The fact that the world moves is continually being borne in upon us. It seldom gives a more striking exemplification than in the words of the Rev. Dr. Campbell, and the resor riversary sermon at the Broadway lution of the Montreal Presbytery yesterday concerning sporting organizations within the church.

Ten years ago, as Dr. Campbell remarked, it would have been impossible for him, or indeed for most Presbyterian clergymon, to have approved or tolerated the idea of the formation of sporting clubs in connection with the church. To-day the whole conception of the social relation of the church has changed. No one suggests now that it is beneath the dignity of an organization constituted mainly for the worsnip of God to employ its powers for any number of worldly undertakings, provided that they subserve the main purpose. Furthermore, we are gettirg a very broad idea of what does subserve the worship of God, pretty nearly anything that tends to ty years ago. At last my blood was so bad that I broke out all over with red and white boils, which kept growing until they were as big as walnuts, causing great pain and misery. I thought they would take the skin off my whole body, but I kept from scratching as well as I could. I was so run down that I could hardly do my work. Mr. Nelson R. I used the Cuticura Soap, Ointment, Resolvent, and Pills for about eight months, and I can truthfully say I am cured.
