A MODERN MEDICINE FOR YOUNG CHILDREN

No sane mother would wish herself treated under the condition of medicine or surgery of half a century ago. Why then should she give her tender little child the fashioned medicines that have not changed in half a century, and which more likely than not contain poisonous opiates, that will not cure the child, but merely drug it into temporary insensibility. Baby's Own Tablets is a modern medicine prepared with all the care and skill of modern medical science. This medicine cures all stomach, bowel, teething and other ailments of childhood, and babyhood. And the mother has the guarantee of a government analyst that it contains no opiate or poisonous drug. Sold by medicine dealers or by mail, at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Popularity of Oshawa Shingles

What Maraposa is Doing With Pedlar's Celebrated Goods

On Thursday, March 17th farmers from all parts of Mariposa and citizens of Little Britain met at Mariposa Station and unloaded a carload of Oshawa four locked galvanized steel shingles.

Mr. B. H. E. Vrooman, the popular representative for the Pedlar Co. entertained the customers to dinner at the Commercial house.

After enjoying a sumptuous and social feast, the various customers all departed well pleased with the Pedlar goods.

A large percentage of the customers were men who have had years of experience with the Oshawa shingles, some are now roofing their fourth building, which all goes to show the popularity of Oshawa's shingle.

During the day of delivery further orders were booked to the extent of half a carload.

Kennedy Bros., local representatives of the Pedlar People, were thoroughly convinced of the merits of these shingles before accepting an agency for their sale.
