

Nervous Prostration For Three Years

"Dr. Miles' Restorative Nervine cured me of a period of nervous prostration of over three years duration, and the Anti-Pain Pills are as necessary to us as the roof of our house. They have been household remedies with us for many years."

WM. J. LOUGHRAN,
1214 Catherine St.,
Philadelphia, Penna.

Much sickness is due to nervous troubles. Headache, dizziness, epilepsy and insanity are nervous troubles. Then there is a large class of disorders which arise from a weakness of the nerves of an organ or part, as weak lungs, heart, stomach, kidney, bladder, eyes, etc. Dyspepsia and indigestion are usually the result of nervous disorders.

Restorative Nervine

soothes the irritated nerves, and assists the nerve cells to generate nerve force.

Price \$1.00 at your druggist. He should supply you. If he does not, send price to us, we forward prepaid.

DR. MILES MEDICAL CO., Toronto.

Obituary

WM. MOLONEY

As was announced in Saturday's issue, the injuries sustained by Mr. Wm. Moloney of Boston, terminated fatally in that city on Friday and his remains reached Lindsay on Saturday evening. The deceased gentleman was well known in Lindsay and district, being a brother of Mrs. C. McIlbarger, Miss S. Maloney, of Lindsay, and Mr. George Maloney, of Ops. Another brother and sister, who reside in Boston, also survive the deceased.

The funeral took place this morning from the residence of Mr. George Moloney, Ops, to St. Mary's church, and was largely attended. Requiem mass was chanted by Venerable Archdeacon Casey and the remains were interred in the Roman Catholic cemetery. The pallbearers were Messrs. F. McClory, J. Giltenan, A. Burke, J. Shea, D. McGinley, J. Farrelly, Miss Susie Moloney of the local separate school staff, Mrs. Reilly, of Boston, sisters, and Robt Moloney of Boston, a brother, accompanied the remains from that city.

Child Suicides in Russia.

It may not be generally known that child suicides, so numerous in Germany, are nearly as common in Russia. During 1907 some 400 children under sixteen years of age are said to have taken their lives in Russia, nearly all of these, as with Germany's yearly 600, being pupils at secondary schools. And as these secondary schools are modeled on those of Germany and the courses of study are severer, if anything, overstrain must play a considerable part in producing the state of mind which leads a child to take its life. In some cases the abnormal precociousness of the children was extraordinary.—Westminster Gazette.

There is honor and happiness in vigorous manhood and womanhood. Don't you want to feel the glow of new-born life in your blood and nerves, to feel the bubbling spirit of youth again? Don't you want to have a strong heart, courage, nerves of steel, self-confidence, strength in every part, ambition, energy, grit and endurance? Don't you want to be rid of the "come and go" pains, varicocoele, weak back and general debility?

POST'S SPORTING PAGE

HOCKEY

The Typo hockey club to-day received the Felix Forbert Shield, emblematic of the Lindsay Town Hockey League championship.

The Peterboro Examiner, in reviewing the hockey season, says: "Peterboro's Intermediate O.H.A. team after a grand start, ran aground on a shoal marked Lindsay before the district harbor had been left. The O.H.A. ruling that goals should count on the four games between Lindsay and Peterboro threw a crimp in the championship aspirations of the Petes, before they were into their stride. They stole a march on Lindsay by beating them in Scugogville in the first game by 3 goals to 2. Lindsay came back with a well earned victory here, although at that the Petes were a little oh color. Then came the downfall of the locals, for in the return game at Lindsay, they took an awful slump in the second half and were beaten 13 to 3. In the last game the Petes came back to form and roundly walloped the Scugogites in one of the best games seen here in years by 8 goals to 3. The attendance at the games was encouraging; the team was well supported by the public, and on the whole, the season may be marked down on the books as not entirely devoid of encouraging signs."

The first attempt to wrest the Sir Montagu Allan Cup from the St. Michael's college champions, resulted in a signal failure, the challenging being beaten by 8 to 3 at the Mutual street rink on Saturday night. Sherbrooke, Que., team, champions of the St. Lawrence Valley League, and one of the fastest sevens in the East, St. Michael's were always in the lead and were not even threatened with the loss of the trophy at any stage of the game.

The ice was hard and fast, even though covered with water in places, The puck slid easily and made combination quite possible. The fact that the challengers had beaten Montreal Victorias and other well known Quebec teams was not generally known the chief recommendation of the Sherbrooke seven being that they had won the championship of their league, of which little is known west of Montreal. The absence of "dope" on the Easterners resulted in the smaller attendance than would perhaps have been the case had they been better known. The rink was more than comfortably filled, but the crowd was not as large as at some of the recent St. Michael's games.

New York, March 20.—The great all-star hockey seven from Renfrew, Canada, defeated the Wanderers, of Montreal last night at the St. Nicholas rink by 9 goals to 4 in the contest for \$1,000 purse. It was a wonderful exhibition of hockey that the teams put up, and the play in the second half fairly scintillated with brilliant performances. It was neck-and-neck all the way in this period, both sides fighting like demons, the Wanderers making heroic efforts to overcome the great lead of seven to one gained by their opponents in the first half.

The play was strenuous and fierce in the last part of the struggle and the penalties were handed out right and left, there being a constant procession to the timers' bench.

BASEBALL

It is expected, if the Midland League is placed on the map again, Lindsay will be represented this season, "Bill" Cinnamon, the old Redskin captain, says the material is plentiful if it is decided to put a team in.

Lindsay should stand a good show this summer with a senior team picked from the local material.

There will also be organized a town baseball league, and a meeting with this end in view should be called at an early date.

