

Our Sixty Eighth Year

LINDSAY, ONTARIO, FRIDAY, FEBRUARY 14 1913

FLAVELLE WON IN DINGWALL AND PURITY ALSO FIRST DRAW IN INTERNATIONAL

(Special to The Post) Winnipeg, Feb. 11.—Brook McAulay went down and out in the Dingwall in his fight to get into the fours to Rochon (Thistle) in the closest game of the bonspiel, the score being a tie no less than three times, on the sixth eighth and eleventh ends. This is the second time in this bonspiel that these rinks have met, each time ending in a victory, after close fighting, for Rochon. The first meeting of these two strong rinks was in the first round extra series of the McLaren when Rochon took the long end of a 10 to 8 score. This afternoon's game was Brock's sure until he had thrown his last rock, he falling down on an easy draw, being short and narrow, with his opponent lying two against him, raising his opponent in for another, and it needing but one point to take one of the prizes east. Previous to this McAulay had been curling in great shape, some of his draws being particularly brilliant, more especially that in the tenth end, which put him two up.

In the 3 o'clock draw, the last for the day, eastern rinks were unanimously successful. Flavelle of Lindsay in the Purity Flour defeated Butchart of Plumus by 16 to 9, while McAulay (Southampton) in a 13-end game was a winner over Kelly (Winnipeg Granites) by 11 to 10 in the Walker Theatre competition. In the same event Muir (Swan Lake) was downed by Ament (Seafort) to the tune of 10 to 8. The undefeated Braden rink defeated Kenny of the same club, the Granites, by 12 to 9. He is at present leading in the grand aggregate, closely followed by Gillespie of Moose Jaw. This evening the Manitoba Curling Association entertained the visiting curlers at a banquet. The following telegrams, dated February 11, have been received from Mr. J. D. Flavelle: Winnipeg, Feb. 11.—First—Won first draw International, defeating Johnson of Kenora 13—1. Secured place in eights in Dingwall by defeating Ramsay of Plumus this morning 12—9.

Don't expect to play any more today. Second—Just qualified for Purity Flour by defeating Buchart of Plumus 16—3. No more games tonight owing to a banquet in honor of the curlers.

\$920.00 STOLEN AT PETERBORO

Peterboro Times.—No arrests have been made in connection with the rumored theft of \$920 partly cheques from the office of the Peterborough Hardware Co.

Dame rumor says that some little time ago, the officers of this company having had their books made up during the morning in question placed \$920 in the company's office, previous to the dinner hour. The same old lady alleges that on the return of the officers in question, after dinner, that the \$920 had mysteriously disappeared.

It is understood that the police are busily engaged investigating the affair.

ADVERTISE IN THE POST

Two Detectives From License Dept. Make Sudden Visit to Bobcaygeon

(Special to the Post) Bobcaygeon, Feb. 10.—Two secret men from the License Department, Toronto, landed here on the noon train last Friday, and at once set to work to search the hotels and some other places where they thought they might find some "wet goods." They found more than the legal amount in the Iroquois hotel, and confiscated it and were off on the next train, on their rounds through the province. Further developments will follow. Full arrangements have been made for the Winter Seed Fair here on Saturday the 15th inst. in the town hall. Programs have been widely distributed, and a successful seed fair is assured.

A very well attended S. S. convention was held in the Baptist church here on Friday, the 7th inst. A number of speakers took part in the program. The Rev. Mr. Halpenny, secretary of the Ontario S. S. Association, was present and spoke at the afternoon and evening sessions. George Murphy, an eight year old boy of Mr. Gerald Murphy of this place, was playing in the barn, and accidentally fell with hand against a fork, forcing a tang right through the centre of his hand. Dr. S. H. Thorne was called in and dressed the wound, and the little fellow is progressing nicely.

Grand Trunk is Now Moving Coal 7,000 Cars Daily Since January

In order to relieve any apprehensions that may exist as to the effects upon the coal supply of the temporary embargo at present placed upon imperishable freight entering Canada from the Niagara frontier, the following statement was issued by the General Superintendent of Transportation, Mr. D. Crombie: You can reassure the public as to any fear of a coal famine so far as railroad movement is concerned. The Grand Trunk has been accepting and promptly forwarding from the Niagara frontier an average of about 700 cars per day since the first of January. This is 30 per cent more than last year, and it is not probable that any shortage should occur. The embargo is only upon the loading of coal, and it is not intended to hinder its movement but rather to fur-

ther its prompt forwarding by preventing the possibility of congestion. It is to keep our system open so that every engine can be used freely and fully that the action has been taken and unless something unforeseen occurs, the embargo will be raised by Monday next. The situation is quite clearly summed up by Mr. I. W. Gant, Assistant General Freight Agent at Buffalo, who says: "The trouble cannot be justly blamed on the G.T.R. The amount of ordinary freight passing through Black Rock has increased by leaps and bounds, and though we have increased our facilities here as rapidly as possible, the increased traffic has got a little ahead of us. The embargo does not affect freight now en route, but merely future shipments. All cars now on the way east will be delivered shortly."

