Mr. James Stinson has moved to the farm he bought some four or five years ago, and Mr. Robt. White who had it leased has moved to Mr Charles Meehan's farm near Downeyville.

Our school is progressing favorably under the management of Miss Ella Brady of Lindsay.

There is some talk of our teacher going to try and work up a concert of some kind and we understand she proposes putting an organ in the school, and the proceeds of the concert to finance the organ.

This is a move in the right direction as an organ in the school is what is certainly required. There are some fine instruments in this locality but very few know much about music and it would be a good chance for those having a talent for music, now that we have a teacher who is qualified to teach them.

We hope that the people will make an extra effort to assist and encourage our teacher in the undertaking, and last but not least, we hope that the trustees will not let \$15 or \$20 stand in the way in order to keep a good teacher.

Directors Secure Old Town Hall

Ops Township Sold Structure to Riverside Cemetery Co.

Ops Council met March 21st at 10 a.m. All members present. Minutes of last meeting were read, and on motion of Messrs. Deyell and Sloan were adopted.

COMMUNICATIONS

From Mrs. Stewart, re Wallace family. From Board of Railway Commissioners, re O'Holloran's crossing. From County Treasurer, re lands patented in 1909. From inspector of prisons re Ops patients. From Sawyer & Massey re graders, etc.

In regard to Mrs. Stewart's request that Council buy a bed to replace the one burned after Mr Wallace's death from tuberculosis, Council thought something should be done, but as the township had been at so much expense for maintenance of this family and for funeral charges that it was decided on motion of Messrs. Hickson and Deyell to just give \$5 towards this purpose.

Clerk was instructed to advise Board of Railway Commissioners that Ops township did not wish for an overhead crossing on G.T.R., at O'Halloran's cut, but would rather have some of the banks removed that obstructed the view, and have a light placed there for the safety of after night traffic.

Messrs. Flavelle and Hopkins were present and on behalf of the cemetery company offered \$175 for the old town ship hall building and Ops interest in the land on which it is situated. On motion of Messrs. Deyell and Sloan the offer was accepted.

Walden and Hickson—That Clerk be instructed to notify G.T.R. Co. to fence their lot at O'Halloran's crossing.

By-law No. 691 confirming the appointment of pathmasters, fence-viewers and pound keepers was duly passed.

Deyell and Hickson—That the following accounts be paid: Anderson & Nugent, for undertaking re the case of the late John Wallace \$20; Thos. Moore for burying a nuisance, \$2; Registry office for searching title of old township hall, 50c; Ops share for hack to take members Railway Commission to see O'Halloran's crossing, \$1.00; J. Staples & Son, groceries for Wallace family, charity, \$2.54; Allan Gillies, for printing and publishing abstract statement \$5; T. A. Newman for extra work on road beat 21, \$4.50.

The question of securing a typewriter for the office was discussed as council in the past had frequently found it necessary to pay for considerable typewriting, and on motion of Messrs. Deyell and Walden Reeve and Clerk were instructed to look into the matter and report.

Council were unanimous in the belief that if the small graders were as good as represented by Mr. Brodie, of the Sawyer & Massey Co., it would be wise to secure one so that more of the pathmasters might find it convenient to get grading done, thereby than was now possible with only one grader. The Clerk was therefore instructed, on motion of Messrs. Walden and Hickson, to ask Mr. Brodie for a free trial of the grader about April 1st.

Council adjourned to meet April 9, at 1 p.m.
