NOTICE All letters from Canada must be addressed to our Canadian Correspondence Department in Windsor, Ont. If you desire to see us personally call at our Medical Institute in Detroit as we see and treat no patients in our Windsor offices which are for Correspondence and Laboratory for Canadian business only. Address all letters as follows: DR. KENNEDY & KENNEDY, Windsor, Ont.

TWO C. P. R. TRAINS IN COLLISION

THREE KILLED AND FOUR INJURED

North Bay, March 26.—Overrunning orders was the cause of a head-on collision between two C. P. R. trains three miles east of Schreiber and 135 miles east of Fort William on Saturday morning about 6.30. The westbound Toronto train with Ontario settlers and effects from the vicinity of Markdale, had orders to meet the eastbound extra with empty passenger coaches at Bluejay four miles east of Schreiber but for some reason did not stop and one mile west of Bluejay met the eastbound train head-on with a frightful impact scattering the cars in splinters, hears along the track. The wreckage took fire and the flames added horror to the scene. The colored porter Smith in charge of the empty tourist coaches was pinned in the wreckage, and his body burned up. Brakeman S. T. Kimball and fireman Burgess were killed, while Engineer Ambrose was seriously injured. Harry Pulton, engineer, and MacChristy, fireman, also received injuries. Two farmers, named Page and Serson were in a freight car with their live stock and effects when the crash came. Fortunately their car rolled down the embankment, and thus escaped the flames. Some of their cattle were

Work of Horticultural Societies

By W. M. Robson

"This is, in itself, a delightful subject,—one that all of us are very intimately connected with, either by its sheer utility, for culinary purposes, or from an innate love of its adaptability to the pleasures of life. The holding of public meetings of this character is one of the requirements of all Societies that are subsidized by Government. Many of the larger and prosperous Societies in Ontario, extend (or include) in their work, assistance to their cities and municipal Councils, by way of looking after the beautification and sanitation of their respective cities or towns; often acting as Advisory Boards on public parks and school gardens, together with numerous other civic improvements. Such a work of practical patriotism must have a decided beneficial effect on the town, and its inhabitants by creating a love of the beautiful in the hearts and homes of the people. "For a thing of beauty is a joy forever," as well as an asset to the town.

Just for a moment let us consider the benefit of conditions and surroundings. As you know, sir, that whenever it is desirable to realize the highest ideal in the animal or vegetable kingdom, it is absolutely necessary to provide the best conditions, and environments to achieve this purpose. Therefore it ought to be one of the highest functions of municipalities to provide for the happiness and efficiency of the people, so as to inspire a love and loyalty for home and town, (so beautifully expressed by Sir Walter Scott in his "Love of Country"). There is at present sixty or more Horticultural Societies in the Province with a membership of over 10,000, receiving from the Provincial Government a grant of from \$8,000 to \$10,000 annually and this amount is distributed amongst the Societies according to membership. Probably the most prosperous Societies in Ontario are at Ottawa, Perth, Toronto, St. Catharines, Galt and London. These all have large grants and are doing a great work in return, by attending to civic improvements and endeavouring to remove all that is objectionable or unsightly, with the object of making surroundings in general more enjoyable. Many of the less influential or smaller Societies endeavour to create a spirit of emulation by offering prizes for the best kept lawns, for public competition, thus acting as an auxiliary in assisting the Council of their respective towns.

Voluntary work of this nature is surely worthy of support at all times from Government and people alike. The City of Ottawa's Society had added to their work a Children's Flower Guild, that has proved enjoyable and profitable to all connected with it, being under the patronage of His Excellency the Governor-General and Lady Grey; also many leading citizens and clergy. This branch is presided over by the President of the Provincial Horticultural Society, R. B. Whyte, of Ottawa.

This, Mr. Chairman, is a very brief summary of the work of the majority of the Societies in both Canada and the States are at the present time doing. Under such prevailing conditions, the Directors of the Lindsay Society feel it to be their duty to try and infuse new life, and more enthusiasm, by striving to get an additional membership, so that they might be in a better position to take a part in the necessary improvements of the town. To the lovers of fruit, flowers and general improvements, this would be a desirable fraternity to associate with, as you receive quite a percentage on the dollar invested in the following premiums: Literature, trees, shrubs, and flowers, or whatever is thought best to distribute by the Society.

