It dries with a good gloss and will stand scrubbing with soap and water. Comes in 26 attractive shades.

The S-W. Floorlac is another splendid household brightener. It is a stain and varnish combined and can be used on old or new woods equally well. Imitates the natural woods and gives a most pleasing effect.

Ottawa, March 27 .- The story emanating from Montreal, and printed in a Toronto paper to-day to the effect that Mr. R. L. Borden intends to resign the leadership of the Conservative party in the near future, has caused a considerable flurry in Conservative circles here to-night. It is significant that in a certain wing o the party the story was accepted as being quite probable, and a development that would not be hailed as catastrophe.

DISSATISFACTION EXISTED It is an open secret that there is enthusiasm for Mr. Border.'s leadership in Quebec, particularly among the moneyed interests of Montreal, which have never taken kindly to his Halifax platform o three years ago. In the west there is also a clamor for a new leader preferably Premier McBride ffl with Premier Roblin as a second choice. The anti-reciprocity stand of the Opposition leader had been very distasteful to the western followers and privately they do not hesitate to declare that it has practically meant political spicide for them.
