A Medicine For Spring

Do Not Dose Purgatives—A Tonic is All People Need.

Not exactly sick—but not feeling quite well. That's the way most people feel in the spring. Easily tired, appetites variable, sometimes headaches and a feeling of depression. Perhaps pimples or eruptions appear, or there may be twinges of rheumatism or neuralgia. Any of these indicate that the blood is out of order, that the in-door life of winter has left its mark upon you and may easily develop into more serious trouble. Don't do yourself as many people foolishly do with purgatives in the hope that you can get your blood right. Purgatives gallop through the system and instead of giving strength, what you need in spring is a tonic medicine that will make new, rich blood, build up the weakened nerves, and thus give you new health and strength. Dr. Williams' Pink Pills is the only medicine that can do this speedily, safely and surely. Every dose of this medicine makes new, rich red blood, strengthens the appetite, cleans the skin, and makes tired, depressed men and women bright, active and strong. Mr. Harry Higgins, Ottawa, Ont., says: "I don't think there is anything equal to Dr. Williams' Pink Pills as a sure for nervousness, indigestion and a run-down condition of the blood. For some time I was a great sufferer from these troubles. I tried several remedies, but nothing helped me until I began taking Dr. Williams' Pink Pills. Before taking them I felt like an old man, but by the time I had taken five boxes my strength had returned, my appetite improved, my nerves were steady and I was feeling a great deal better."

If you need a medicine this spring that most people do—try Dr. Williams' Pink Pills and see how speedily they will make you feel like a new person. Sold by all the medicine dealers or by mail at 50 cents a box or six boxes for \$2.50, from The Dr. Williams' Medicine Co., Brockville, Ontario.

A Constant Puzzle.
There are two things which are a constant wonder to the average man, namely the woman with the high forehead.
"What are they?" queried the scanty-haired bachelor.
"One, in how the world got along before he came into it and the other is how it is going to get on after he leaves it," replied the wise woman.

OAKWOOD
(From Our Own Correspondent.)
We are sorry to learn that Mrs. George J. Coad, who has been ill for some time, is not recovering as rapidly as hoped for. Dr. Jeffers, of Lindsay, was called in consultation with Dr. Dale on Monday last. The latest report is that she is some better, and her many friends wish her a speedy recovery.

A large number attended the meeting held in the Methodist church on Tuesday afternoon by the temperance people of the township, for the purpose of providing the traveling public with accommodation. We hope there is anything equal to Dr. Williams' Pink Pills as a sure for nervousness, indigestion and a run-down condition of the blood. For some time I was a great sufferer from these troubles. I tried several remedies, but nothing helped me until I began taking Dr. Williams' Pink Pills. Before taking them I felt like an old man, but by the time I had taken five boxes my strength had returned, my appetite improved, my nerves were steady and I was feeling a great deal better."

son. Last July the Rev. C. H. Hainer, of Stouffville, pastor of the Christian church there for fifteen years, entered upon his pastorate of the Little Britain Christian church. This church at that time was in low condition, both numerically and spiritually, but under the faithful labors of the present pastor, the congregation began to improve, and the spiritual interest revived. No special meetings have been held, but a manifestation of God's power has been realized in the awakening of many precious souls to the great responsibilities of life, and over thirty have been converted and twenty-six have joined the church, nearly all heads of families. The Sabbath school is in good working order and is doing excellent work.
The Wednesday night prayer meetings are largely attended and of deep and spiritual character. It was in the prayer meetings that most of the conversions were realized. The choir, under the able leadership of Mr. J. Yeo, is doing good work. They give the song service of fifteen minutes every Sabbath evening at the opening of the evening service, that together with the able sermons of the pastor, which are both scriptural and spiritual, are attracting large congregations, both morning and evening.
The supper and bazaar, held in the I.O.O.F. hall, in aid of the Christian church, was a decided success. The proceeds amounted to over \$70. The concert, which was rendered in first-class style by home talent, was heartily enjoyed by all. At the close of the programme Mr. and Mrs. W. J. Yeo, as organist and choir leader of the Christian church, were presented with an address and well-merited purse. Both made a suitable reply.

Mrs. King has returned to Peterboro after spending a few days with friends in Dunsford.

All the successful mail order houses are heavy advertisers, and if they make it pay why not the local merchant.

Randal-Switzer Hockey Trial
Continued from page 1.
I did not say, "Watch me get that centre." I was at the penalty box, and Cote and I were talking, and when we skated off as the bell rang for play I said, "Watch me go." There was a scrimmage on the east end and Switzer got the puck and I met him and my stick went under his and I body checked him, and he went into the boards. I took possession of the puck and skated around. I did not stop and look back before I got the puck. The bell rang and I was skating away and I turned around and seen Hancock with Switzer and I skated up and Hancock said "You go off," and I said, "I did not do it," and some person said I did, and then I said "I did not mean to do it."
Cross-examined by Mr. Finlayson, he said—"I have a bad temper, but control it, and was only ruled off twice this season in playing hockey. I think we would have won if we got a square deal. I was not excited and never said anything to any person in the south-west corner of the rink. I was there to play a good, fast season game. I do not know how far Switzer carried the puck before I met him. When I raised up his stick with mine it may have struck him in the face. I did not strike him deliberately. I never made threats."
This ended the evidence, and the lawyers addressed the Magistrate, summing up the evidence and commenting on the same for about an hour.
Magistrate Jackson then adjourned court until Tuesday, April 7th, at 9.30 o'clock, when he will render his decision.

Ald. Dobson Explains.
Evening Post of April 3
Ald. Dobson wishes us to make a correction in Council report in last evening's Post with regard to Mr. Sheridan's home, of the roller rink. He wished to express himself as in favor of high license for the rink, and he was made to say, "The proprietor must make more than the tavern keepers who he said made \$450 a month," whereas he says he did say "tavern keepers may make \$25 a week and the Sheridan, made more, and they pay \$450 a month, so he thought Mr. Sheridan should pay \$250."
