MINDEN

(Special to The Post.)

Mr. H. G. Kingstone was a visitor in Toronto this week and returned home on Saturday. Messrs. H. Newton and G. Leon Mark of Dorset, were visitors here Thursday in attendance at the meeting of the license commissioners. Miss Wilson, of Brougham, spent a few days here on her way to teach the Minden Hill school. Mr. Wm. Barry returned a few days ago, after a pleasant visit with Mr. Absalom Gibson, of Perth, who went with him to Ottawa. Mr. J. R. Erskine, of Haliburton, was a visitor here this week on business. Mr. E. C. Young is making improvements to his house by moving the kitchen from the end to the back of the house and placing the woodshed to the east of the kitchen. This will allow a verandah around the front and east of the kitchen which we understand will be erected. Mr. D. McElroy and his daughter, Miss May McElroy, of Dorset, were visitors here this week. Miss McElroy remained here while her father went on to Lindsay to attend the funeral of Rev. Father Collins. The monthly meeting of the Women's Institute was not a success this month as the evening was so stormy there was not a very large crowd. What may be a very serious accident occurred on Friday in Lutterworth township when Mr. John Hulbig was leaving the sugar bush with a load the horses took fright and Mr. Hulbig was thrown. Dr. Bowen was called at once, and Mr. Hulbig was found unconscious. At the time of writing we do not know how serious the accident may prove, but his many friends hope for his speedy recovery. Emanuel Minaker, fourth son of Mr. and Mrs. Wm. Minaker, of Ingoldsby, met with a very painful accident last

week. The little fellow in some way got his finger jammed between a log and pole and before he could get his hand away the finger was jammed so badly that the services of Dr. Bowen were required to dress the wound. At present he is doing as well as can be expected, but has lost part of one finger. A large circle of friends will regret to hear of the death of Abner Baker, of Ingoldsby, on Monday morning, April 19th, 1909, at the advanced age of 85 years, 1 month and 2 days. He was predeceased by his wife, who nearly seven years ago was thrown from a carriage and died shortly afterwards with concussion of the brain. Out of a family of seven sons and daughters, he is now survived by three sons and one daughter. The sons are George A. Baker, of Neepawa, Man., Stanley I. Baker, formerly of Ingoldsby, but who moved to Neepawa a month ago, and R. H. Baker, daughter is Mrs. Ian B. Puffer, now of Ingoldsby, but formerly of Lindsay. The funeral took place on Wednesday and was conducted by Rev. E. W. Rowland of Minden, and was in charge of the Loyal Orange Association, of which deceased was an honorary member at the time of his death. Six royal scarletmen as pallbearers carried all that was mortal of their late companion and brother to the place of interment, the family plot at the Ingoldsby cemetery. Another old settler passed away in Minden township on April 24th in the person of Mr. John Prentice, sr. For some months past Mr. Prentice has been ailing with paralysis. He suffered one attack on Tuesday and since that time he suffered very much until his death on Saturday. He leaves a sorrowing wife, six sons and two daughters. His family was all present at his death bed, some of them coming a long distance. One son, Lee, came all the way from

Ashland, Wis., and another son, Alex. came from Brandon, Man. The funeral took place on Sunday and was conducted by Rev. E. W. Rowland. Mr. Thos. Best, of Minden township, died in a chair of heart trouble while he was eating his supper on Saturday, April 24th.

BURY'S GREEN

(Special to The Post.)

Great quantities of rain have fallen during the week here and hard frosts at night have rendered operations upon the land almost impossible. A few farmers have sown a little, but the majority are otherwise engaged. Mr. Geo. Grandsen has finished building a driving shed in which to stow his implements. Miss Sheehy has been engaged to spend the summer with Mrs. John Golden. The reorganization of Eden school took place on Thursday evening of last week. Mr. Norman Pogue is busy framing a barn for Mr. Norman Pogue. Mr. Brodie, of Stouffville, shipped a car load of cattle and sheep to Fell's station last week. They were then unloaded and driven to Mr. Brodie's ranch in Somerville where they will be pastured all summer.

NORLAND

(Special to The Post)

Messrs. William Fee and J. H. Thompson, of Lindsay, passed through the village scaling logs for John Carew, one day last week. Mr. Wm. Reed, of Digby, passed through the village last week. Mr. E. Abernethy has moved his family into Dr. Martin's old house, where he intends to live this summer. Mr. Sam Bryant is erecting a fine large two storey building for his blacksmith and undertaking shops. He is putting on galvanized grey rock siding. We wish Mr. Bryant much success in his new building. The remains of Mrs. William Holiday, of Head Lake, were interred in the Pine Grove cemetery last Wednesday, April 21st. The sorrowing friends have the sincere sympathy of Norland friends in their sad bereavement. Mr. Wm. Alair has the contract for building the new stone piers of the Somerville and Laxton bridge.

