section of Brooklyn yesterday. The trunk of the body had been cut in two, and portions of the arms and legs were missing, while the face was so slashed as to make the features almost unrecognizable. Home-Bound English Miners. Montreal, Feb. 21.—A hundred miners from Lethbridge and the west are here to-day on their way home to Lancashire. They came here to the coal mines on the promise of steady work, but they say they have worked but six weeks, and are almost starving. Boys' Heroism Rewarded. Ayr, Feb. 21.—The presentation of two handsome Royal Humane Society medals was the unique event here yesterday, the recipients being Irwin and Orville Ennis, sons of John Ennis of this place. On June 28 last these boys were instrumental in saving the life of a companion named Albert Walton. Chopped Off Man's Head. San Juan, Puerto Rico, Feb. 21.—George Dixon, a carpenter on the American collier Aberdeen, killed Walter Wierch, chief officer of the collier, yesterday. He severed the head from the body in one blow from an axe. Earthquake at Vienna. Vienna, Feb. 21.—An earthquake shock lasting two seconds occurred here at 10.16 Wednesday night. No damage is reported.