Tubercular People Can't Handle Food Conductor Doherty's Automobile Spin

In the revised factory act, which is now before the Legislature, a clause has been inserted to prohibit the employment of any person afflicted with tuberculosis, scrofula, or a venereal disease in any place where food products are manufactured, stored or sold. This is a radical departure, and has been framed in the interests of the general welfare of the community. A similar operation has been in operation for several years in the bake shops act, but the new clause will affect canning factories, creameries, condensed milk factories, evaporator works, breakfast food establishments, and sugar refineries.

A new record in motor car travelling was established yesterday by Mr. John Doherty of town, with his automobile. Some time ago Mr. Doherty drove his McLaughlin touring car to Oshawa to have it overhauled and painted at the company's works there in preparation for the 1913 season. Last week he received word that the machine was all ready, and could be shipped at any moment. This gave Jack an idea and he decided yesterday to drive it up from the factory over the snowy roads and set out from Port Perry with the auto. From there Scugog Lake looked fine, and for twelve miles he sped upon its slippery surface, only taking to the shore when the ice began to grow thin. The road grew heavier near Lindsay, but at last the town hove in sight and the winter tourist, not far from being frozen, ran into his garage.

Other changes to the act are largely verbal. Where the insurance on a boiler is cancelled, the insurance company must at once notify the inspector. The present legislation requires that every owner of a boiler must have it insured with a company registered with the Department of Insurance.

MUSICAL PROVED DELIGHTFUL TREAT

An excellent pupils' recital was given last evening at the residence of Mr. Cecil Carl Forsyth, by four of his pupils, Misses Ethel Matchett, Gertrude Powles, pianists; Kathleen Grennan and Alice Suggitt, vocalists. The programme was well rendered and was of a high class type. The vocal numbers of Miss Greenan, "Sunshine and Rain," by Blomenthal and "Consider and Hear Me" by Wooler, were very much enjoyed. Miss Greenan has a voice of good quality and range. Miss Suggitt's singing of Little's "Farewell" and "O Lord How Lovely are Thy Dwellings" was also good. Miss Suggitt sang very acceptably on Sunday evening at the Baptist church. The piano pupils, Misses Matchett and Powles, are intermediate pupils of Mr. Forsyth, and judging by their playing last night, are making good progress with their studies. Their playing was highly commented upon. The following was the programme: Piano—Valse, Caprice Op. 16, Karganoff—Miss Ethel Matchett Vocal—Sunshine and Rain, Blomenthal—Miss Kathleen Greenan. Piano—Novlette Op. 21, No. 1, Schumann—Miss Gertrude Powles. Vocal—How Lovely are Thy Dwellings, Little—Miss Alice Suggitt. Piano—Lyrische Stucke Op. 43, No. 1. Butterfly, No. 4. Little Bird, No. 5. Poeme Erotique, No. 6. To the Spring—Miss Matchett. Vocal—Consider and Hear Me, Wooler—Miss Kathleen Greenan. Piano—Staccato Caprice, Vogrich—Miss Gertrude Powles. Vocal—A Farewell, Little—Miss Alice Suggitt. Piano—Nocturne (La Regatta Venezia, Liszt—Miss Ethel Matchett.

Balkan Troubles Makes Money Scarce

A communication was read at the Finance Committee meeting of the council last night from Mr. H. B. Black, local manager of the Bank of Montreal, notifying that body that the rate of interest charged the town by that institution would be five and a half per cent. This decision had been forwarded to Mr. Black from the head office together with the information that this rate had been decided on owing to the stringency of the money market. A clipping was forwarded to the council from Mr. Black from a financial journal, which stated that the Balkan trouble was responsible for the scarcity of money. The council had been paying five per cent, and the members felt that the increase would only be made until such time as financial conditions improved.

PAINFUL ACCIDENT AT THE FALLS

(Special to the Post.) Fenelon Falls, Feb. 12.—Mr. Thos. Scott, who lives south of the river, met with a painful accident on Tuesday last week, breaking one of his legs at the ankle, while working. A report was current on Saturday to the effect that gangrene had set in, and that the sufferer was to be conveyed to the Ross Hospital in Lindsay. The rumor was later found to be incorrect, and the patient is doing as well as could be expected.

