### What Socialism Would Accomplish

Extract from "Modern Socialism" by Rev. Chas. Vail.

Every man is at present constituted, however every hard varied temptations to evil. Many a man is a criminal not from choice, but from force of circumstances. It is not natural causes which produce individual wealth and individual poverty. The social philosophers have gone deep enough into the cause of present conditions; much of the cause, the vanity of to-day, is due to the laws, methods and institutions of modern society. That which life tempts one to be unfaithful, one will do. All forms of anomalous transactions are filled with deception, the ability to drive a bargain is the ability to make things different from what they really are.

Spencer informs us that the law of the animal creation is "eat or be eaten," so of the trading community it may be said the motto is "cheat or be cheated." The practice of "business" for non-success in the eyes of the clerks to practice the art of dishonesties and resort to every method to effect a sale. Competition has resulted in various forms of "business tricks"; in fact, as Bright once said, "Adulteration is the name for competition."

## The Shadow Of the Tomb

**Mrs. Thos. Fox.**  
Evening Post of April 4.

The death of Mrs. Fox, mother of Mr. S. Fox, M. P. P., occurred this morning. The news was received with regret by a large circle of friends, both in the town and country. Mrs. Fox had been ill for some time. We will at a later date give a more extended and complete obituary.

**Mrs. W. A. Staunton**  
The funeral of the late Margaret Hussey, wife of Mr. W. A. Staunton, of Peterboro, took place on Saturday afternoon. At St. John's church a short service was held, after which interment took place at Little Lake cemetery. The Woman's Auxiliary of St. John's church attended the funeral in a body. The deceased lady leaves six sons and four daughters to mourn her demise, viz.: Thomas, of Orillia; William, of Port Arthur; Wilfrid, of Santa Barbara, Cal.; Clarence, of St. Paul, Min.; Harvey and Ernest, of Peterboro. The daughters are Mrs. T. W. Woods, of Orillia; Margaret, Sadie and Maud at home, also an adopted daughter, Florence. The pall bearers were her five sons, Thomas, William, Clarence, Ernest, Harvey and Mr. T. W. Wood. Her son, Wilfrid, of Santa Barbara, did not arrive in time for the funeral, owing to receiving the telegram late. The family have the sympathy of many friends.

**John Kennedy, Lindsay.**  
Evening Post of April 7.

The public in general received a severe shock Saturday morning last when it was learned that one of our most highly esteemed and valued citizens, in the person of Mr. John Kennedy, had suddenly expired. Mr. Kennedy had been suffering, for some time from a cold following an attack of la grippe, but was apparently recovering his wonted vigor, and not even the members of his family had the faintest idea that there might be any serious results. Heart failure appears to have been the immediate cause of his demise. A man of the keenest intellect, possessed of the soundest judgment and business capacity, strictly honorable and honest, straightforward, kindly and charitable, truly may it be said that the country and more especially our town can ill afford to lose a citizen of the type of Mr. Kennedy.

The deceased was born in the Parish of Bortlesleigh, county of Tipperary, Ireland, on the third day of June, 1835. When seventeen years of age he came to Canada and entered the employ of Messrs. Brown & Hart, Kingston, Ontario, then one of the leading wholesale and retail business firms of the Province. In the year 1857 he removed to Lindsay and commenced business for himself. For a short time he conducted a general store, but later and until the year 1898 he confined his attention to the dry goods business. In the latter year he retired from active mercantile life, and since that time has carried on a financial and insurance office.

Though a man of modest and unassuming demeanor, Mr. Kennedy has filled many offices and positions of honor in the gift of the people. He was treasurer of the township of Ops for thirty-four years, president of the Board of Trade, and for many years a member of the Separate School Board and the Board of Education, holding the latter office as an appointee of the Town Council. On several occasions efforts were made to induce him to offer himself as a candidate for the mayoralty.

