### DOES ANYONE KNOW FAREWELL?

Mr. William Sproule, of Penetanguishene has written His Worship Mayor Beal asking for information concerning a man named Farewell whom, he states, had been connected with building operations here. He skipped out, he states, and if given information as to description he might be able to locate him. There was a man in Penetang, he wrote, who had a strange appearance and who said he was a brother of Sir William Mackenzie, and he wanted to see about the electric line running to that town. He then changed his name and finally left Penetang. Mr. Sproule said if he was Mr. Farewell, he could be located in a few minutes.

Oakwood, April 4.—Mrs. Noble Tait received the sad news that her brother, Mr. Frederick Jeffery had died on Sunday, March 19th in Winnipeg at the early age of thirty two years. COUNT ANTON SIGRAY Who won Miss Harriet Daly and her \$2,000,000.

#### THE TROUSERS' SKIRT

An Attempt to Popularize it Resulted in Street Riots in Vienna

Persistent efforts on the part of French dressmaking firms to popularize the trousers skirt in Vienna have resulted in a number of street riots on a small scale. No women have yet dared to wear the offending garments in public save dressmakers' models, and these have been mobbed to such an extent by indignant street throngs that traffic has been stopped and extra detachments of police summoned to restore order. Several scenes of this character occurred in the heart of Vienna recently. In most cases the unforanate girls sought refuge in shops, which were consequently besieged by the crowd. In one instance the occupants of a shop in which a trouser-skirted woman sought refuge tried to disperse the crowd by throwing water from the upper windows. This angered the anti-trouser-skirt gathering, and they retaliated by smashing all the shop windows. It is not likely that the new garment will ever become popular in Vienna.

#### EFFECTIVE REMEDY

A prominent physician was recently called to his telephone by a colored woman formerly in the service of his wife. In great agitation the woman told the physician that her youngest child was in a bad way. "What seems to be the trouble?" asked the doctor. "Doc, she swallowed a bottle of ink!" "It'll be over there in a short while to see her," said the doctor. "Have you done anything for her?" "I gave her three pieces of blotting paper, Doc," said the colored woman solemnly.

COUNT LASZLO SZECHENYI Who carried off Gladys Vanderbilt, settlement \$15,000,000.

#### SOCIALIST PROTEST

Preparations in Austria-Hungary for an Imposing Demonstration

Great preparations are being made by the Socialist parties in Austria-Hungary and Italy to ensure that their demonstration of protest against armaments on Palm Sunday shall be as imposing as possible. This demonstration promises to be on a gigantic scale. Not only will the Socialist leaders of both countries meet in Rome on April 9th to make a vigorous protest against the immense burdens laid by the military authorities upon the shoulders of the two peoples, but it is also intended to convene mass meetings and to arrange processions and other demonstrations in all the towns and industrial centres of Austria-Hungary and Italy on the same day. The Socialist argument is that armaments are superfluous, as the Austro-Hungarian and Italian peoples have no wish to make war upon each other, and are, therefore, a criminal waste of national property. The money spent on Dreadnoughts and upon fortifications and guns, they declare, should be used for building more schools and hospitals and other useful purposes.

#### THE ZIONIST FEDERATION

In spite of the prognostications of the pessimists, the recent Conference of the English Zionist Federation did not display as hopeless a state of affairs as was expected. A working organization has again been formed, and apart from the two great rival protagonists, Dr. Gaster and Mr. Greenberg, practically all the active leaders of Zionism in England have joined forces, all breaches are healed and all differences are adjusted, but the task before the Zionist party in England and abroad is stupendous and more difficult of accomplishment than at any time since Dr. Herzl first launched his project. To them, indeed, the future looks dark and depressing, and if the Zionist vessel is safely steered out of its present sea of trouble into the far distant, but ardently desired haven, once more will a miracle have been performed on behalf of the Children of Israel.

#### AMPLE PROOF

Lottie:—"Is your young minister so very, very fascinating?" Hattie:—"Fascinating!" Why, lots of girls in our church have married men they hated just to get one kiss from the rector after the ceremony."

### DRIVER WANTED AT FIRE HALL

There is another vacancy at the fire hall, Walter Magee, the second teamster, who was appointed by the council at its last meeting resigned the position some days ago, and the council was asked by Deputy Reeve Lewis to take proceedings to have the vacancy filled.

Ald. Naylor said that in his opinion the appointment of a second driver at \$450 a year would always end in a failure. If the town put up the salary to \$500, they would secure a capable teamster. He also referred to the unsatisfactory work plough service given the north ward this year. He had a man in view who would fill the position satisfactorily. He understood horses thoroughly, was sober and industrious, and would give excellent satisfaction. The man in question would get up early and do the snow-ploughing. It was worth the money to get a good teamster.

Deputy Reeve Lewis was instructed to advertise for a second teamster for the fire hall.
