Extend I.B. & O. to C.O.R., Bancroft

C. N. R. Will Ultimately Carry This Railway to Renfrew

As mentioned exclusively in The
Post on Saturday, the extension of
the Irondale, Bancroft & Ottawa Ry
from Mud Creek, the present termin-
us, to connect with the Central On-
tario Railway at Bancroft, is one of
the proposed works of the C.N.R.
which will likely be undertaken this
year. The latter company recently
purchased the I.B. & O. line, and in
regard to the proposed extension, it
was stated that there was a strong
possibility of the work being under-
taken soon. The distance to be cov-
ered between Mud Creek and Bancroft
is not great and the line is to re-
ceive the attention of the new
purchasers to increase the comfort
of the passengers by improving the
road. Mr. Geo. Collins, general man-
ager of the C.O.R., is now general
manager of the I.B. & O. railway.
The Canadian Northern Company
propose to ultimately carry the I.B.
& O. across the counties to Renfrew.

dent of Emily township, whom death
claimed on Sunday at the ripe old
age of 76 years.

The deceased, like many another
son of the Emerald Isle, crossed the
trackless Atlantic in early youth,
to hew out a home in the virgin
forests of the Western Hemisphere.
He was but a lad of ten years when
he bid his native land good-bye, and
when landing in Canada his parents
settled near Dunsford. Two years la-
ter they removed to their present
homestead, lot 6, con. 12, Emily. Af-
ter the demise of his loved parents,
he married and a large offspring
was born on the homestead.

The late Mr. Harrington was a mo-
del citizen, a man of splendid char-
acter, and a devout member of the
Roman Catholic church. As a neigh-
bor he was kind hearted and gener-
ous, and his charity and good deeds
will serve as a lasting monument to
his goodness of heart. He

Most cases of baldness are
due solely to neglect. The hair
often becomes dry and dandruff
forms because the hair glands
do not supply enough natu-
ral oil. Nothing overcomes
this deficiency so effectively as
that delicately perfumed, re-
freshing hair pomade, Bearine.
Avoid baldness; apply Bearine
to your hair occasionally. All

Little Boy Acted Strangely But He Was Only Delirious

Examiner: What was thought at
first to have been a case of hydro-
phobia in this city turned out to be
one of pneumonia. Little Vincent
Hodge, the five-year-old son of Mr.
Thomas Hodge, 551 Waterford-st. Pe-
terboro, was bitten by a dog about a
month ago. The boy was sleightiding
when a collie dog ran out at him,
and bit him on the right leg. A nasty
wound was made, necessitating
the treatment of a doctor. Thurs-
day last the boy became very ill,
and in the opinion of the boy's father
and mother acted rather strangely
and once or twice when his mother
gave him a drink he would bite vio-

lently at the cup. He also bit her
hand. In view of the recent dog
scare all over the province, and the
fact that the boy had been bitten,
the parents were naturally alarmed.
They feared hydrophobia and medical
assistance was at once called. Three
doctors were consulted, and the case
was diagnosed as pneumonia. The
boy was delirious, being in a very
high fever and this accounted for his
rather unusual actions.

Young girls frequently require a
good invigorating and blood making
tonic. For this purpose nothing
equals Ferrovin, which is prepared
from fresh, lean beef, citrate of iron
and pure old Spanish Sherry Wine.