MILLERSMITH-NORTH EMILY

(Special to The Post.)

Quite a number of farmers have commenced seeding. Mr. George Kennedy, west ward, spent Sunday with his brother in Omeme. Miss Eda Kennedy, Lindsay, is visiting her brother, Mr. Lowery Kennedy. Mr. Will Gerty recently purchased a fine young horse from Mr. McConnell. A number from this community attended service at Dunsford Sunday night, and listened to an interesting discourse by Dr. Campbell. The quarterly sacramental service will be held at Dunsford next Sunday afternoon at 2 o'clock. Eden Valley was well represented in church last Sunday morning. The following is the report of our school for April. Miss Nellie Meehan, teacher: Fourth class, Total 600—Mansel Ashmore 486, Fred Parker 469, Maggie Meehan 435. Literature—M. MANILLA

(Special to The Post)

The picnic season opened here on Saturday evening, April 17th. Although it is very early for such festivities and the weather still slightly chilly, a small party of young men gathered around a soap box in front of the shoe store late Saturday evening and devoured a box of sardines and judging from the noise they made that must have had a big time. Miss Rayner and E. Coad, of Oakwood, spent Sunday in Manilla. Mr. P. Conquerood and Mr. Stirling Newton gave our village a business call on Monday last. Mr. Harold Hogg and Bert Prouse of Oakwood, gave our village a call on Sunday evening last.

Mr. T. McLaughlin, of Port Perry, is again making his weekly calls looking after the new fruit.

MINER'S BAY

(Special to The Post.)

We are glad to see some neighbors coming in. Mr. J. W. Bretherson, wife and family, of six children, have moved from Eldon, and settled near Miner's Bay. Our minister, Rev. Mr. France, came to the Bay on Saturday and preached on Sunday afternoon, and walked to Kinmount, a distance of ten miles, in time to preach there in the evening. What would some of the city ministers think of that? Sugar making is about over for the season. It has not been a good year.

POWLES CORNERS

(Special to The Post)

A small but appreciative congregation listened to Rev. Mr. Cragg's sermon on "Progressive Discipleship" on Sunday last. Mr. Cragg's discourse, was as usual, full of helpful suggestions and made a lasting impression on his hearers. In two weeks the sacrament of the Lord's Supper will be observed. Miss Flossie Moore, president of the Epworth league, is visiting with friends in the vicinity of Lindsay. Mr. and Mrs. Robt. Cochran, of Fenelon Falls, visited friends here on Sunday last. The weekly meeting of the local Epworth League workers was conducted last week by Mr. S. Moore, acting vice president of the local department. Two topics, "The Wicket Gate" and "How we may Observe the Lord's Day," were taken up. Papers were read by Misses Stella Lamb, Hazel Powles, Leta Cooper, Myrtle Powles, and Mr. Sam Moore. Miss Clara Wilson is at present visiting with Fenelon Falls friends. Mr. and Mrs. G. M. Littleton, of Fenelon Falls, attended devotional services in Victoria church on last Sabbath. Synonymous with the arrival of spring, the Russian Jew, with his "any rags, any bones, any bottles" has made his appearance. Mr. S. Rutherford is erecting a new building for Mr. Stoddale. Complaints are being made by some because some younger element of our population have acquired a habit of running around people's houses and it is said, peeping in through windows. However, as we believe our boys are too honorable to do the latter we conclude that they are practicing for some future Marathon. The recent frosts have caused some anxiety as to the eventual existence of fall wheat and clover. As yet, we believe the crops, although slightly injured, will prove a success. A few farmers have commenced operations on the land. Some have considerable quantities of peas, oats and other grain sown. The majority, however, are waiting for more congenial weather.