Seven children survive Mr. Kennedy. These are Reverend Father Joseph Kennedy, C. S. B. of Assumption College, Sandwich, John, of Chitico, Matthew of St. Louis, Philip of Battle Creek, Mich., Peter of Lindsay, and the Misses Mary and Nora of Lindsay. He also leaves surviving three sisters, Reverend Mother DeFazio, of St. Joseph's Convent, Toronto, Mrs. Loughlin, of Warkworth and Mrs. Clune, of Warkworth.

A large number of sorrowing relatives and friends accompanied the remains this morning to St. Mary's church, where solemn high mass was sung by Ven. Arch. Casey, assisted by Rev. Father Murray, C. S. B., Toronto, as deacon, Rev. Father Staunton, of Garfion, as sub-deacon, and Rev. Father Collins as Master of Ceremonies, and thence proceeded to the Roman Catholic cemetery. At the conclusion of mass Ven. Arch. Casey spoke very eloquently and very fearfully of the deceased. The pall bearers were Hon. Senator McHugh, J. R. McNeillie, Thos. Brady, J. D. Flavell, R. Kyle and Thos. Stewart.

**Hard Sentiment.**  
When the new trolley line first ran through the little town it was regarded with mingled pride, admiration and fear, for many of the townspeople stood in awe of the mysterious powers of the electric current.

"Would I get a shock if I put my foot on that rail?" queried a nervous old lady, after hovering on one side of the road, not quite daring to attempt the dangerous crossing.

"No, madam," answered the polite conductor, "not unless you put your other foot on the trolley wire."

## Who Gave the Indian Liquor?

### Magistrate Jackson Struggles With Question for 4 Long Hours.

Evening Post of April 6.

Daniel Grant, Mark Hicks, Albert McFee, and William Wymart, all of Mariposa in the vicinity of Oakwood, were charged this morning before His Worship, Police Magistrate Jackson, with having on the 7th day of February last, unlawfully supplied liquor to Jeremiah Shilling, an Indian. Police Magistrate Jackson and the lawyers had to adjourn to the hospital for the purpose of taking the evidence of Shilling. Shilling's evidence was that he came down here on the day of the funeral of the late Mrs. James Thorndyke of Oakwood, and while here, he met the accused at the Grand Trunk Station. He further says that some one of the accused, which one, he does not know for sure, gave him a drink of liquor out of a bottle. He swore further that on the train between Lindsay and Mariposa Station that Grant gave him another drink of liquor.

Shilling is in a very bad shape by reason of the drinking bout. He on this occasion fell on a cold winter's night and froze his hands and one foot severely, necessitating the amputation of his fingers and part of his foot. The case is being continued this afternoon. Mr. A. M. Fulton is appearing for the Indian Department, Mr. Stewart for Grant and Hicks, and Mr. Weldon for McFee and Wymart.

Yesterday afternoon, shortly after 3 o'clock, a bustle fell on a full court, as the first witness, Herb Tinney, was called in the case of the Crown against Hicks, Grant, McFee and Wymart. Mr. Tinney's evidence bore chiefly on where he had seen the Indian, whether he was in the company of the accused and the condition the Indian Shilling appeared to be in. He thought the Indians was the worse of liquor before he left town.

Mr. Brady, the next chief Crown witness, gave evidence as to what occurred on the train, but could state nothing definitely as to the Indian's condition.

Mr. Milloy, G.T.P. agent, also called, testified that the Indian appeared drunk when he got off at Mariposa. It was proven that no liquor had been given to the Indian on the street here in town, nor any at the station. Both Tinney and Brady saw Grant go into the closet on the train, and the Indian follow, but knew nothing further.

The case, after being reviewed, was referred to Magistrate Jackson. He, on the ground that the evidence of the Indian had been so completely contradicted, and so little, in fact, no evidence had been given against Hicks.

In the case against Grant, the three men, Hicks, McFee and Wymart, all gave evidence in favor of Grant, and Grant himself swore positively that he never gave the Indian liquor. Practically no evidence was brought against Grant, and the whole case seemed exceedingly weak.

