The Gospel in Samaria.-Acts viii

Golden Text-The People with on accord gave heed unto those things which Philip spake, hearing and seeing the miracles which he did. Acts, viii : 6.

Verse 4.-What caused the "scattering abroad" of the Christian community?

Was the persecution of the church, headed by Saul, a blessing or curse ?

Was this persecution according to Christ's first best plan?

When God's first, or original plan is upset by an evil, is there any evidence to show that he uses that very evil to bring about that which he had planned to accomplish another way? (See case of Joseph also of Jesus.) Verse 5.-Who was Philip?

Should the church today utilize laymen more in preaching the gospel? What did Philip preach at Sam-

sorcery?

What do you understand by Philip preaching Christ? Verses 6-7.-How do you account

for it that the people turned to God with such unanimity?

Does the Holy Spirit always accompany the preaching of the gos pel ?

If Philip's congregation had been made up of 1909 ex-Sunday school scholars, would the result of his preaching have been dilferent? Verse 8.-What is the proof that

Philip's converts were real, and what is the proof of the reality of every conversion? Is joy a necessary accompaniment

of conversion? Verses 9-11.-What is or what was

Is there any evidence to believe that there are, or ever has been, persons with the power claimed by witches, conjurers, fortune tellers and similar fakirs?

Verse 12 .- Is it reasonable to believe that all who were baptised were genuine converts?

Verse 13.-Whatever change may have come over him after, do you think Simon was really converted at this time?

What were then, and what are now, the conditions for the forgiveness of our sins or conversion?

Verses 14-17,-At the time of the "scattering abroad" did all the apostles remain at Jerusalem?

What was the purpose of sending Peter and John to Samaria, seeing they had just had a great revival? Did Peter and John pray that these young converts might receive the Holy Spirit?

conversion?

to the converts at Samaria when the evening commenced, Mr. J. H. they were converted?

Is it the duty and privilege of every Christian to be conscious that the Holy Spirit dwells in him, and that he is divinely guided in all things? (This question must be answered in writing by members of the club.)

Verses 18-24.-Are deceivers and tricksters apt to think that all others are like themselves?

Is it possible to obtain spiritual power with the purpose of making money out of it?

Is it possible that that this Simon had been converted and that his love of fame, and of money, had led him to this evil?

Verse 25-What is the only hope of getting the world converted. Lesson for Sunday, March 27th,

1909.—Philip and the Ethiopian. Acts viii:26-40.

TOO LITTLE BLOOD

Responsible for Nearly all of the Misery Women Endure

Anaemia is written on the features of ninety women out of a hundred. Unmistakeable are the signs of "too little blood .- 'The weaker sex is assailed at all ages by the evils resulting from bloodlessness, from the girl who is weak and languid, with dull feels "never well" with pains in the back and across the shoulders, fainting fits and aching limbs. And later at life's turning point nervous disorders and heart troubles make great calls on a woman's strength.

At all ages Dr. Will'ams' Pink Pills are especially valuable to the female sex for they alone possess the power of making in abundance the rich, red blood of health. They fill the starved veins with new blood, so that enfeebled bodies are strengthened, weak nerves are fortified and robust health is restored.

Mrs. E. Smith, Windsor, N. S., Feb. 10th, when their only daughter says: "A few years ago my health be- Harriet, was joined in wedlock to gan to fail- I suffered greatly from Mr. Duncan A. Jamieson, of Islay, inward troubles, and in about a Alberta. The ceremony was peryear's time my whole system was al- formed by the Rev. J. A. Ferguson, most a total wreck. My blood had of Glenarm, in the presence of about Cambridge Street turned to water and my heart had fifty guests. The bride, who was become so badly effected that I could given away by her father, looked scarcely go about. In fact, life had very pretty attired in net over white almost become a burden, and there silk and carried a large bouquet of seemed little hope for me. One day a white carnations and maiden hair friends asked me if I tried Dr. Williams- Pink Pills and told me that she had been in almost the same condition I was and that the Pills had restored her to her present splendid health. I took courage from what my friend told me and began to take the Pills. I took them regularly for several months, constantly growing stronger, and the internal troubles from which I had been afflicted were disappearing and my whole system seemed to have gained new strength. I wanted to make certain that there would be no return of the trouble and I continued to take the Pills for some timw after I had really fully recovered. Since I have proved for myself what Dr. Williamsj Pink Pills can do, I have recommended them to a number of suffering people, and those who have given them a fair trial have proved with me that Dr. Williams- Pink Pills are just what they are recommended to be."

Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams Medicine Co., Brockville, Ont.