If there should be any person here with a desire to become a member, Mr. F. Frampton, Sec., or Mr. E. Gregory, druggist, Kent-st., will be pleased to present them with a membership ticket, and any information needed. Hoping that this partial view of our status may meet with a practical response by increasing interest, and members, so that the Lindsay Society may rise to the occasion of taking part in the great regeneration of cities and towns, that is going on all over the civilized world, in order to keep Lindsay abreast of the times.

In conclusion I might add that an increased membership would not necessarily help the individual member, from a pecuniary standpoint, but would materially add to the efficiency of the Society, by a corresponding increased government grant. In the year 1908 the St. Catharines Horticultural Society received from the Government \$430. It pays a town to have a large membership.

DOMINION GOVERNMENT WILL BATTLE WITH THE TRUSTS TO A FINISH

Ottawa, March 23.—(Special).—For the first time in Canada the Dominion Government will cross swords with the trusts. It will be a fight to the finish, so far as the Government is concerned. It is the determined intention of the representatives of the Canadian people that the "trust evil," as it is known in the United States, shall not obtain any foothold in this Dominion.

In the Commons this afternoon Mr. McLearn, of Huron, drew the attention of the Government to the fact that the United Shoe Machine Corporation a Montreal branch of the United States concern, has applied to the courts for a writ of prohibition or injunction, to prevent the Board of Investigation appointed by the Government from proceeding with its enquiry into the corporation's methods.

Replying, Hon. Mackenzie King stated that the Chairman of the Board had notified the Government of the service of a writ upon him yesterday, and that argument was to be heard to-morrow morning before one of the Judges of the Superior Court in Montreal. The Minister of Labor had immediately appointed Mr. Aime Geoffrin, K.C., of Montreal, to act for the Government in opposing the application, and showing cause why it should not be granted.

The Globe understands that the Government has decided to make a thorough test of the present case. In the event of non-success in the pending hearing the case will be carried on to the highest courts if necessary. The Government is determined not to be frustrated at the inception of its combat with the trusts, and to demonstrate that such corporations cannot block official public proceedings for investigating themselves.

SLAYER OF SON SHOWS ODD STREAK

Goderich, Ont., March 24.—George Vanstone awaiting trial in the county jail here for the brutal murder of his six-year-old son is at the same time planning a visit to the North West upon his expected release. He will come up at the Spring Assizes here commencing April 11.

On a recent visit of Vanstone's wife to the jail he advised her to save all the money possible and they would go West immediately on his acquittal, of which he seems sure.

He has expressed the wish several times to leave the jail saying he must go to work and support his family, and has raged violently upon the refusal of his request.

Since Vanstone's incarceration last December a son has been added to his family and with it Mrs. Vanstone has paid numerous visits to the child's father in his cell. Nothing however can bring the man to a sense of the gravity of his position. He

greeted all visitors with a smiling welcome and usually acts as if all memory of the night of Dec. 15th, last, when he beat Freddie to death, were blotted from his mind.

The jail officials are of the opinion that the prisoner is not responsible for his actions.

MOTHER THRASHES HER BIG SON

The Kingston Standard says: A serio-comedy was enacted at the G. T.R. station recently in which a mother publicly chastised her son, a young man of about 22 years of age.

The son and a cousin had been boarding with the irate parent all winter without paying any board. They had decided to leave for Peterboro, without the knowledge of the landlady, and in order to pack up their belongings had sent her to a party. She returned however, before train time and seeing the young men's room in disorder, suspected what was up and hurried to the railway station. Here she found her son and generously trounced him. His companion seeing something coming his way skipped out and started to "longboot it" down the tracks. He was captured by P.C.'s Filsion and McCarey and brought back to the station.

The mother then explained the situation to the police and between them the young men scraped up \$20, which was a small portion of their board bill. They were then allowed to depart.

HAND LACERATED BY CIRCULAR SAW

Mr. Chas. Deyell, of Reaboro, had the misfortune to have his hand badly lacerated a few days ago.