KIRKFIELD

(Special to The Post)

Mr. W. A. Graham was in Lindsay Thursday and Friday of last week. Mr. Wm. MacKenzie, of Toronto, brought out a party in his private car on Wednesday of last week. Miss May MacDonald, of Lindsay, spent a few days with her aunt, Mrs. Mitchell. Mr. Alex. McKenzie, of Toronto, was in town Friday attending the funeral of the late Alexander Clifford. On Friday the funeral of the late Alexander Clifford, of Cobocook, took place at Lakeview cemetery. Mr. Clifford was formerly a resident of Kirkfield. The sympathy of the community is extended to the bereaved family. Bricklayers have been busy the past week bricking the residence of Mr. J. Rusland. Mr. Rusland's house is now one of the finest in our village. Another improvement to our town is the new front put in Mr. D. J. McEharen's store. The store has also been widened and altogether the premises are greatly improved. Many of our citizens read with interest the newspaper accounts of the address given by Mr. S. Truman at the educational association's meeting in Toronto. Mr. Truman spoke against compulsory military training in rural schools, and supported his position by a very masterly argument. Mr. M. B. Connor spent Sunday with relatives in Little Britain. Mrs. Connor returned with her son here on Monday. Mr. M. Stewart and Mr. R. McKay spent Sunday in Balsover.

—When you go shopping, don't simply say, "A pound of tea," because you can secure better tea, more delicious tea, if you only ask for "Salada."

CAMBRAY

(Special to The Post.)

The Cambray branch of the Women's Institute will meet at the house of Mrs. Wm. Webster, on Wednesday, May 5, at half past two o'clock. All the members are requested to be present at this meeting, as it is the annual business meeting.

LORNEVILLE

(Special to The Post.)

The Lorneville branch of the Women's Institute will hold their meetings on the 1st Thursday of each month instead of the 1st Wednesday. The subject for the next meeting is "Gardening," which will be taken by the president, Miss Lillie Ward. We extend the ladies a cordial invitation to attend those meetings. Miss Lillie Ward, pres., Mrs. T. J. Newman, sec.

UPHILL

(Special to The Post.)

Mr. S. Stewart's sale was very largely attended, and was in every respect quite satisfactory. There were six of his prize winning Angus cattle, including an imported cow and bull, that were sold to Mr. Bowman, of Guelph, for \$1,350. Mr. Stewart has left for Winnipeg, where he intends conducting a real estate business. We are sorry to part with him, and he was equally sorry at leaving Uphill. Mr. Joseph McCoughley, of this place has purchased the Longford Lumber Co's depot farm here, which was lately occupied by Mr. S. Stewart. This farm consists of 360 acres of land, and is easily the best equipped farm in the north country. Every thing in the shape of buildings are there, including hay scales and blacksmith shop. This would be a fine chance for a good industrious blacksmith. The weather is very backward, no seeding at the time of writing that I know of, Feed, which appeared plentiful a month ago, is getting pretty well used up, and I opine there won't be much left over. School Inspector Stevens paid this place a business visit last week. Our two winter clubs, the Jolly Boys and Free Lunch, are ended for the season. Both held their last meeting a few nights before Mr. S. Stewart's departure, and in his honour, he being a liberal contributor towards the support of each of them. It is reported there was a jolly good time. Taffy pulls are the order of the day, or rather of the night.

PLEASANT POINT

(Special to The Post)

We are having a rather backward spring which is keeping farmers off the fields, but several people have commenced seeding already. Mr. S. J. Playfair has commenced working on Mr. M. Sisson's new cottage at the point. Most of the fall wheat and clover is turning out well this spring. Housecleaning seems to be the order of the day among the women folks.

FENELON FALLS

(Special to The Post)

Mr. Alex. Lord has accepted a position in the school here, taking the place left vacant by the resignation of Miss McKee. It was erroneously stated in last week's issue of The Post that Mr. Lord had left for Edmonton, his intention being to leave on Thursday for a point near that city to take charge of a school, but a vacancy occurring in the school here the position was offered and promptly accepted, Mr. Lord being of the opinion that "there's no place like home." A couple of errors occurred in the report of the presentation to Mr. Findlay McDougall in the Evening Post of Wednesday 21st inst., also in The Weekly Post, no doubt owing to the rush incident to getting out a live daily like The Post. The first error is the date, which should have been April 19th instead of April 10th. The second is an omission at the close of the address, where the name R. Sutherland is omitted before the word clerk. Mr. Milne Hamilton's fast motor boat, The Scalded Cat, made her first trip this season on Monday making the run from Rosedale to the Falls in nineteen minutes. Mrs. Geo. Rutherford of Rosseau, is visiting relatives in town. Mr. Arthur Nevison left on Monday for Kenora. Mrs. Tompkins, of Cambray, is visiting her sister, Mrs. Dr. Gould. Miss Nellie Heard and Miss V. Porter, who have been visiting relatives in town, left on Saturday for Toronto. Mr. W. R. McDonald and Mrs. McDonald, who recently returned from their honeymoon trip to Bermuda passed through Fenelon Falls on last

Monday on their way to Rosedale, where they have taken a cottage for the summer. Mrs. Geo. Wilson left on Tuesday for Haliburton, where her two brothers, Messrs. Wm. and George Hancock were seriously injured by an explosion on Saturday, 24th inst, an account of which occurred in the Evening Post of Monday.

