LINDSAY TALENT ON PROGRAMME

Pleasant Point, March 6.-This corner is wakening up once more to the good old times which have been slumbering this last five or six years. On Thursday evening the teacher of our school, Miss Hazel Carew, Lindsay, and the students, aided by a few outsiders gave an excellent concert, which was followed by a basket social. The concert was opened about 8.30 with a few remarks from the Chairman, Mr. Wm. Hay. The first item on the programme was an instrumental by Miss Winnie Endcott. After an encore had been rendered, Miss Hazel Robertson gave a short recitation in a manner which satisfied the audience quite as well as the next item, which was a song by Master Cleve Endicott. A dialogue entitled, "Taking the Census," in which the chief personages were Miss H. Carew and Mr. Wm. Robertson, gave a great deal of amusement. One of the chief entertainers of the evening was an ex-teacher, Miss G. Thornbury, of Lindsay, who favoured the audience with several songs and recitations. Miss Thompson, of the L. C. I. who seems to be gifted with reciting, also added largely to the success of the evening. During the concert recitations were given by Miss A. Wallace and Master A. Brien, who did splendidly when we consider that this is the first time they have appeared before a crowd. Several fine instrumentals were rendered by the Misses M. Endicott and H. Carew; Mrs. P. Page, Miss H. and Mr. G. Clarke, and Miss M. and Mr. H. Endicott. Mrs. Cathro of Lindsay sang a couple of pleasant songs quite to the liking of the audience. Although the concert was intermingled with many gramophone selections which were very amusing, "Why We did not Marry," a dialogue which was acted by seven couples was one of the most enjoyable parts of the concert. After the programme the baskets were auctioned off by Mr. Wm. Hay. Many of these were beautifully decorated, and called for handsome sums in return. When the newly-made couples had spent an hour or so in becoming acquainted and reaching the bottom of the baskets, the people dispersed, all feeling the better of the pleasant evening spent in the old school. Miss Carew is to be complimented on the fine success, and we hope that the people will take heart and not wait five or six years for a leader. Mr. James Brien was the loser of a fine horse last week. Death was due to paralysis. Mr. Thos. Brien made a business trip to Peterboro at the end of the week. Several from here attended the funeral of Mrs. McGinley of North Ops last week. Miss Leta Brien is visiting friends on the Scotch Line at present. MANILLA. (Special to The Post.) There will be a demonstration by the Quaker Oats Co. at Manilla, March, 13th, at 2.30 p.m. sharp, at the home of Mrs. Dr. McPhail. This demonstration will be held under the auspices of the Woman's Institute and will be of great educational value. Every member will be expected to be present and bring your friends. All ladies in the community are cordially invited.

MODERN ALCHEMIST CLAIMS SUCCESS

Ottawa, Ont., March 6. - Lucius Keogh, science master at Ottawa Collegiate Institute, and former Principal of Peterboro Separate School, on Saturday afternoon attempted and he claims successfully, the transmission of copper into iron. This is probably one of the oldest of scientific problems, hundreds of the best known savants having, after great research, pronounced it impossible, but Mr. Keogh, before a small but select gathering, demonstrated to his own satisfaction, and also to that of several laymen present, that he has at last mastered the secret. Mr. Keogh has been working on the idea for several years past, and alleges that he has discovered a certain solution that makes the more valuable metal into the baser. Rev. Father Brunet, of Ottawa University, who was one of the witnesses of the experiment, disputes Mr. Keogh's success. CAMERON. (Special to The Post.) Mr. and Mrs. Ingram have returned from Toronto, where they have been spending the winter. Mr. and Mrs. McLean entertained a number of their friends one evening lately. Mrs. Cooper, of Powles Corner and Mrs. Worsley, of Zion, are visiting Mr. Worsley's. Rev. J. B. Anderson is holding special meetings at the English Church here. Mr. W. BELLEVILLE MAN IN A MIX-UP

(From Wednesday's Post.) Last night shortly before nine o'clock a fight took place in the Grand Union hotel, in which a Belleville man named P. Green fared badly. He got mixed up with a rowdy element and one of the number named Campbell gave him a severe pummeling. Constable Short was called, and the names of those participating in the fracas were secured. The proprietor of the Grand Union has the reputation of running a first-class house. He is ill at present, however, and his condition is being taken advantage of by toughs who delight in displaying their pugilistic abilities.

Jottings From Busy Kirkfield

(Special to The Post.) Mr. and Mrs. Wm. Foster and family, of Balsover, moved into the house owned by Mr. Hugh Mackenzie, of Toronto, and will occupy the front part of it. We are glad to have them in our village. A bunch of our young people drove to Woodville last week to enjoy a skate on the latter's rink. One of getting her side badly hurt. We hope for a speedy recovery. Kirkfield hockey team drove to Cobocank last week on Saturday to play the winners of the game between Cobocank and Kimmount. However the latter did not appear. The winners were to be given a prize of \$10. Kirkfield and Cobocank played a game which ended in a score of 3-3. They will play off on our rink Wednesday night. This will no doubt be exciting.

Several of the other ladies will also take a part in the program. We expect Mr. O. Wakely to have our Vacuum cleaner at the meeting, and show us how to work it. A good attendance is hoped for, as we hope to have a very instructive and profitable meeting. Miss Stella Philp is spending a short time with her mother, Mrs. Philp. Mrs. Taylor, of Little Britain, spent Sunday with friends here, who were pleased to see her again in our village. Continued on page 5.

WORK BEING RUSHED ON GRAIN ROUTE GREAT ACTIVITY ALL ALONG THE LINE

The work on the new C. P. R. bridge at the Distillery Creek, is progressing as fast as possible and every effort is being made by the contractors, the Toronto Construction Company to have the piers placed on the east side of the river while the ice holds out. Already three out of the four are completed and the coffer dam for fourth is finished, ready for the concrete. The construction camp at this point is very interesting and has the appearance of a small town. The gravel used on all the construction work is being taken from Mr. Pat Murphy's pit on the Fenelon road, and is quite a long haul. MR. WILFORD'S CONTRACT Mr. F. R. Wilford, who has the contract for the stretch from Lindsay east a distance of eleven or twelve miles, is unloading his plant today and having it hauled to its destination. He intends starting work on his section at once.

SIR WILFRID LAURIER

"If my poor voice could be heard throughout the length and breadth of this country, and if, without any presumption, it could be heard also beyond the frontier, I would say to our American neighbors that flatter as it may be to their pride, the idea that the territory of the Republic should extend over the whole continent, from the waters of the Gulf of Mexico to the waters of the Arctic ocean, is an impractical dream! Remember that we Canadians were born under the same flag as were your ancestors, a flag under which, perhaps, they may have suffered some oppression, but which, to us has been, and is now more than ever, the emblem of freedom. Remember that if you have founded a nation upon a separation from the Motherland, we, Canadians have set our hearts upon building a nation without separation; that in the task we are already far advanced, with our institutions, with our national entity, as a people, and with everything that constitutes a nation, to whom we are just as devoted as you are to yours. Remember that the blood which flows in our veins is as good, just as good as your own and that if you are a proud people, though we have not your numbers, we are just as proud as you are, and that rather than part with our national existence we would part with our lives."-The Prime Minister in the House of Commons
