a branch of the International News- 14 inches. paper Study Club. The questions will appear in this department every week, and all are invited to write out their answers and send them in be identified, giving a number, registo this office. Any information garding the contest will also be gladly given at any time to those who ask for it. It costs nothing to join, and the prizes are well worth ?he winning.

Persons may join the club at any time during the year, but must of course answer the 52 questions to qualify for the prizes. It is however desirable that the questions be ans wered as the lessons are studied.

This club is for the purpose of p o moting in an unfettered way among the masses, a wider study of Bible and the babal truths of Christianity. It is composed of all those who join a local club, and take this month's course herein outlined, barring only ordained clergymen. We have the systematic co-operation of the latter, but it is not considered fair to have them compete for the prizes. Sunday school teachers, Bible class scholars, and church goers generally, belonging to the Newspaper Club, also non-church geers of all shades of opinion. All such who have not joined are warmly invited to do so, and to compete for the prizes.

CONDITIONS OF THE CONTEST.

1. Each contestant, or his or her family, must be a subscriber to this paper during the continuance of the contest in order to qualify for membership in this Local Chub.

2. Each contestant in this Local Club must answer each of the written questions for 52 consecutive weeks, commencing Saturday, Aug. 22, 1908, and the answers must be in the possession of this paper by August 30, 1909, which allows weeks grace after the close of the contest.

ed separately, and the paper written cation, as the papers are not valued on one side only. No answer must from and educational or literary exceed 200 words in length, and may standpoint, byt from the point of be less. It will be a convenience if view of the cogency of their reasoned students will write their answer on ideas.

The Post has arranged to conduct | letter paper, size about 81 inches by

4. Each answer must have name and address of the writer at the bottom of each answer, so it can tered, and then the name cut off so the examiner can know it by the number only.

from the 13th to the 18th, being central on the 15th. This period, as is Dr. Williams' Pink Pills." shown by the storm diagram, lies within the interference of the earth's woman should follow the example of vernal equinox. Hence equatorial disturbances are possible and probable in southern extremes at this and following periods in February.. We will name the 15th, 16th, and 17th as the central days of these storm developments. On and touching these dates mail at 50 cents a box from The Dr. low barometer and storms of rain, turning to snow, will touch most sections in their eastward passage across the country. Astronomic conditions at this time indicate that disturbances may over-run the limits of this period, uniting with the next aged 84. storm period.

A reactionery storm period is central on the 20th, 21st, and 22nd. This period is at the incoming of Mercury disturbance with new moon immediately preceding, also containing moon in perigee and on the equator. Marked barmometer depression will appear at the begin ning or as early as the 19th, attended by growing warmth, and during Saturday, the 20th, to Tuesday 23rd, general and decided storms of rain wind, and thunder will visit regions to the southward, turning to heavy and destructive sleet storms over central to northern sections. Blizzards are entirely possible at the culmination of this period. There is strong probabilty of West India hurricanes Greenwood, South Carolina. at and about this period. Barometeter conditions in all the Gulf south coast regions should be sistently watched and heeded. In all probability seismic shakes will be reported from many parts of the globe within three days of the sunset on the 19th, most likely on the 20th, 21st and 22nd.

A regular storm period falls on the last four days of the month. being central with that of the mercury period, on the 26th. Moon also passes first quarter on the 26th. The barometer will fall decidedly on entering this period and renewed storms of rain, sleet and snow visit in some form or other, almost the entire country, on and touching the 26th, 27th, and 28th. This is a time when the sleet god will have a picnic with the wires. Watch and
