

Loose Tea Loses Flavour

—deteriorates in quality and flavour before half your last purchase is used up, but

"SALADA"

Tea, in its sealed lead packages, always has a delightful freshness. You buy it in pound or half-pound packets from your grocer just as you require it. Besides, you know, "SALADA" was picked just fifteen weeks ago in Ceylon.

STAND BY YOUR TOWN

Every town has its advantages and disadvantages and should make the most of them. Every town is peculiarly fitted for some one enterprise, more than another, and as soon as it is ascertained what would be most conducive to the growth and prosperity of the place the citizens should take hold of the matter and push it for all there is in it. One man can not make a town. The newspaper can not do it. But one man or a newspaper with the help of the wide-awake men of the place all pulling together can make a wide difference in the place. Every man who succeeds in a town is a help to it. The more money he makes, if he spends it, the better for the community. The larger business he builds up, the more he advertises, the more attention is called to the town a man cannot build up an honorable business in a town without helping it. A town cannot build up without helping the country. The interest of one is the interest of all. The rivalry that sometimes exists between towns in the same country is short-sighted policy.

Don't patronize home talent. If you want someone to give a lecture, don't employ any of your townsmen, no matter how well qualified they are; send for some stranger to do it, so that you can let him carry some of your surplus money away with him. Don't patronize home schools, it isn't stylish. Send your children off, it will cost you more, but then it is more money. Be sure and do not attend our home entertainments; it might further the interests of your town.

Encourage every home enterprise. Take an interest in every industry, invest liberally in the stock of faith and good will and distribute it all over your town; in every workshop, every factory, every business house, says a contemporary. It will pay you large dividends and will cost you little. It can never depreciate in value. It will always be above par. Buy home made goods. Ask your merchants for them. Wear home-made garments, eat home-made articles of food, sleep on home made beds, read home made newspapers. In this way the money you spend is only loaned. It will come back to you with interest. Praise up your town—don't run it down. Stand by your merchants and manufacturers—they are the bone and sinew of your municipal structure. Stand by your churches, and your schools. They are the hope of your future. Stand by your press, it is the tireless sentinel that guards your interests.

We owe it to the community in which we live to do everything possible in every possible way that will be to its advantage. Our neighbor's prosperity means a great deal more to us than someone's who lives elsewhere. We should bear this in mind when buying our goods. We can afford to pay our home man a firm price for his wares rather than send our

Children thrive on "Epps's."

money away, knowing as we do that every dollar our citizens make, will help in sustaining our schools, churches and public institutions. It pays richly to patronize home industry.

We do not need in Lindsay to pay firm prices to local dealers for goods, because every article needed is sold just as cheap here as it is in Toronto. If we had to pay a little more it would be wisdom to do it and build up your town. As The Post has hitherto frequently remarked.

Only one Vote Against Measure

Town of Megantic, Quebec Furnishes Record Case

The town of Lake Megantic, in the Province of Quebec, voted almost unanimously for prohibition last week, only one vote being recorded against the measure. Public sentiment has been worked up to such a pitch that those in favor of license were ashamed to go to the poll. The campaign was arranged by the parish priest, Father Choquette. When he was placed at Lake Megantic there were nine taverns, and temperance sentiment was dead. Through his exertions the number of licenses was reduced, but the evil was only modified a little, and he saw the only remedy was closing every bar room. The night before the vote was taken he called a mass meeting, which was held in his church. The front pews were reserved for Protestants, and among the speakers was a Protestant—an unheard of incident in that Province. Father Choquette's success it is said, will have the effect of stimulating other priests to do likewise.

Deputation Will Meet Commission

Deputation From North re Better G.T.R. Train Service

Gazette: As a result of correspondence which has been passing between the Fenelon Falls Board of Trade and the Railway Commission, a delegation of representatives of the municipalities interested in an improvement in the G.T.R. service in this district will meet the commission at Ottawa next week and explain matters fully. The delegates will probably be, Dr. Mason, M. P. P., Dr. Gould, reeve of Fenelon Falls, Mr. J. H. Delamere, Minden, Mr. I. Mark, of Kinmount, and possibly one or two others. They were to have gone to the capital on Wednesday, but a telegram received on Tuesday afternoon postponed the meeting until next week. It is confidently expected that the representations of the delegates will have sufficient weight with the commission to induce them to order the desired changes. It is hard to see how it can be otherwise, as the strongest kind of a case can be made out against a continuance of present lack of proper accommodation. Everybody will wish the delegates success.

Never take a hot bath in the morning unless it is followed by a cold sponge or you will catch cold,

Deputation Home From Brantford

Inspected Westrumite and Other Pavement in Telephone City

The local deputation which went to Brantford Wednesday to inspect the Westrumite paving material on the invitation of Mr. Moffatt, the company's representative, returned home last evening.

The committee consisted of His Worship Mayor Begg, Deputy-reeve Kylie and Ald. Babcock representing the council, and Messrs. John Carrew, F. Knowlson and Peter Kennedy representing the property owners on William-st.