OBITUARY

MRS. WM. ELLSWORTH Death has removed an old resident of Lindsay, in the person of Mrs. Wm. Ellsworth. Her husband predeceased her in 1900. Deceased was in her 62nd year. She leaves to mourn her loss three daughters and two sons—Sarah at home Mrs. S. Neil and Mrs. Wm. Shortice, Densforth, Me., George and Thomas. The funeral will take place on Thursday to Riverside cemetery, Rev. Canon Marsh conducting the services.

POULTRY ASSOCIATION GETS A GRANT

The request of the Poultry Association for a grant came up for consideration at a meeting of the Finance Committee of the council last night. Some of the aldermen argued that the Association should look to the county alone for financial assistance. However, after some discussion a grant of \$25.00 was made.

A Correction

Regarding the fire which occurred on Sunday night about a mile south of Reabaro, "The Post" has been requested to make a correction. The house was on the farm of James Shaw, but was not occupied by James Austin, as was stated. The occupant was William Austin, who is a married man. Mr. Austin had no insurance on the contents of the house. Everything in the house, with the exception of a little building was burned.

OPENING DAY OF WINTER CARNIVAL AMUSING FEATURES IN THE PARADE

Bracing winter weather featured the opening day of the Lindsay Winter Carnival, but the committee in charge were as enthusiastic as if the weather conditions were perfect. It was not anticipated that there would be many visitors to town on the opening day, but from now until the close of the Carnival it is expected that record crowds will be on hand for the three days' events. MAKE-IN-LINDSAY EXHIBIT There was considerable bustle and activity in evidence at the market hall, where local firms were arranging their exhibits. This promises to be one of the best features of the Carnival, and our citizens will be well repaid by making a visit to the town buildings. A more extended reference to the exhibit will be made tomorrow.

THE PARADE

was the opening feature of the afternoon's programme. This being the first day of the carnival, the procession was not as long as it will be tomorrow, many merchants not being prepared. The different outfits in the parade were excellent, reflecting credit on those taking part. The band headed the procession, but owing to the severe nature of the weather were unable to render music in liberal quantities. The fire team was next in order, the sleigh being very prettily decorated with flags and bunting. The Neill show store was represented by a giraffe. The animal (?) was in a cage on a sleigh in charge of its keeper. It was an excellent imitation. Mr. A. L. Campbell, the grocer, had one of his sleighs in the procession artistically fitted out. Felix Forbert, shoe merchant, was represented in the parade by a caged lion. The representation was a good one. Mr. Jos. Brown, grocer, had his delivery sleigh in the procession gaily decorated. Fox & Brady also had their horse and sleigh out. "Leaders of fashion" was the motto on the cab which represented Dundas & Flavelles. It contained two young men and two young ladies.

Adams Bros. were well represented. They had a large sleigh load of provisions well displayed. The new firm of Baker and Baldwin had a cabin made of boxes of Toasted Corn Flakes. It was well built. The Canadian Express Co. displayed the motto, "Prompt Delivery." A comic costume was next, being an excellent representation of the ordinary barnyard "rooster." Carroll's tobaccos and cigars were advertised by a large pipe drawn on a sleigh. Next followed an excellent representation of a camel (in the comic costume competition.) The Warder had a pair in comic costumes. Bates, baker and confectioner, was represented by his horse and delivery sleigh. If the weather continues cold the band will render a free concert every afternoon in the Academy of Music. Owing to not being able to play on the street today, they rendered a concert in the Academy which was well attended. Those wishing to participate in the parade are reminded that the Advancement Club have suits and paraphernalia for rental. Enquire at committee rooms over Warder office. The Post was missed from the parade today, and thereby hangs a tale. The young man upon whose shoulders fell the great honor of representing Lindsay's leading paper, succumbed to the measles at the last minute. A substitute will take his place for the balance of the week.

Must Go To House of Refuge

For some time the town has been issuing charity orders to a number of unfortunate people. At last night's session of the Finance Committee several of these orders came up for consideration, and Reeve Kylie thought that those whom the town were assisting in this manner should go to the House of Refuge. They were paying for the maintenance of that institution, and a good home was there for those who were depending upon charity for existence. One case was that of a woman who had an invalid daughter. The committee decided to still contribute to her support, but two others—a widow in the south ward, and a well known citizen who lives alone on William street will have to go to the House of Refuge.

Mid-Winter Fair and Carnival Sale

We will hold a mid-winter sale of all heavy goods, including Furs, Mantles, Men's Fur Coats and Fur-trimmed Coats, Carpets, Lace Curtains, Rugs, Oilcloths

Visit Our Store FAIR DAYS We have close prices on all Goods.
