CHAMBERLAIN'S BEST TABLETS

TO THE TOMB

THE LATE F. J. KERR.
 Gazette:—One of the most highly respected and popular residents of Fenelon Falls passed away on Monday morning last in the person of Mr. Francis J. Kerr, who died at his home here after an illness of several weeks. Mr. Kerr had been confined to the house during the greater part of the winter, and was at times in a very serious condition, but recovered sufficiently to attend to his duties at the post-office for a few days, when he was again taken ill and suffered a paralytic stroke, after which he gradually sank until the end came early on Monday morning.

Mr. Kerr was born in the township of Clarke in the county of Durham in the year 1848, and came with his parents, Mr. and Mrs. John Kerr, to Fenelon Falls when a young man. He engaged in lumbering for a time, afterwards going into the grocery business with Mr. Findlay McDougall. He was appointed postmaster on October 20th, 1887, and filled the position from that date until his death, winning the regard and esteem of all by his strict attention to his duties and his obliging and courteous conduct. Mr. Kerr was married twenty-nine years ago to Miss Lena Craig, who predeceased her husband by eleven years. He leaves to mourn his loss three children, Grover, of Hastings, and Aileen and Vivian at home; two brothers, James of Port Hope and John of Manilla; and three sisters, Mrs. Robert Falls of Bethany, Mrs. Robert Rutherford and Mrs. E. A. McArthur of Fenelon Falls. The funeral on Wednesday to the Fenelon Falls cemetery was very largely attended.

RHEUMA FOR ALL FORMS OF RHEUMATISM

Don't be skeptical about RHEUMA, the modern enemy of Rheumatism, Lumbago, Sciatica, Arthritis, Gout, Chronic, Neuralgia, or Kidney Disease. After taking a few doses you will know that the poisonous Uric Acid is leaving the system. "For six years I was practically a cripple on crutches from Rheumatism. One bottle of Rheuma cured me."—J. ANNUAL SEED FAIR AT BOBCAYGEON

(Special to The Post.)
 As was announced by programs sent out through the district, the Seventh Annual Seed Fair was held in the Town Hall here on last Saturday, and it was well attended and the exhibit as usual was good. In wheat, oats, potatoes and buckwheat it was especially good. Mr. Jas. Boyd, who was here last fall and bought a car load of seed oats for Steele-Briggs, Toronto, from the Verulam farmers, was present and did the judging in the forenoon and gave an interesting address in the afternoon to the leading farmers of the district. The address was much appreciated and provoked a great amount of discussion, which no doubt, will bear fruit. He took as his subject a sentence from the Seed Fair program, viz. "Don't forget to bring your boys, the coming farmers, to Fair," and from this he spoke of what should be done to keep the boys and girls on the farm. He showed the great exodus of our rural population that had taken place for the past decade or so to the urban centres, until at present there were 133,702 more in the towns and cities of Ontario than on the land. He thought there was food for reflection and discussion here and discussion he got till it was time to close his address. In his opening remarks he complimented the Verulam Society for the progress it had made in producing good pure seed grain. This was a good, kind work in these days, when farms in many districts had become polluted with noxious weeds, and clean seed was hard to get.

A CRIPPLE FROM RHEUMATISM

Tortured Four Years Until He Took "Fruit-a-tives"

RIDGETOWN, ONT., May 21st, 1913.
 "Your 'Fruit-a-tives' cured me of Rheumatism. It was the only medicine that made any impression on me. I was a terrible sufferer from Rheumatism. I was laid up for four winters with Sciatica and Muscular Rheumatism, and was a cripple completely, not being able to do anything. I doctored with four different physicians, but they did not help me. Other advertised remedies were equally unsatisfactory, and I have taken several. Some neighbor of mine told me that 'Fruit-a-tives' helped him, and I took them faithfully every day and the result was marvellous. For over two years now, I have been free from any Rheumatic pains whatever, and give 'Fruit-a-tives' the full credit for making a remarkable cure."

W. T. RACHER.
 If you are subject to Rheumatic Attacks, Sciatica, Lumbago or Neuralgia, take 'Fruit-a-tives' right now and start the permanent cure which 'Fruit-a-tives' will complete if taken faithfully. 50c a box, 6 for \$2.50, trial size, 25c. At dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

The curlers are keeping up the "roarin' game" these days. The ice is ideal and sport good.

