haste on horseback for his father, who quickly came and immediately telephoned for Dr. Ray, of Cambray and also for some of the near neighbors, who soon arrived, but all to no avail, as nothing could be done to save her life. She lingered for about three hours, her daughter Lois was sent for and reached home some time before her death, but the poor woman never spoke and was unconscious from the time they found her. The second daughter, Mamie, who has been attending business college in Toronto, was not informed of the sad event till Sunday afternoon, and she along with other relatives arrived home on Monday.

The funeral service on Tuesday was conducted by Rev. Mr. Tonkin, of Cambray, and was very largely attended.

General sorrow is felt at her death as she was very highly esteemed and respected, and by her social manner endeared herself to a host of friends. Physically she was of a strong constitution, and her very sudden death comes as a great shock to her many friends.

Among the floral wreaths was a beautiful one from the members of Islay branch of Women's Institute, of which she was an active helpful member, and where she will be much missed.

Deceased was fifty years of age. Her maiden name was Miss Addie Smith. She had been a resident of Islay for seventeen years. She was the only daughter in a family of ten, having nine brothers, seven of whom bore her to her last resting place.

The deepest sympathy of the entire community is extended to the sorrowing husband and family in their sad bereavement. Human consolations are but weak in such a time, as this and it is hard to understand why a life so full of promise should be cut off almost in its prime but we should humbly submit to what we cannot understand and let us not forget that it is a hand of love who sends our griefs and sorrows as well as our joys, and we rejoice to know that our loss is her great gain.

"In that great cloister's stillness and seclusion,
By guardian angels led,
Safe from temptation, safe from sin's pollution,
She lives, whom we call dead."

Reckless Youth Shoots Himself

Ottawa, March 28.—Eugene Bordeleau, aged 19, living on Cumberland street, died at the Water street Hospital at six o'clock yesterday afternoon, an hour after accidentally shooting himself through the head with a 22-calibre revolver. The fatality was of the "didn't know it was loaded" sort. Bordeleau, who was playing with some children, exhibited the revolver to them, and said, "Now, I'll show you how to shoot," pointed the weapon to his head and pulled the trigger. The young man's parents, with whom he lived, were in Montreal on a visit.

