********** Our Post Card Art Gallery

The od world and the new compete with each other these days in the production of artistic post cards.

They are well worth seeing and there are new ones here to see at frequent intervals.

We try to keep our post card stock up-to the-minute and it is worth while to pick your post cards from a line of that kind.

Fenelon Falls

A special meeting of the Fenelon Falls branch on the Women's Institute was held in Dickson's Hall on Tuesday afternoon, Feb. 21st. There was a good attendance, several visitors also being present, including a number of members from the Pleasant Valley branch, Mrs. Dr. Gould, Presi dent, conducted the meeting, and in troduced Miss Goldie, of the Quaker Oats Co., Peterboro. Miss Goldie is a graduate of McDonald Institute, of Guelph, and gave an interesting talk on the subject of cereals, their nature composition and relative food vaiue, compared with other and more expensive foods. Of the cereals oats were shown to have the highest food value, the lecturer quoting Hutchinson, the author oi "Food and the Principles of Tietetics," who says, "Oats may be regarded as the most nutritious of all cereals. They are rich in nitrogenous matter and mineral substances, fat and starch. Of the total nitrogenous matter, 94 her cent is in the form of proteid and therefore available for tissue building."

The superiority of Quaker rolled oat in packages to that sold in bulk, or oatmeal, was shown to be chiefly, in the care exercised in selecting only the best of the grain and also in the preparation of the food, which is never touched by human hands in the process. Some people complain that cereals sold in packages are more expensive than those sold in bulk, but in everything else quality if paid for, why not also in food? In these days when sanitation commands so much attention, why not be sure of the purity and cleanliness oi one of the most important foods you use? Bookiets were distributed containing recipes for preparing Quaker Oats in various ways. A demonstration was also given by Miss Goldie.

A piano solo by Miss Lillian Corbett and a recitation by Miss Gladys Ingram were much appreciated. The meeting closed by singing the National Anthem. The next meeting will be held at Mrs. Walter Jordan's Friday April 28th.

Tne members of the Home Circle held a pleasant social evening at th home of Mr. and Mrs. A. Minthorne on Monday evening. Mr. P. C. Burgess officiated as Chairman. At the close of the programme refreshments were served, after which the members departed for their homes, having enjoyed a delightful evening.