HOMESEEKERS' AND SETTLERS' EXCURSIONS

Those taking advantage of above Excursions should bear in mind the many exclusive features offered by the Canadian Pacific Railway in connection with a trip to the West. It is the only all-Canadian route. Only line operating through standard and tourist sleepers to Winnipeg and Vancouver. All equipment is owned and operated by Canadian Pacific Railway, affording the highest form of efficiency.

Homeseekers' fares will be in effect each Tuesday, March 3rd to October 27th inclusive, and round-trip second-class tickets will be sold via Canadian Pacific Railway from Ontario points (Azilda and East) at very low fares—for example, from Toronto, also West and North of Toronto, to Winnipeg and return \$35 to Edmonton and return \$43. Other points in proportion. Fares from points east of Toronto will be slightly higher. Return limit two months.

Homeseekers' trains leave Toronto each Tuesday during March and April. Each Tuesday during March and April, the Canadian Pacific will run Settlers' trains to Winnipeg and West and for the accommodation of settlers travelling with live stock and effects, a colonist car will be attached to the settlers' effects train. This car will leave Toronto on regular train at 10.20 p.m., and on arrival at West Toronto it will be attached to settlers' effects train as mentioned above.

For those not travelling with live stock and effects, special Colonist cars will be attached to regular trains from Toronto, running through to Winnipeg without change. No charge is made for accommodation in Colonist cars.

Tourist sleeping cars are also operated on regular train leaving Toronto 10.20 p.m.

OLD MAN OVERATE DIED OF INDIGES TION

Tweed, Feb. 18—David Morton, aged seventy-five, is dead from acute indigestion as the result of overeating. On Monday he disposed of a dozen fresh doughnuts and half a pie. Soon afterwards he became ill.

Funeral Today
 The funeral of Charles, the youngest son of Mr. and Mrs. Daniel Murphy, took place from the family residence, South Ops, this afternoon at 2 o'clock to the Roman Catholic Cemetery. The deceased child was two years of age, and the sympathy of a host of friends is extended to the parents in their loss.

FISH WAY AT LINDSAY DAM

Port Perry Star:—A group of our citizens have for some months past been interesting themselves in bettering the conditions that have existed for many years past, in connection with Lake Scugog. It is no secret who these gentlemen are, their names are familiar to all, who have known of the quiet and effective work, which has been accomplished in convincing the Government of the wisdom, fairness, and necessity of keeping the waters of Lake Scugog at a proper level. It is simply an act of courteous justice to give the names of the gentlemen who assisted in this work. They are—Messrs W. S. Short, C. R. Stewart, W. L. Parrish, W. H. Harris, James Lucas, Thomas and Wm. Graham, and C. L. Vickery.

Tasks were apportioned to each which involved long and expensive journeys, which were paid for personally, and these tasks required considerable diplomacy to secure results, for there are other interests, which conflict with those of Port Perry. Friends were found, and their assistance very materially aided in the work. They included Wm. Smith, M. P.; J. H. Devitt, M.P.; C. J. Thornton, M. P. Upon these two latter gentlemen, Port Perry had no claim, but they came to the assistance of our citizens at a very difficult part in the proceedings, as did Peter Christie, ex-M.P. Above all should be placed the name of Mr. H. S. Osler, of Toronto, who was a clear headed industrial friend, and whose support was very valuable.

The net result of the negotiations with the Government may be summed up as follows:

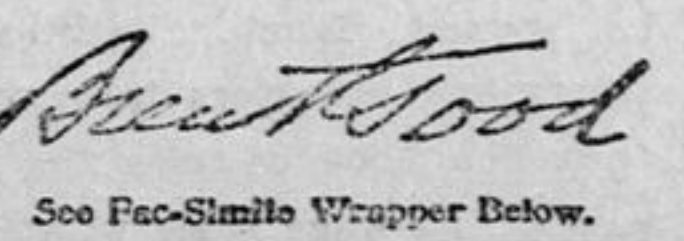

- 1. The waters of Lake Scugog are to be maintained at a proper level.
- 2. A fishway is to be constructed at Lindsay, where the dam crosses the Scugog River.
- 3. The Lake is to be restocked with fish.