JANETVILLE

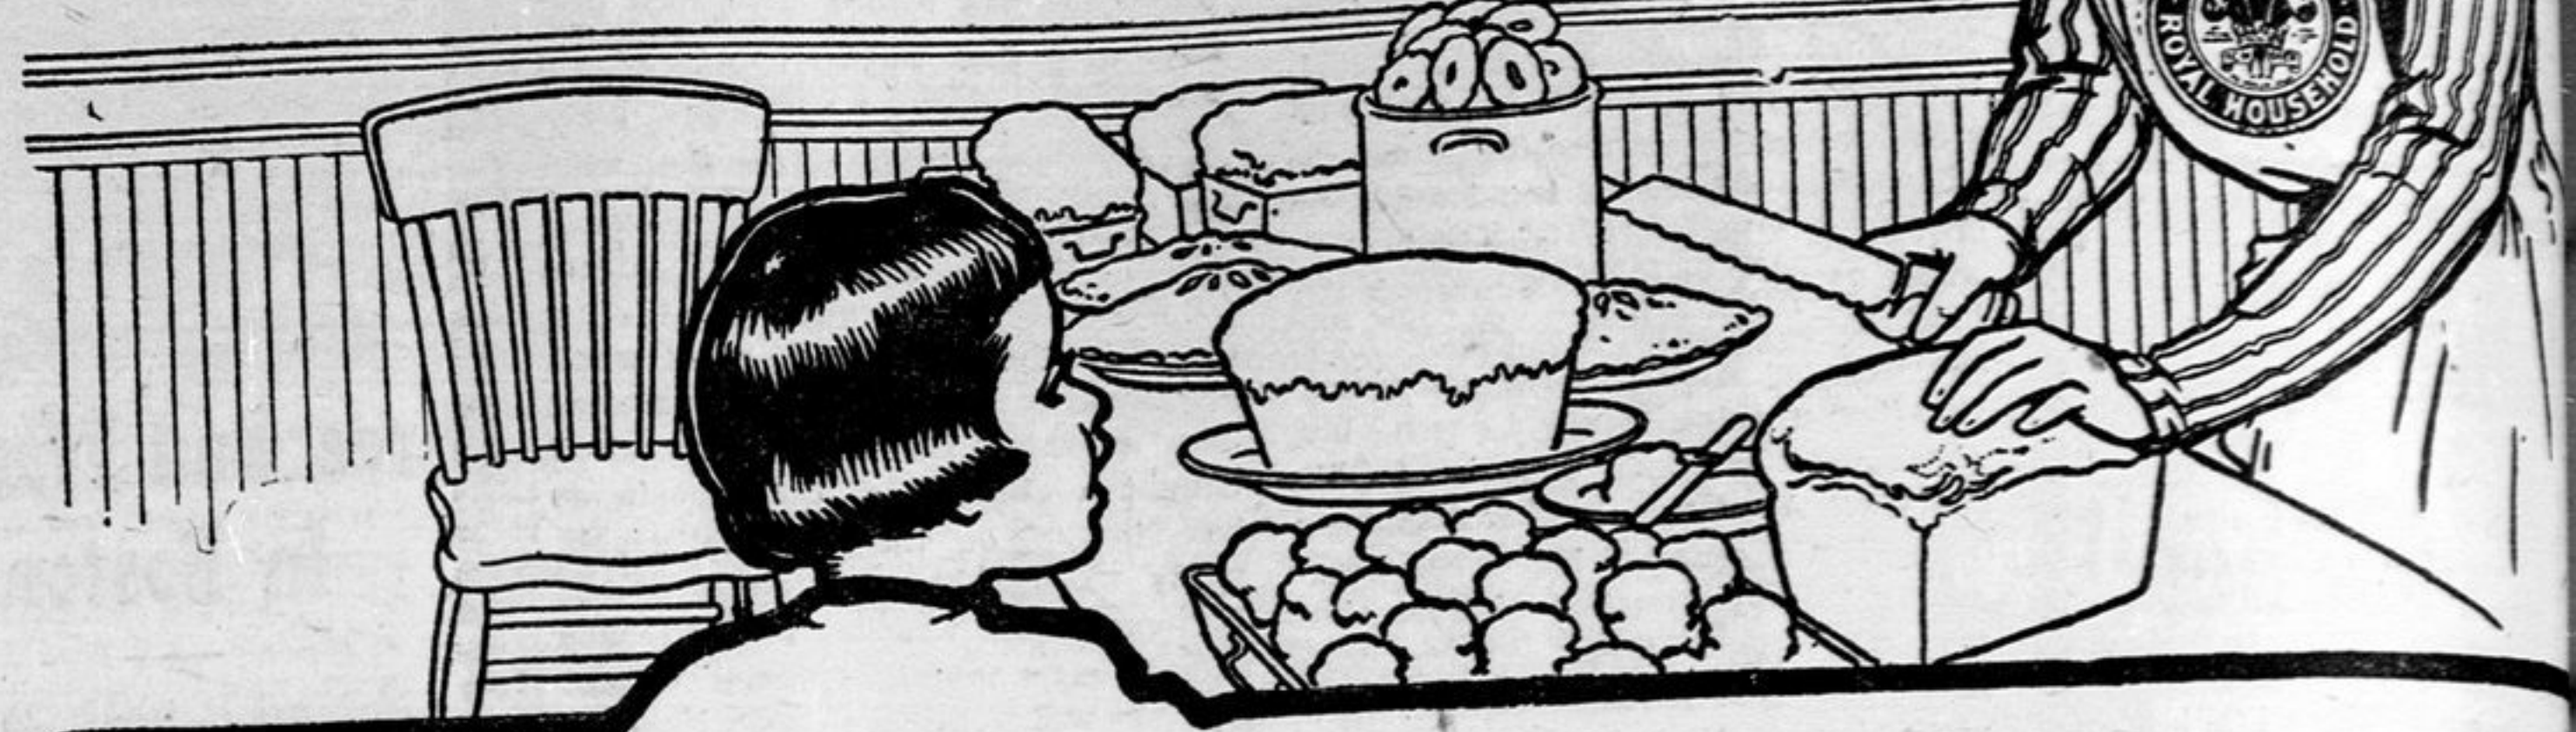

(Special to The Post)

On Tuesday evening of last week a large crowd of young and middle aged people of the community assembled at the C.O.F. hall to spend a social evening and say farewell to Lloyd Johnson before his departure for the great west, and to make him a presentation as a remembrance while away from the home and friends of his childhood. The early part of the evening was spent as a concert, Dr. Gilson ably filling the position of chairman. During the first part the following programme was rendered: Opening chorus—Auld Lang Syne. Instrumental solo by Miss Gladys Stinson. Reading—An Amateur in Love, by Ruby Feir. Following this Dr. Gilson asked Mr. Lloyd Johnson to come forward and the following address was read by Herb Johnson:

Dear Lloyd—We need scarcely say that it is with feelings of regret that we are assembled here this evening to convey to you an expression of our feelings and to bid you farewell ere you depart for your new home and new life in the Western part of our Dominion. During the years you have spent among us, we have found you to be a good honorable friend and companion. And in the social functions you have ever been a gleader and al-

Royal Household Flour

The best for Bread and the best for Pastry

"The Little Brother of The Rich"

Now, this is *not* a talk about money.