OAKWOOD

(Special to The Post)

The Women's Institute held their annual meeting on Wednesday afternoon last. On account of the inclement weather the meeting was not as largely attended as usual. After the opening exercises a very interesting paper was read by Mrs. Pev. Elliott and another given by Mrs. V. Richardson, followed by the question drawer and discussion. Mrs. G. A. Washington then gave a splendid paper on Dalhia culture which was greatly enjoyed. At the close of the programme the ladies were treated to candy by Mrs. Cameron. We regret to learn that Miss Margaret Webster is on the sick list and hope for her speedy recovery. Quarterly communion service will be held in the Methodist church on Sunday, May 2nd at 10.30 a.m. The pastor will conduct the service. The novelty and dog show company have left our village for Sunderland. Miss Pearl Prouse was the winner of the silver set as being the most popular young lady in the village, having over 10,000 votes. Miss Pearl Coad came second, with over 9,000. Miss Ethel Prouse won the smaller silver set donated by the same company, for being the best looking young lady in the hall on Friday evening. Misses Pearl and Ethel Prouse are the twin daughters of Mr. and Mrs. Prouse, and are well-known throughout our vicinity.

WOODVILLE

We are sorry to hear of Mr. Duncan Jamieson's illness last week. A slight paralytic stroke, we understand. He is somewhat improved. Mr. C. Whetter had a runaway on Tuesday. He had his team tied near W. Tretheway's shop and the windmill was set in motion, which frightened the horses, but fortunately no damage was done. —Mr. J. E. The young people of the village are preparing a play entitled, "Scenes at a Union Station," proceeds in aid of the citizens band. Everybody come and enjoy a pleasant evening. Quarterly services in the Methodist church on Sunday at half past ten in the morning. A large congregation was in attendance at the service in the Methodist church on Sunday evening last to hear the report from Mr. C. E. Weeks, their delegate to the Laymen's Missionary convention. They listened with rapt attention to one of the best addresses ever given in Woodville. Mr. Weeks' interpretation of the congress as an epoch marking event prophetic of the coming of the coming of the Kingdom of Christ to the world in fuller development of the church and in enlarged border among the heathen nations. Dr. Bowerman, dentist, will be at the Queen's hotel, Woodville, on Friday, May 7th.

GLENARM

(Special to The Post)

The farmers have started spring work around here once more. Mr. Tom Thornbury is going to work on the Rosedale locks on the 1st of May. He will be much missed around here. Mr. Fred Ferguson and Mr. G. McPadyen went to Beaverton last Saturday. Mr. Lindsay, from London, filled the pulpit last Sunday in Glenarm church. Benny Jackson has finished sawing lumber in Archie McMillen's bush. Mr. John Campbell has started to draw cream for Mr. Newman this week.

SCOTCH LINE-SOUTH VERULAM

(Special to The Post.)

This weather is unpleasant, being cold and wet, so the spring work is being delayed, but the farmer, being a creature subjected to such conditions is immune to their influence. He meets all obstacles with a kind, genuine determination to succeed, knowing that all is well to Him that doeth well. Mr. Thos. Kennedy is erecting a summer kitchen. Mr. Hughes, of Lindsay, took the service at the Baptist church Sunday evening. Subject, "The world's greatest tragedy." By way of introduction he very touchingly referred to the obedience of Abraham in his being willing to offer Isaac as a sacrifice. Mrs. Jno. Robertson is suffering from inflammatory rheumatism. The water in Emily creek is exceedingly high this spring, due to the recent rains. In a few days the fish will be up and in the shallow warm water will deposit their spawn and then retire to deeper water to enjoy the full glory of their watery life, feeling they had done their duty —increased their kind—but alas, the stop logs are lifted and in one day the death is greater than it would be in twenty years by the residents of this locality taking a few, for table use, each spring. —Mr. J. E. Bailey, of Cambray, who returned from Northern Manitoba a few months ago, has enrolled as a full course pupil in Mr. Paton's school of railway telegraphy in this town. —Kingston Collegiate will have a new \$4,000 gymnasium.
