Mr. Knight, Public School Inspector, was present and stated that Soction No. 3 west a large, trich section, the aggregate assessment of which was the highest in his inspectorate, if divided, each section would still have a higher assessment than other sections in the township. It was well known that some of the child home were too far from the schoolhouse to attend regularly, and it was the duty of the Inspector and of the Council, as well as of the ratepayers, to see that every child be enabled to attend school regularly. He was therefore of the opinion that the prayer of the petitioners should be granted, and a new school section

formed After duly considering the matter, the Council weire unanimous in op-

inion that Section No. 3 should be evenly divided and that the new section formed from the east half should also include all lands assessed for the support of Public schools, north of the 4th |qr. line and east of the centre