It isn't a contrast between the rich and the poor, for in some things we are all equally rich and there are no poor brothers.

The poorest woman in the land can have just as good bread as the richest. The children who walk can have just as delicious pies and cakes and "goodies" as the children who ride in carriages.

All the money in the world cannot buy better flour than "ROYAL HOUSEHOLD", for there isn't any better.

And the woman who does her own baking can have just as good bread as is served to the Royal Household of England, and that is made from ROYAL HOUSEHOLD FLOUR sent to England from Canada.

And then, a barrel of "ROYAL HOUSEHOLD" produces many more loaves than a barrel of ordinary flour. The bread is better—sweeter, nicer to eat—and more wholesome—has more health and strength in it.

Also, it makes more delicious pies, cakes, biscuits and doughnuts. Children, whose mothers use "ROYAL HOUSEHOLD" at home, can have just as good baked things as the Princes and Princesses of England.

When it comes to "ROYAL HOUSEHOLD" there are no rich or no poor. All can afford to buy the finest flour in the world, OGILVIE'S "ROYAL HOUSEHOLD".

For though "ROYAL HOUSEHOLD" costs more per barrel than ordinary flour it contains so much more nourishment and makes so much more bread of superior quality it is in reality the most economical of all flours.

"Ogilvie's Book for a Cook"

Comprises 125 pages of splendid Recipes which have been tested and tried. Every woman who is interested in good things to eat should send and get it.

ROYAL HOUSEHOLD FLOUR is made in Canada by the largest millers in the British Empire.

Does This Interest You?

Three great points we have got to study to-day are

Economy, Comfort and Health

Economy is studied by having 1 good pair of hand sewn Boots made for you instead of buying 3 or 4 pairs of cheap ones

Comfort can only be obtained by having your boots made to your feet.

Health by having boots made that are absolutely camp proof. May be you have tried hand made boots and got little or no satisfaction, that is quite likely, you cannot expect a blacksmith to be able to trim a hat, so to get satisfactory fit and comfort with your boots, you must go to a practical boot maker. Call and inspect my hand sewn boots in the course of construction from the lightest to the heaviest. Bring along your repairs, it is the quickest and best store in town. We also repair Rubbers and Rubber Boots in a way that gives great satisfaction. If you are interested in golfing, you will be interested in my samples of hand sewn, damp-proof, Golf Boots. ISLAY

(Special to The Post.)

Messrs Archie McMillan and Neil McEACHERN, who have spent the winter with friends here, returned to Islay, Alta., on Tuesday of this week.

The many friends of Miss Maggie Morrow are pleased to know that she is recovering from an attack of congestion of the lungs.

Mr. and Mrs. Thos. Graham spent Sunday at Fenelon Falls, the guests of Mr. Harry Pearn.

Mr. and Mrs. Boyd spent Saturday last at the home of Mrs. Boyd's brother, Mr. Isaac Knight, of Balsam Lake.

Mr. Alex. McFadyen spent Monday at Woodville, assisting his brother-in-law, Mr. Angus Ferguson, in loading a car, previous to leaving for the West.

The news of the death of Mrs. Naylor, beloved wife of Mr. Isaac Naylor, Islay, on Saturday evening March 12, came as a great shock to her many friends and relatives.

The deceased woman had been in her usual good health and on Saturday had been doing the general housework as usual and it is supposed that while stooping over to scrub a blood vessel burst in her head. She was the only person in the house at the time, as her daughter, Miss Lois was visiting at the home of Mr. Joe Moynes and her husband was working in the woods. Her son, John, aged twelve, was doing the evening chores about the barn and on coming into the house found her lying prostrate and bleeding on the floor. Just how long she was in this condition is not exactly known, but at most it was only a few minutes as her son had seen her looking through the window a few minutes before he entered the house. For a second he tried to rouse her, then went post