He was engaged cutting wood with a circular saw on the farm of Mr. W. J. McNevin when the accident occurred. One of his fingers was almost amputated and Chas. did not realize the nature of the accident until his attention was drawn to it. Dr. Sutton of Omamee, dressed the wound.

WILL GET AFTER ERRING FARMERS

Kingston, Ont., March 23.—The dairy inspectors for Eastern Ontario will again make it hot for farmers who adulterate their milk and send it to the cheese factories. The Eastern Ontario Dairymen's Association has instructed the inspectors to stop the old practise at all costs. Last year there were a number of prosecutions, and farmers were heavily fined. All dairymen in this section will be urged to send in a better quality of raw material, so that the best possible cheese may be manufactured.

HAD TO SETTLE FOR THE BOOTS

Cannington Gleaser: He got the boots and Shier and Mullen got the cash. Saturday evening of last week, a young emigrant, by the name of John Campbell, who has been working for Mariposa farmers during the past two years, and who had been in the habit of purchasing his supplies from the well-known firm of Shier and Mullen, purchased a \$5.00 pair of shoes from Mr. J. J. Shier, stating that he had not enough money to pay for them but as he was working for Mr. G. Johnston, and had hired for a year he would be in town Tuesday evening and would pay for the shoes. Monday morning he hid himself, to the G.T.R. station at Cannington purchased a ticket for a point near Regina. Mr. Shier learning this, laid a complaint with Mr. W. A. Robinson, J.P., who telegraphed to Constable James McCully at Etakwater, to apprehend John Campbell and the boots. Constable McCully was away from home and in his stead Mr. John Grabazon interviewed the defrauder, who put up the price of the shoes and the costs.

Laid to Rest

The funeral of the late Miss Della May Magee took place this morning at 9.30 o'clock from the residence of her father, Mr. J. Magee, East Ops, and proceeded to the 10.48 train, interment taking place at Emily cemetery. A large concourse of sorrowing friends followed the remains to their last resting place. Impressive funeral services were conducted at the family residence by Rev. Mr. Balfour, of Quea-st. church.

ROBBER ATTACKS THREE MEN ONE OF THE TRIO MURDERED

Port Arthur, March 23.—(Special).—To get possession of three woodmen's time checks, a man, whose name is not yet known to the authorities held up a party of three woodmen, all Finlanders, on their way out from the Pigeon River Lumber Company's camp near Silver Mountain, killing one of them and very seriously wounding the others, using a revolver as a weapon.

The men were on the road leading from the camp to a railway, intending to take the train to Port Arthur when they were met by a stranger who offered to direct them by a short cut about his body. Leaving his convenient moment the stranger opened fire on the three, killing one and incapacitating the others. He took their time checks, which are of no value to him, because he cannot cash them. The revolver was not his only weapon. The murderer also used a hunting knife freely. One man has cuts about his body. Leaving his victims to their sufferings, the assailant made off. The two lay out, wounded and bleeding, beside the dead body of their comrade, all night, and to-day one managed to reach the railway and get the news sent to Silver Mountain whence it was forwarded to Prince Arthur.

Provincial Constable Simons left for the scene this afternoon, but will not in any case be able to get on the track of the fleeing murderer before to-morrow. The injured men are being cared for.

COURT DISMISSED APPEAL CASE

Shine vs Connolly—This action has had an unusual interest for horsemen. The plaintiff, who is a farmer living in the township of Ops lost his mare, owing, so he alleged, to injuries received from the defendants' stallion. The case was tried by His Honor Judge Harding at a special sitting of the County Court on the second day of February, and judgment was given in favor of the plaintiff for \$150.00 and costs. From this decision the defendant appealed to a divisional court of the High Court, and the appeal was yesterday argued at Osgoode Hall, Toronto. The court was unanimous in dismissing the appeal with costs. L. V. O'Connor for the plaintiff, G.H. Hopkins for the defendants.

PROPOSED GIFT TO HER MAJESTY

On the occasion of the Coronation of the Queen, it is proposed that the Maries of Canada shall unite with their namesakes throughout the British Empire in offering a gift to Her Majesty.