Mr. Jackson, P.M., in a few words, showed the main points of it, and because the evidence had been so contradictory, and no one to corroborate the Indian's evidence, he discharged the case against Grant. The case occupied the time of the court continually from 3 until 7:30 p.m.

**Quebec Battle-Fields Association**

The National Battle-Fields Association, of which the Mayor of Quebec is chairman, and Sir George A. Drummond, Hon. Adolard Turgeon, Col. G. T. Denison and Byron E. Walker, directors, and J. M. Courtney, hon-treasurer, have authorized the Bank of Montreal to receive subscriptions for this patriotic fund.

His Excellency, the Governor General makes an appeal to all citizens of the Dominion to assist in celebrating the Champlain ter-centenary, by securing for national possession the sacred ground of the battlefields of the plains of Abraham and St. Foye, where the foundation of the Empire of Great Britain were laid.

Any sum will be gratefully received, and the name of every giver will be inscribed on the records of the Archives Department at Ottawa. Subscriptions may be paid in to the Bank of Montreal, Lindsay, where a subscription list is on file.

# MAMMOTH SHOE SALE.

During the past winter a western manufacturer made up a quantity of staple lines of Spring Footwear in order to keep his factory running. A couple of weeks ago through financial conditions he was forced to sell the entire stock en bloc.

Our spring goods had all been bought but his offer to us was so tempting that we bought the entire stock of 10,000 pairs. We were enabled to do this through the outlet we have in our eight stores, but it means that we have to sell 10,000 pairs of shoes more than we anticipated. There was only one course open for us, that to put the whole stock out at quick selling prices and to tell the people about it.

Now you can't afford not to buy these shoes, because we can recommend them to be reliable and the prices in many cases do not represent even the regular wholesale cost.

Read these descriptions, and remember we can back them up with the goods.

## A. Brooks, Versus Lindsay Town Mariposa Township Water Is Good

Important Drain Case Decided by His Honor Judge Harding.

In 1904 Abraham Brooks and others petitioned the Council for a municipal drain and the matter was referred to the township engineer, who made three reports, but nothing was done, and in 1907 after \$340 preliminary expenses had been incurred, some of the petitioners withdrew, and the township abandoned the matter and proceeded to assess the costs on the original petitioners, charged Mr. Brooks with \$82.36 as his share, and placed the amount on the collector's roll. Mr. Brooks wanted the drain proceeded with, and decidedly objected to paying \$82.36 for nothing. The township threatened to distrain Mr. Brooks and sue the township to recover the amount.

The evidence at the trial showed the lamentable state of affairs, everything having been done in an irregular, improper way. The learned judge, without considering the objections, and consequently no jurisdiction, and consequently no costs could have been properly incurred, and gave judgment in favor of Mr. Brooks for \$86.39 and costs, and the question now arises will the township have to repay the others, who paid the balance of the \$340 of expenses, and we understand that in addition to this, Mr. Brooks intends to sue the township for damages for flooding his land unless the drain is proceeded with. The net result so far is that \$340 has been absolutely thrown away, and the probability of an expensive law suit is sight. Mr. G. H. Hopkins, K.C., appeared for Mr. Brooks, and Mr. Thomas Stewart for the township.

**Teaching the Orientals.**  
Vancouver, March 27.—A necessity which has arisen out of the Oriental situation here is an Oriental class at one of the schools under the City Board. It was an unintelligible murmur that swept over the Asiatic class on Tuesday when the members assembled in the special room provided for them. Till then the occupants had been Chinese and Japanese only; the murmur arose when the class was increased by the addition of four stalwart Hindus. The Hindus were all over twenty years of age, and they succeeded in making the teacher understand that they had recently arrived from the Punjab. One of the four could speak a fair amount of English, and he said he wanted to learn more, so as to benefit his countrymen. The other three had mastered the words necessary for tense descriptions of their situation. They could say "money" and "no work."

The Hindu who professed himself desirous of enlightening his fellow-countrymen did not appear when the school opened on the following morning. The other three have been diligent in attendance.