ATHLETICS

Peterboro Review: Fred Simpson who is in town to-day, says he will be an entrant in the big derbies that Pat Powers will pull off in New York Chicago and Pittsburg this summer.

Fred was to have run Henry Jackson, ten miles at Midland last night but Jackson, who lives on Christian

Island, was unable to be on hand, so the race didn't take place. The pair will meet later, however.

GOLF

Several enthusiastic lady golfers visited the links on Saturday and indulged in the game.

CURLING

Eight rinks have completed their schedules at the curling rink so far this season, leaving sixteen more to finish with an average of about seventy-five games yet to be played.

Without a doubt Dr. Sutton will win the season's championship, having 18 wins and no losses. The standing is:

Skips	Wins	Losses
Dr. J. L. Sutton	18	5
L. V. O'Connor	16	7
A. B. Terry	15	8
J. M. Knowlson	14	9
R. F. Thomas	12	11
T. Gage	12	13
R. Butler	10	13
T. J. Tilley	7	16

A Minnesota Curler

The following from the Eveleth Star of Minnesota, refers to a former well known resident of Lindsay:

"The great success of the curling club here is due, as much to the enthusiasm of Mr. T. A. Pratt as to any other cause. Mr. Pratt likes the sport and to be with him on a cold day in winter is to imagine yourself standing at one end of a fine glossy rink with a stone in your hand and each eye marking well the line of adventure of the stone gliding along toward the well prescribed circle at the other. This sort of enthusiasm is contagious and most every man who had the price and the time was inoculated with the innocent germ this year."

May Kill Only One Deer Now

New Provincial Game Act of Interest to Local Hunters

When the new game act, which has received its second reading, is finally passed by the legislature this week, it will provide that in future a hunter may only take one deer, instead of two as at present.

The open season for grouse, pheasants, partridge, and woodcock will be reduced from three months, as at present to one month. Wild turkeys and quail, which now were shot in only certain portions of the province, were decreasing rapidly, and the season will, in future, open on the 15th of September. The same would apply to ducks and in future the season will open on the 15th, instead of the 1st of September. The season for capercaillie, beaver and Otter, said Hon Dr. Reaume, who is the author of the bill, had been closed for the past several years, and it was his intention to extend the close season until 1915. Mink, he said, would in future be in the same class as muskrat. It was found that people were trapping mink all year, and for the purpose of protecting these animals, it was necessary to have a close season. The open season for these animals in future will be from the 1st of December to the 1st of April, and the close season from April to Nov. 30.

Complaints had been made, he continued, that hunters left their decoys in the water all night and on Sundays when shooting deer, and it was hard for others to shoot ducks under those conditions. The clause had been inserted in the bill, therefore providing that all duck hunters must remove their decoys every night and especially on Sundays.

In future, non-residents of the province must pay a license of \$10 before they will be allowed to trap fur bearing animals. Dr. Reaume stated that American trappers came in to the province and killed fur-bearing animals promiscuously, and in order to prevent that a fee would be charged before outsiders could get permission to trap fur-bearing animals. Those, he said, were the chief provisions of the bill.

Allen's Lung Balsam is warranted to cure the most distressing cough.—Tu9.

Beautiful Display

OF HIGH-CLASS CLOTHING AND FURNISHINGS

Such a showing of attractive new styles as will command the immediate attention of Easter shoppers. Take a look through this stock of Fancy Suits, Hats, Shirts, Ties and Umbrellas—and keep from buying if you can. Prices are surprisingly reasonable, considering the style and quality. The choicest go first as a matter of course, and many of the novelty lines cannot be duplicated this season. The more you make comparisons the surer we are of your trade.

25 doz. reversible four-in-hand silk ties, in a large variety of designs and colors; made from 50c silks.

EASTER PRICE—25c.

Hosiery

25 dozen 40c Black Liama Wool, half hose.

EASTER PRICE—25c.

B. J. GOUGH, - LINDSAY

May Form Co. To Build Boats

Important Transportation Scheme on Northern Section of Trent Canal

The Barrie Advance says:—"If present negotiations materialize, Barrie is likely to have an improved boat service this season."

It has been felt for some time that there is opportunity for a considerable increase in the steamboat business in local waters, and moneyed men of Orillia and Barrie are being canvassed in regard to several propositions looking to something better in the way of passenger and freight service on Lakes Simcoe and Couchiching and the Trent Valley Canal.

Mr. Smith, of Orillia, who is taking an active interest in the matter called on Mayor Beecroft one day last week and discussed one of these propositions very fully with him. It is proposed to form a navigation company composed of Barrie and Orillia money interests and to build or purchase a fleet capable of supplying

LOGS WANTED

ELM, BASSWOOD, BIRCH AND ASH SUITABLE FOR VENEERS

THE RIDER & KITCHENER CO., LIMITED
LINDSAY

the needs of the people of Lake Simcoe and adjoining waters. Mr Smith told the Mayor that if \$10,000 capital could be furnished here and a like amount in Orillia, a start could be made, and the foundation laid for a profitable business. If anything like active support was obtained a boat or a number of boats could be secured in ample time to be placed in commission for the present season's business.

Since Mr. Smith's visit Mayor Beecroft received a proposition of somewhat similar character from a newly-organized corporation the Severn River and Lake Couchiching Navigation Company. This company has been granted a provincial charter and proposes to operate a line of boats that will place Barrie and Oril-

lia in direct communication with Peterboro and other points on the Trent Valley Canal and Lakes.

Fish cakes made from the finnan haddie, slightly fried, are delicious. They should be served with mashed potato, the same as fish.