In support of the promises given are two letters sent to a member of the committee, which we publish herewith. There was a great deal of other correspondence, but these letters set forth the important features of the case quite clearly.

Toronto, Ont., January 21st, 1914.
 Dear Sir:—

I beg to acknowledge receipt of your letter of the 20th instant with reference to fishing in Lake Scugog. I am very much surprised to learn that some correspondence has taken place between this Department and that at Ottawa, to the effect that a fish-way was not needed. If any such intimation was made by our Department, which matter, I will at once look up, I will certainly have that statement recalled. It requires no discussion or arguments to demonstrate the necessity of a fish-way to allow the fish to ascend to the waters of Lake Scugog. The mere opening of a lock is not in my mind an adequate mode of letting the fish go through.

I regret very much that the waters of Lake Scugog have been manifested depleted of game fish. This is due not to over-fishing nor to violation

of the fishery regulation, but to the fact that on more than one occasion the waters of the lake were allowed to get too low during the winter and the extreme cold weather froze the water down practically to the bottom, thus asphyxiating the fish. However, at any time that I am assured that the water will be kept at a sufficient level I will be only too glad to have the Lake restocked with black bass fingerlings from our bass ponds at Mount Pleasant and would be ready to commence this work next August.

Yours very truly,
 J. O. REAUME.

Ottawa, 28th January, 1914.

Dear Sir,—I beg to acknowledge receipt of your letter of January 22nd re water in Lake Scugog, and return herewith Honorable Dr. Reaume's letter to you, having retained a copy for my file.

I may say that this Department has duly notified the receivers of the Canadian Cereal and Milling Company that the Department would, in future, take action to prevent the lowering of the elevation of the waters above Lindsay dam below the rest of the dam during the season of navigation, and, if necessary, to shut off the water to the flume of the mill at any time this should become necessary to maintain level.

If, after the season of navigation, the level of the lake should be lowered by the operation of this company, it would be a matter either for the local Minister of Public Works, in charge of Fisheries for Ontario, or for the Minister of Marine and Fisheries here who has charge of the same branch of public service for the Dominion.

Yours very truly,
 F. COCHRANE.

Toronto, Feb. 5th, 1914.

Dear Sir:—Replying to your letter of the 29th ultimo with regard to the fishway in the dam at Lindsay, I may say that when I was in Ottawa a few days ago, I took the matter up with the Federal authorities. I explained to both the Hon. Mr. Hazen and the Hon. Mr. Cochrane the necessity for the fishway to enable fish to reach Lake Scugog.

With regard to bass fry, I have instructed the Superintendent of Game and Fisheries to see that the lake is not overlooked next season.

Yours very truly,
 J. C. REAUME.

It is pleasing to note that persistent concerted action has been successful in securing advantages which should have been granted years ago, but which were not granted largely because the effort of those who interested themselves in the matter have not been sufficiently persistent. We sincerely trust that the gentlemen, who have worked so well in these matters may not be disappointed in the slightest particular. If they are we trust they will continue their good offices until their work is an accomplished fact.

The motto of every citizen of Port Perry should be "Don't grumble, do something."

LINDSAY GETS THE TOURNAMENT

Huntsville, Feb. 18—Delegates representing the Northern Volunteer Firemen's Association met here today, and decided to hold the tournament for 1914 at Lindsay on July 30.

A keen contest for the tournament took place between Lindsay and Midland, the former coming into the association only last year. Delegates were present from New Liskeard, Farry Sound, Burk's Falls, Bracebridge, Gravenhurst, Orillia, Lindsay, Midland and Penetanguishene.

Mr. Angus Kennedy of Burk's Falls, was elected president, and Major Grant, of Huntsville, was chosen secretary.

A banquet was given tonight in honor of the visiting delegates.

The above despatch means that Lindsay will be the Mecca on July 30th of many fire brigades from the Northern and Southern Volunteer Firemen Associations, as last year the Southern Association decided to gather at Lindsay. Besides the northern brigades, the fire fighters of Port Hope, Cobourg, Trenton, Deseronto, Napanee, Gananoque, etc, will come to Lindsay. The Lindsay Fire Department will have a busy time of it arranging the big tournament, but they look for the co-operation and assistance of the citizens.