The Imperial Order of the Daughters of the Empire have been asked to collect for the gift in Ontario Contributions will be received from five cents to five dollars and may be given only by those who bear the name of Mary, May, Marie, Maria, or Marian. A list of contributors will be forwarded, but not the amount given.

The choice of the gift will be left entirely to the Queen. It is hoped that the Maries of Canada will appreciate the opportunity of showing their affectionate loyalty to Queen Mary.

The list must be closed by April 29. As the time is so short it would help the Committee if all who are interested would send in contributions, with names in full, as early as possible, to

MISS PLUMMER, Sylvan Tower, Toronto.

SHOOT HAREM SKIRT WEARERS

Kingston, Ont., March 23.—The much talked-of harem skirt has reached Kingston and although on exhibition in a leading dry goods store has not appeared on the street. Kingston girls take to it all right, but one is waiting for the other to make a start.

Rev. T. E. Burke, pastor of Brock-st. Methodist church, has no love for the new creation, and says that no woman should dress with one. In an address given before the congregation of Princess-st. Methodist Church Rev. Mr. Burke said he would shoot a girl if he saw her wearing a harem skirt.

MANILLA RESIDENT BREAKS HIS LEG

Manilla, March 25.—Friday morning Mr. Thos. H. Sonley had the misfortune to break his leg. It seems Mr. Sonley had a horse hitched to a stone boat and was proceeding thru the stable door the roller from which he had loaded on the boat got caught in the door and the horse became frightened and jumped forward crushing Mr. Sonley between the door frame and the stone boat, causing a compound fracture of the leg.

Although naturally suffering much pain Mr. Sonley is progressing favorably.

LADY MACKENZIE'S NEW RESIDENCE

Lady Mackenzie has already a large gang of men at work at her palatial summer residence at Kirkfield. Her latest move in the building line, however, was made this week, when a number of men set to work tearing down the old bake shop at the rear of the hotel, that for years was conducted by Mr. H. Campbell, but which was lately purchased by L. Macenzie who purposes turning the old hotel into a picturesque English inn, after the type of the old English inns.

THERESA SCHENK REPORTED DYING

(Special to the Post.)
CHICAGO, March, 27.—Mrs. Theresa Schenk, of Hamilton, Ontario, the woman held for the murder of her husband is reported to be dying. She has not eaten since the tragedy.

OMEMEE CITIZEN'S FINGER SEVERED

(Special to the Post)
Omeme, March 25.—On Friday morning while engaged in cutting wood Wm. Brown, Jr., met with a very painful accident. In some unaccountable way his hand came in contact with the sharp edge of the circular saw, with the result that the ends of the three middle fingers of the left hand were taken off. Medical assistance was at once secured, and the fingers were dressed.

RUSHING WORK ON GRAIN LINE

This morning a train of some twenty cars, with three engines attached, went out the Haliburton line, with material for the Toronto Construction Co. The cars will be unloaded near the Distillery Creek. The work on the grain line is being rushed with all possible speed. Many men are employed on the different sections.

"Dr. Miles' Nerveine Completely Cured Our Little Boy of Fits."

A family can suffer no greater affliction than to have a child subject to fits or epilepsy. Many a father or mother would give their all to restore such a child to health.

"I am heartily glad to tell you of our little boy who was completely cured of fits. He commenced having them at 10 years of age and had them for four years. I tried three doctors and one specialist but all of them said he could not be cured, but Dr. Miles' Restorative Nerveine and Dr. Miles' Nerve and Liver Pills made a complete cure. He is now hale, hearty and gay. It has been three years since he had the last spell. I shall give Dr. Miles' medicines praise wherever I go. You are at liberty to use this letter as you see fit and anyone writing to me I will gladly answer if they enclose stamp for reply."

F. M. BOGUE, Windfall, Ind.

Dr. Miles' Nerveine is just what it is represented to be—a medicine compounded especially for nervous diseases, such as fits, spasms, St. Vitus' dance, convulsions and epilepsy. These diseases frequently lead to insanity or cause weak minds. Dr. Miles' Nerveine has proven most effective in relieving these dreaded maladies.

Sold by all druggists. If the first bottle fails to benefit your money is returned.

MILES MEDICAL CO., Toronto, Can.