A very careful and thorough inspection was made of the Westrumite material (of which several streets are constructed in the Telephone city) as well as information secured regarding its composition, durability method of laying etc. Other permanent roadways constructed of bitulithic and other material were also inspected in the city.

The Post interviewed one of the prominent members of the committee this morning, but that gentleman stated that a report would be prepared embodying their impressions regarding the different pavements inspected in Brantford and Toronto. They all had their virtues and strong points, he said, and the property owners on William-st., wanted only the best.

Tenders would be called for the work in the course of a few days, when it is expected the different paving concerns will tender for the work, and an opportunity will then be given them to demonstrate the advantages of their respective materials, the cost of laying, etc. The authorities will therefore be better able to make a selection satisfactory both in regards to stability as well as cost.

Military Camp At Barriefield

Three Brigades of Infantry Will Train There

(Special to The Post) Kingston, April 7.—The military camp at Barriefield next June will consist entirely of infantry. The artillery and cavalry which encamped here last June will go to Petawawa for their training this year. In their place there will be as many men under canvas as before. Camp will consist of the 6th, 7th and 8th Brigades. The 6th Brigade includes the 16th, 40th and 45 Regiments the 7th Brigade the 46th, 47th and 49th Regiments, and the 8th Brigade the 42nd, 56th and 59th Regiments. No. 3 Cavalry Field Ambulance, ar. my medical corps Kingston, will go to Petawawa, and No. 2 Field Ambulance of Ottawa will do duty at Barriefield camp.

Interesting Case In County Court

Judgment Reserved in Case Before His Honor Judge Harding

Sylvester v. Darlington. This is an action brought by Robert Sylvester of town against the township of Darlington for damages for discharging water from the road on his property, lot 16, in the 7th concession of Darlington, and for an injunction to prevent the continuance of the same. The case was a hard fought one lasting two days, both parties having engineers with plans and profiles and a large number of witnesses. Judgment reserved. G. H. Hopkins K. C., for plaintiff, D. Burk Simpson, K. C., Bowmansville, for defendants.

Remains Were Interred

This morning the ceremony of interring the remains of those placed in the vault at the Roman Catholic cemetery during the winter took place. There was quite a number of the relatives of the departed ones at the cemetery.

J. J. Thompson Has Resigned

Former Local Physical Director Leaving Kingston

Kingston Standard: The Board of Directors of the Y.M.C.A., met last evening, with Dr. Anglin, the President, in the chair. The only item of business, out of the regular routine, was the resignation of J. J. Thompson, physical director of the association, which was, with much regret accepted. Mr. Thompson came to the city about two years ago from Lindsay and his work in charge of the physical department was of the best order. He is a splendid exponent of both indoor and outdoor athletics, and as an instructor he is ranked among the best that ever had charge of the Association. In one of the cases in the main hall of the Association building are rows of ribbons on which are pinned many medals, which have been won by Mr. Thompson for sprinting, and at one time he held the amateur championship of Canada for running. A resolution of appreciation was tendered to Mr. Thompson for the good work he has done for the Association. Just at present he has not stated why he has resigned and what his future plans are.

Mr. Justice Magee Was Threatened

Resident of Haliburton Sent Him Two Letters

Mr. Justice Magee recently received two anonymous letters threatening him with all kinds of things on account of a decision he had given in a case tried by him and after several days' investigation by the provincial police the writer of the letters was located in Haliburton county, and in the office of Mr. J. E. Rogers superintendent of provincial police he confessed that he had written the letters. As the man showed signs of insanity he was not at once placed under arrest, but was allowed to return to his home with a warning. If other letters follow, he will at once be placed under arrest.

When Mr. Justice Magee received the threatening letters he at once handed them over to the provincial police, and an investigation was commenced. As the letters were printed instead of written, it was hard to follow up the handwriting, but in due course it was ascertained that the letters had been written by the man, suspected. A decoy letter was sent to his home in Cardiff township, and he came to Toronto and reported to Mr. Rogers. He was put through a severe cross-examination and finally, under pressure, admitted his guilt.

Shunter and Team Collided

Bad Accident at Corner of Cambridge and Durham-sts. This Morning

A serious accident took place this morning about 9.15 o'clock, when a Grand Trunk shunter following up the regular Haliburton train to pass, clock train collided with a waggon from Fox's brickyard, South Ops, in charge of Mr. M. Macksey, who happened to be driving across the tracks on the corner of Cambridge and Durham street.

It appears that Mr. Macksey, was

returning towards Durham street across the track, after delivering a load of brick to a resident of that end of the town, and after allowing the regular Haliburton train to pass had just started on, when, he claims, without a sound of warning the shunter backed from between the cars directly upon him and his team before he could attempt to move out of its path. The engine struck the horses and waggon, throwing the animals to the ground and completely wrecking the waggon.

The horse near the engine received serious injuries from the flying wood and boards and also in contact with the engine, an injury being inflicted in the animal's head in a painful manner. The animal did not receive the first horse shunter's blow it received a bad shaking, but heathless. The driver was thrown from his seat a few yards, but the bruises sustained from the fall were not badly hurt.

The injured animal was taken to Dr. Rice, on Cambridge street, who claims that if serious injuries do not follow it will recover.
